

GETZOFF CONTINUES HIS CONFESSION

Naval Cruiser Bill Is Signed By President Coolidge

FIVE KEELS TO BE LAID BY JUNE 30

Signature to Legislation Ends Controversy That Has Lasted Over Year
NEED APPROPRIATION
Funds For Starting Work To Be Provided By Congress By Close of Session

BY ARTHUR F. DEGREVE
(United Press Staff Correspondent)
WASHINGTON, Feb. 13.—President Coolidge signed the cruiser bill today authorizing construction of 15 cruisers and one modern airplane carrier for the navy.

His signature to the legislation ended a controversy of more than a year on whether the United States needed additional fighting craft for its national defense.

The president signed the bill with little ceremony. He was alone in his office when he affixed his signature, 20 minutes after conclusion of a conference with leaders of the house and senate on ways and means to provide the \$50,000,000 needed for the building program in this and the next fiscal year.

The final obstacle in the path of the bill was removed at the White House conference this morning between the president, Vice-president Eliot Curtis, Senator Robinson, Democratic leader, and Senator Hale, chairman of the naval committee; Speaker Longworth, Republican leader; and the house and Democratic leader Representative Garrett.

The president is understood to have stated emphatically that legislative appropriations for the next fiscal year, ending June 30, 1930, would have to be held down rigidly if the cruiser fund were to be provided under the present budget.

After the conference it was indicated that all the party leaders had shown a willingness to cooperate to this end.

Funds for starting work on six of the ships—five cruisers and the aircraft carrier—will be appropriated probably before congress adjourns March 4. Backers of the program in congress either will insert an amendment to the pending navy appropriation bill for about \$12,500,000 or appropriate the money by the second deficiency act.

The 15 cruisers will cost \$17,000,000 each and the airplane carrier \$19,000,000. The entire cost

TEMPERATURES IN SOUTHLAND RISING

LOS ANGELES, Feb. 13.—(UP)—Slowly rising temperatures were predicted for today and tomorrow by the weather bureau.

Below freezing marks were registered in numerous points last night but the thermometer was higher generally than any night during the week.

The lowest temperatures were at Riverside, 28; Pomona, 29; El Cajon and Corona, 30, and Pomona, 29.

ORANGE COUNTY FRUIT BODY NETS 9 BILLION TO GROWERS

COLD WEATHER TAKES TOLL OF 10,000 LIVES

Deadliest Winter In Living Memory Hits Old Country Like Plague

By CLIFFORD L. DAY
(United Press Staff Correspondent)
(Copyright, 1929, by United Press)

LONDON, Feb. 13.—Like the devastating plagues of the middle ages, Europe has been stricken by the deadliest winter in living memory. Storms, cold and disease have killed more than 10,000 persons so far, reliable statistics gathered by the United Press in 11 countries showed today, with indications that the toll already may have reached 20,000.

Yet the intense cold that has settled on the continent from the Siberian steppes to the Mediterranean has only now attained its peak of intensity. Middle Europe experienced temperatures as low as 20 degrees below zero.

The bulk of the deaths were due to influenza, pneumonia and similar disease, which were responsible for approximately 2500 deaths in France alone and 2100 in 107 leading cities of England and Wales.

At least 250 were drowned in shipwrecks in the 11 countries surveyed, while more than 100 were frozen to death. Others were eaten by wolves, made bold by hunger.

The cold broke records of many years in nearly all countries. Hospitals everywhere were overcrowded.

In the four months ended February 1, official figures showed influenza deaths totalling 550 in London. Forty vessels were grounded, disabled, or sunk in the severest storms in decades off Great Britain.

The following dispatches summarizing the situation were received today from United Press bureaus in Europe:

COLONEL LINDBERGH ON RESCUE MISSION

PAN AMERICAN AIRPORT, Miami, Fla., Feb. 13.—(UP)—Col. Charles A. Lindbergh left here at noon today on a rescue mission.

The Sikorsky amphibian which he piloted from Havana earlier in the day to complete the first round trip on the canal zone mail route, was turned southward in search for a missing plane owned by Richard Hoyt, millionaire sportsman.

Lindbergh planned to fly over the Florida keys where the craft, an amphibian, was believed grounded. With him were Col. John Hamilton, Pan-American official, and a mechanic.

The missing plane, piloted by Lieut. Steven Callaway and with one passenger, R. I. Duxton, on board, left Havana yesterday for Miami.

WOMAN'S INTUITION IS CAUSE FOR ARREST OF BLACKMAILER

ANAHEIM, Feb. 13.—A woman's intuition was largely responsible for the apprehension of Robert Lufbery, Long Beach psychologist, who attempted to recoup his fortunes by terrorizing a number of prominent Orange County and Long Beach residents, it was revealed here today.

When Frank Baum, retired real estate dealer of Anaheim, received the first threatening letter that asked him to put \$500 in a box and hang it over the pier at Huntington Beach, he was totally at sea in regard to the identity of any enemy he might have who would attempt to intimidate him.

With the arrival of the second letter both Baum and Mrs. Baum were closely questioned by Chief of Police J. S. Boudin, of Anaheim, who asked them to think carefully if they knew of anyone who might consider himself their enemy.

Mrs. Baum at once remembered Lufbery with whom they had some business transacting in regard to a Seal Beach house. "I did not think Lufbery considered himself our enemy, but I remembered that he was always very mysterious," said Mrs. Baum, "but on the other hand, when Lufbery left Seal Beach he had declared his intention of going back to Colorado where he had once lived. This was last July and we had heard nothing of him since."

Hoover, Curtis Election Is Certified

WASHINGTON, Feb. 13.—Congress today formally certified the election of Herbert Hoover as president and Charles Curtis as vice president of the United States.

In joint session the senate and house met and heard tellers tabulate the official electoral college vote in alphabetical order by states.

"Herbert Hoover of the state of California has received for president of the United States 444 votes; Alfred E. Smith of the state of New York has received 87 votes," Vice President Dawes announced.

U. S. DIRECTOR OF CENSUS TO LOCATE HERE

Santa Ana Will Be Headquarters for Official Is Word Received

ADDITIONAL recognition of a rapid growth in Orange county and Southern California during recent years was seen today when Postmaster T. E. Stephenson received information indicating that Santa Ana will be made headquarters for the national census director of this region during the 1930 population count.

Stephenson received a letter from W. M. Stewart, national census director, in which he was asked if space could be provided in the post office for census headquarters. He stated that the matter would be brought to the attention of the board of supervisors inasmuch as the present post office quarters are in need of expansion.

According to plans for the 1930 census operations here would begin October 1 if the headquarters definitely are located here. Instead of using one census area covering the entire eleventh congressional district, as has been the custom previously, there will be three in Southern California, Stephenson explained today.

Orange and Riverside counties would form one district and the letter received by Stephenson indicated that Santa Ana would be chosen as the headquarters for this district. San Diego and Imperial counties would compose another district while San Bernardino, Inyo and Mono counties would comprise the third region.

Wiley J. Phillips, Prohibitionist, Passes Away

EAGLE ROCK, Calif., Feb. 13.—(UP)—Funeral services for Wiley J. Phillips, nationally known prohibitionist, who died at his home here Monday, will be held Friday at Trinity Methodist church, Los Angeles.

Phillips was a prominent figure in the prohibition movement and had been active in the cause for many years.

He was born in Ohio and came to California in 1880, where he became a prominent figure in the prohibition movement.

Phillips was a member of the national prohibition party and had been active in the cause for many years.

He was a prominent figure in the prohibition movement and had been active in the cause for many years.

GIRL ATTACKED IN TIJUANA SHE TELLS POLICE

Story of Doped Liquor Is Told By American Woman—Man Arrested

SAN DIEGO, Feb. 13.—(UP)—A story of a "doped" liquor, robbery and assault on an American woman in Tijuana, rivalling in many respects the Peteset case of three years ago, came to light here today.

The American woman is Mrs. Ruby Ramsey of Tulsa, Okla., and the Mexican involved is Jose Jimenez, Tijuana taxi driver who is being held in the Tijuana jail. If convicted of Mrs. Ramsey's charges he faces sentence of death before a firing squad.

Mrs. Ramsey filed her complaint against Jimenez this afternoon before the federal district attorney in Tijuana. A third principal, W. L. Wiseman of Hollywood, said to be connected with a movie concern there, is being sought to corroborate Mrs. Ramsey's story.

Mrs. Ramsey's story is corroborated in part by statements made by Wiseman to the manager of a hotel here before he returned to Los Angeles.

Mrs. Ramsey visited the Tijuana races Saturday where she met Wiseman. She said they had met Saturday morning and that the race track meeting was accidental.

"We had one drink at the bar and started for the train at about 4:15 p. m. Outside the grandstand I felt faint and noticed Wiseman looked pale."

"We were bundled into a cab by this driver and I thought he would take us to the border. Instead he took us toward Agua Caliente."

"I was conscious only part of the time but I remember the driver stopping the car and taking Wiseman out. He left him on the side of the road and then drove me to the hills back of Agua Caliente."

There Mrs. Ramsey says she was robbed and attacked. The taxi driver, she says, left her in the hills all night.

Sunday morning she found her way to the road and was taken to Tijuana by a passing car. She made a report of the affair and Chief of Police Manuel Montano immediately had all the taxi drivers brought to the jail.

SAN QUENTIN FIRE BURNS THREE HOURS

SAN QUENTIN PRISON, Feb. 13.—(UP)—A fire of unknown origin burned for three hours early today in the "cub house" adjoining the jail in San Quentin prison.

The blaze was discovered about 1 a. m. by a prison guard, who summoned Warden James Holohan and the prison fire department under the command of "Kid" McCoy, former prize fighter, in San Quentin for murder.

Warden Holohan said he believed the fire was caused by spontaneous combustion or that it was set by a prisoner. Due to the nature of the contents of the house, the blaze might have smoldered for some time before spreading, it was pointed out.

All convicts were locked in their cells shortly after sundown and the blaze, if incendiary, must have been set before lockup time.

Property loss was small.

PRICE OF FORDS IS BOOSTED \$30 TODAY

DETROIT, Mich., Feb. 13.—(UP)—An increase of \$30 each on the model A tudor sedan and business coupe has been announced by the Ford Motor company.

No explanation of the cause of the increase accompanied the announcement.

Annual Report Is Given Out By L. D. Palmer

Manager's Figures Show Big Drop In Output But Cash Returns Large

THE ORANGE County Fruit exchange returned to associations composing its membership the sum of \$9,223,584.36 for citrus fruit shipped by it during the exchange year of 1928, starting with Nov. 1, 1927, it was revealed by L. D. Palmer, manager, in his annual report to the exchange directors.

The manager pointed out, however, that \$253,437.85 of that sum was from part of the Valencia crop of 1927 shipped after November 1.

"While the total citrus crop handled through this office for the fiscal year was 734,000 boxes short of the previous year, our returns were within \$1,000,000 of 1927, the largest in the history of the exchange," Palmer says in his report.

"When you consider that the entire shortage was in the Valencia variety, lemons showing about a 5 per cent increase and other varieties about equal to the previous year, and that the average on the year's Valencia crop exceeded the previous year by about \$1.35 packed box, you can realize that the past year's business from the standpoint of box returns was the most profitable we have ever had, quantity considered."

During the season, shipments totalled 3746 cars, divided 2867 to Valencias, 753 to lemons, 112 to navel and 14 to grapefruit and miscellaneous varieties.

Continuing the report says:

"Cost of Operation
The cost to the associations for the operation of this exchange was one and forty-two hundredths cents per packed box which was about forty-six hundredths of one cent per packed box more than the cost for the preceding year, due entirely to the shortage of apples approximately 1500 cars over the previous year. The cost of the California Fruit Growers exchange marketing service was six and eighty-five hundredths cents per packed box, exclusive of advertising. Five cents per box on oranges and grapefruit and ten cents per box on lemons was as-

(Continued On Page 19)

"FRIENDS" DEPART WITH MAN'S \$6000

SAN FRANCISCO, Feb. 13.—(UP)—Julian Avio, Nevada Sheepherder, today mourned loss of \$6000 which had disappeared in a little Black Box, and police held Manuel Balboa, identified by Avio as one of two men who disappeared with the money and the box.

The \$6000, Avio said, represented the proceeds from the sale at Reno of his sheep. The box, he said, turned out two bills for one until it got out of order, and his new friends took it away to have it fixed.

MOVIE CONCERN HAS JOBS FOR 200 MEN

Jobs for 200 men. That's what Harry Edwards, in charge of employment service for the Orange county chapter, Disabled American Veterans of the World war, has to offer, he announced today.

Edwards, who is active in helping ex-service men to get hospitalization, compensation and employment, revealed today that a moving picture company has requested him to supply 200 men to work next Saturday and possibly Sunday.

The location will be at Laguna Beach and the pay will be five dollars a day, Edwards stated. He asked that interested men report at 10 a. m. next Friday at the American Legion hall.

WEDDING OF COL. LINDBERGH AND MISS ANNE MORROW WILL BE HELD PROBABLY IN JUNE

By GESFORD F. FINE
United Press Staff Correspondent

MEXICO CITY, Feb. 13.—Miss Anne Spenced Morrow, the quiet home-loving girl who is to marry the world's most famous flier, went about her normal life today ignoring the fact that the chief topic of discussion among millions of people was her romance with Col. Charles A. Lindbergh.

TO WED LINDY
Miss Anne Morrow, daughter of Dwight Morrow, ambassador to Mexico from the United States, who will become the bride of Col. Charles A. Lindbergh, probably in June.

Miss Morrow and her family, beyond the bare announcement of the engagement made yesterday by Ambassador and Mrs. Dwight W. Morrow, indicated plainly that public curiosity 'was not to be satisfied.

Mexico City society was chiefly interested in the belief that the wedding would be held here, probably in June. The Morrrows, however, gave no hint.

News that Col. Lindbergh, the taciturn, efficient idol of the air who was considered girl shy, had become engaged to Miss Morrow, came as a complete surprise. Ambassador Morrow summoned the press and issued the following statement:

"Ambassador and Mrs. Morrow have announced the engagement of their daughter, Anne Spencer Morrow, to Col. Charles A. Lindbergh."

Ambassador Morrow would not amplify the statement, although he obviously was pleased to make it. Rumors have been circulated for months that Lindbergh was to marry Miss Morrow or her older sister, Elizabeth, but were consistently denied by friends of the family, and ignored by the Morrrows.

The girl who has won the heart of the man who has caused probably more feminine flutter than anyone in this age, not even excepting the Prince of Wales, seems ideally suited to one of Lindbergh's temperament. She shares his dislike of ostentation and is of the studious, intellectual type.

Miss Morrow is 22 and Lindbergh 27. Her dark hair is unbobbed and frames an attractive face with dark blue eyes. She is slender and about five feet four.

Social and diplomatic functions have little attraction for the bride-to-be, and she appears in public only at the weekly receptions at the embassy, when she helps her mother pour tea.

Miss Morrow and Lindbergh have known one another a year and two months, and while their courtship could not be called "whirlwind," they have had comparatively little time together.

They first met on Dec. 14, 1927, when Lindbergh made a non-stop flight from Washington to Mexico City on his good will tour of Central and South America.

They met several times in the United States during the ensuing year and again last November, when Lindbergh flew here from the state of Chihuahua, where he spent several weeks hunting with Col. Alexander J. McNab, military attaché of the embassy.

Those who say them at several

(Continued On Page 2)

Altitude Flyers Tell Battle With Great Ice Clouds

DAYTON, O., Feb. 13.—(UP)—The story of a thrilling battle with clouds of ice crystals in an atmosphere 75 degrees below zero, was told today by Lieut. Harry Johnson and Capt. A. W. Stevens after an unsuccessful attempt to shatter the world's altitude record.

The airmen were cheated of a possible record when lack of fuel forced them to land at Norton Field, Columbus, after they had attained an altitude of 39,000 feet. They intend to make another attempt in a few days.

"Yesterday's flight," Captain Stevens told the United Press, "proved the age-old contention of science that clouds of ice crystals are encountered in rarefied atmosphere. We passed through clouds of them and they felt like miniature needles."

The body is at the Backs, Terry and Campbell funeral parlors. Funeral arrangements have not been completed.

LIFE INSURANCE AGAIN
Monday the Register carried a story concerning the advertisement for life insurance which appeared in the paper of that day. The life insurance that was then advertised is advertised again today. It is that of the Policy Holders Life Insurance Association. This is a mutual life insurance company organized under the state of California, the dues in which amount to \$5.00 per year. Besides this there are the death assessments at the amount of \$1.00 each. They have ranged in these mutual companies from three to five per year.

This, as was stated in the other article, is probably the cheapest form of insurance it is possible for anyone to carry. It is simply insurance. It has no loaning power or so-called cash surrender value. As an investment it does not take the place of old line life insurance.

The writer has over \$90,000 in old line life insurance, which is valuable as an investment on which returns are received as well as valuable from the standpoint of protection in case of death. The value of this mutual life insurance is the protection in case of death.

The policy goes into force on the payment of \$5.00, which are the dues in becoming a member of the Association.

WILL APPEAR BEFORE JURY ON THURSDAY

Alleged "Pay-off" Man to Tell Story to County's Investigators Tomorrow
SAYS KEYES LEADER

Seven Prominent Men Are Implicated In Bribery Transaction, Says Fitts

LOS ANGELES, Feb. 13.—(UP)—The power of the Los Angeles district attorney's office during the regime of Asa Keyes, convicted of conspiring to receive bribes, was used as "a veritable blackmail cudgel," Baron Fitts, present district attorney, said today.

The confession of Ben Getzoff, found guilty with Keyes and Ed Rosenberg of passing bribes to influence the Julian Petroleum corporation trial verdict, has revealed that charges were placed against certain people so that money would be extorted from them, Fitts stated.

"Keyes was the leader of this nefarious ring," Fitts said. "Instead of using his high position to uphold justice he used it for the purpose of extortion. Getzoff's confession has established this fact beyond a doubt."

The necessity of investigating Getzoff's story and accumulating evidence led Fitts to postpone Getzoff's appearance before the grand jury. The Spring street tailor will be taken before the body tomorrow, Fitts indicated.

Getzoff, scheduled to appear Thursday for sentence with Keyes and Rosenberg, made his sensational confession to Fitts Monday and continued his revelations today.

Fitts said the convicted briber implicated seven prominent men in the bribery transactions in the Julian and the A. I. Lasker cases. A report that one of these seven men already had made overtures to the district attorney's office was circulated today but did not find official corroboration.

Fitts was back at his desk today after a trip to Brawley for a Lincoln day address. He said he expected to question Getzoff further on the conspiracy matters and then would take the affair before the jury.

Seven members of the jury met in an unofficial session yesterday and were said to have cleared the way for fast handling of indictments against those accused by Getzoff.

Fitts said he believed indictments would be returned by Friday at the latest.

Getzoff's admissions were said to center on the Julian Petroleum and A. I. Lasker cases. Fitts said three former deputies under Keyes, two well known politicians and an at-

(Continued On Page 2)

ANAHEIM WOMAN, 90 CALLED BY DEATH

Mrs. Katherine Henry, 90, wife of Alexander Henry, passed away at the family home at 222 East Broadway, Anaheim, last night. Mrs. Henry had lived in Anaheim for the past 60 years and in the same house the past 18 years.

Mrs. Henry is survived by her husband and three sons, Innes, John and Arch, all residents of Anaheim. She was born in Scotland.

The body is at the Backs, Terry and Campbell funeral parlors. Funeral arrangements have not been completed.

Day in Congress

SENATE
Considers Caraway grain futures bill.
Expect to act on Jones resolution to amend secrecy rules.
Immigration committee investigation of proposed sale of government ships.
Public lands committee and foreign relations committee consider routine business.

HOUSE
Joint session with senate to count presidential electoral vote.

Lowe New President Of Business Men's Association

R. EARL RUDDY IS RE-ELECTED AS SECRETARY

Officers who will serve the Santa Ana Business Men's association during 1929 were elected last night at an executive session of the board of directors. Those elected were:

President, Hugh J. Lowe; vice president, W. S. Suddaby; treasurer, Alex Brownridge; secretary-manager, R. Earl Ruddy.

Both Ruddy and Brownridge were re-elected to the offices they hold. Lowe succeeds William Tway.

Directors of the association are Alex Brownridge, Hugh J. Lowe, C. H. Van Antwerp, W. S. Suddaby, L. D. Coffing, N. E. Lentz, R. B. Newcom, C. E. Rutledge and H. B. Van Dien.

A decision was reached by the directors that plans which had been formulated and put into operation by last year's board should be continued throughout the year. These include the solicitation of membership of the various trade groups.

The first of the trade groups to be organized met last week and tomorrow a similar group, consisting of service station owners, will meet.

During the directors' meeting a detailed report of the activities of the organization for the last two years was given by the secretary.

INJURIES FATAL TO NOTED PLAYWRIGHT

SAN RAFAEL, Feb. 12.—(UP)—Death today had terminated the career of Garnet Holme, 60, noted playwright and intimate of stage celebrities.

Holme died at the Ross General hospital from injuries received when he fell down a 17-foot flight of stairs at his home near here Sunday.

An autopsy revealed a basal fracture of the skull and that he had suffered a brain hemorrhage. Holme did not regain consciousness after the fall.

Holme was director of pageantry for the United States national parks and author of many plays. At one time he was dramatic coach for the English club of the University of California.

Aimee Abandons Portland Revival; Comes Home Soon

VANCOUVER, B. C., Feb. 13.—(UP)—Aimee Semple McPherson, wearied by the strain of her campaign here, announced today that she will be unable to give revival services in Portland, Ore., on Tuesday.

From Vancouver she plans to return to Los Angeles by way of Salt Lake City, stopping for a few days to finish up some routine business.

She plans no more revival meetings, after she ends her Vancouver campaign Sunday, until she has returned to Angelus Temple.

Mrs. McPherson issued an emphatic denial that she was implicated in any way with the Asa Keyes scandal in Los Angeles. Ben Getzoff was reported to have named her in a confession which involved Keyes in bribery charges.

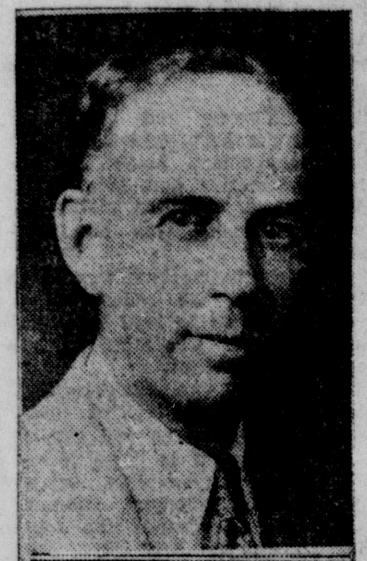

AGENT GENERAL OF REPARATIONS ILL

PARIS, Feb. 13.—(UP)—S. Parker Gilbert, agent general for reparations, was confined with a high fever today, attendant upon an influenza attack.

The early return to work was believed to have aggravated his condition. He had planned to go to Berlin next Monday.

NEW CREDIT BUREAU HEADS

Here are four members of the group of officers selected last night by the board of directors to guide operations of the Santa Ana Business Men's association for the following year: Top—R. Earl Ruddy (left), secretary-manager; W. S. Suddaby, vice president. Bottom—Hugh J. Lowe (left), president, Alex Brownridge, treasurer.

GETZOFF AGAIN GOES BEFORE BURON FITTS

(Continued From Page 1.)

Orniston received a share in the \$300,000.

Keyes already has been found guilty of conspiring to accept a bribe in the Julian case and with Ed Rosenberg will argue for a new trial tomorrow. Getzoff also asked for a new trial but in view of his confession it was not known what course he would follow.

On March 4 Keyes, Lasker and Getzoff are scheduled for trial on charges of conspiring to bring dismissal of false entry counts against Lasker. Lasker has been re-indicted and found guilty of the charges.

Orniston to Talk

LOS ANGELES, Feb. 13.—(UP)—Kenneth G. Orniston, the radio man whose name figured in the investigation of the Aimee Semple McPherson "kidnapping," will appear before a legislative investigating committee tomorrow to tell what he knows of Superior Judge Carlos S. Hardy's connection with the woman evangelist's adventure.

There is a possibility that Orniston may be questioned concerning his companion during the time he occupied a cottage by the sea.

The committee is attempting to discover if Judge Hardy should be impeached because he accepted a \$2500 check from Mrs. McPherson and it has managed to give renewed life to many events surrounding the revivalist's disappearance.

It is believed questions concerning the cottage might be introduced by pursuing testimony of a Santa Barbara newspaperman, who interviewed Orniston and the woman. The newspaperman said he was unable to establish identification of the woman.

Orniston will be asked concerning numerous expenditures made by Angeles temple from its "legal and defense" account. The \$2500 payment to Judge Hardy was listed under this head and Orniston was said to be acquainted with the reason some of the checks were issued.

NEAT DRESSERS

An excellent way to facilitate neatness in the dresser drawers is to fit a few separate boxes in, for handkerchiefs, gloves, trinkets and undies, and tuck them all down to the drawer with thumb tacks.

Both lemons and oranges give more juice if heated before squeezing.

WEDDING OF COL. LINDBERGH AND MISS ANNE MORROW WILL BE HELD PROBABLY IN JUNE

(Continued from Page 1.)

entertainments at the embassy this family. A friend of the family said Miss Morrow had been nervous and anxious to avoid publicity since the engagement was announced.

Lindbergh's marriage will not make any change in his flying activities, friends of the eMorrow said. His fiancée has been in the air with him several times, as have all members of the family.

Mrs. Morrow flew with him over the volcano Popocatepetl just outside the capital last November. The volcano is 15,000 feet high and Mrs. Morrow is believed to be one of the few women ever to make such a flight.

With her mother, Miss Morrow accompanied Lindbergh to Valbuena field at the end of his visit when he left for Tampico enroute to the United States.

Lindbergh is extremely popular with his fiancée's parents. While the ambassador would not comment for publication, his opinion of Lindbergh is of the highest and his favorite description of the flier is, "He's a fine boy." Similarly, Mrs. Morrow is fond of the flier and a friend said she was "beaming with joy" after the engagement was announced.

Ambassador Morrow has forbidden any interview to be given out about the engagement. He dislikes personal publicity, and although much has been printed about him since his arrival as United States Ambassador to Mexico, he hardly ever is quoted. The same policy of silence extends to

Utah Delegation Off For Boulder Dam Conference

SALT LAKE CITY, Utah, Feb. 13.—(UP)—Six members of the Utah legislature and Commissioner W. R. Wallace, Colorado river commissioner for Utah, will represent Utah at the tri-state conference at Santa Fe, N. M., when it convenes February 14.

Decision to send a delegation to the Santa Fe conference was reached by the senate late yesterday. The house already had passed a resolution authorizing the speaker to appoint a delegation providing the senate took similar action. The Utah delegation left for Santa Fe late last night.

WOMAN'S INTUITION IS CAUSE FOR ARREST OF BLACKMAILER

(Continued from Page 1.)

"The idea that the writer of the threatening letters might be in his desk although he never expected to have further use for them, he says.

"Mrs. Baum remembered that Lufbery had an aunt living in Seal Beach and Chief Bouldin went to her stating that he wished to get in touch with a good lithographer. Lufbery was located through the address, given by his aunt it was said.

Another help in identifying the writer of the letters, says Bouldin, was Lufbery's use of capital letters. The Baums state that the books which Lufbery had published and which he had failed to dispose of, were correspondence courses in psychology and mathematics.

NAVAL CRUISER BILL SIGNED BY PRESIDENT

(Continued from Page 1.)

struction program will total about \$275,000,000, an additional several hundred thousand dollars will be allocated to navy yards for improvements of shipways and equipment of the United States naval gun factory for the expansion work.

The authorization requires that keels of five of the cruisers be laid before June 30, 1929; work on five other cruisers and the plane carrier must start prior to June 30, 1930, and construction of the

remaining five ships must start before June 30, 1931. This time limit clause was objected to by President Coolidge but both the senate and house insisted on its retention in authorizing legislation.

Casson Ferguson, Film Player, Dies; Wife Seriously Ill

HOLLYWOOD, Feb. 13.—(UP)—Catherine Mallon, screen player, was so ill today that physicians did not tell her of the death last night of her husband, Casson Ferguson, juvenile film actor.

Miss Mallon was stricken with pneumonia while she was attempting to nurse her husband through the same illness.

Ferguson was born in Louisiana, educated at Tulane university, started his stage career in New York and ultimately drifted into the films.

Birth Notices

HEIN—To Mr. and Mrs. F. W. Hein, Garden Grove, route No. 1, in Santa Ana Valley hospital, Feb. 12, 1929, a son.

Deaths

A WORD OF COMFORT

No happy accident ever made a lovely and loving home. It is the fruit of devotion and self-sacrifice and hard work. When it has been established and maintained for a while, its influence upon its members and upon its neighbors endures. Do not imagine that the value of your blessed home has been extinguished because your best-loved has passed on into the richer experiences for which it fitted him. Nay, the community will continue to be grateful for its inspiration, and the memory of it will help you to keep on striving to be at your best.

VANHOY—In Santa Ana, February 13, 1929, Daniel Vanhoy, age 31 years, husband of Eva Vanhoy. Notice of funeral will be announced later by Smith and Tutchill.

FUNERAL NOTICE

Funeral services for Mrs. Arthur H. Lyon, who passed away yesterday, will be held at the Winfield Mission Funeral home, tomorrow, at 2 p. m. The Rev. W. L. H. Benton, former pastor of the Santa Ana church of the Messiah, will officiate. Interment will be in the Fairhaven cemetery.

Motor Transit To Have Lower Rate To Orange Show

Special instructions have been received by A. M. Thomas, agent here for the Motor Transit Stages, that his company has been authorized to issue special reduced round-trip excursion tickets from Santa Ana and other points on the Motor Transit system to the 19th National Orange show, to be held in San Bernardino from February 14 to 24, inclusive.

"The National Orange show this year will far surpass any former shows," remarked Thomas, "and there undoubtedly will be many Santa Ana residents among the 300,000 who will visit the Orange show this year. Many of them will want to take advantage of the special low excursion fare and the conveniences offered by Motor Transit Stages in providing service direct to and from the main entrance without traffic or parking difficulties.

"In addition to the low stage fares offered, the Motor Transit has made special arrangement with the Orange Show officials whereby our patrons may purchase regular 50c general admission tickets to the Orange show at reduced rates when purchased in conjunction with their transportation.

It is estimated that the close of 1929 will see more than 1700 airports in operation throughout the country.

FIRST 12 MEN. WOMEN CALLED COMPRISE JURY

Priscilla Dean, of motion picture fame, made a personal appearance today in Superior Judge E. J. Marks' court, accompanied by her husband, Lt. Leslie Arnold. Kluge lights, cameras and the romance of the picture lot were lacking today, however, for Miss Dean appeared not as an actress but as defendant in a \$61,191 damage suit.

Mrs. Sarah E. Ross, who claimed to have been seriously injured when Miss Dean's car is said to have struck her car in Anaheim in November, 1927, is plaintiff in the case and was the first witness called. Her complaint stated that the Dean car hit a parked machine in which she was sitting on Broadway, Anaheim. Charles E. Ross, husband of Mrs. Ross, also is a plaintiff in the action.

Selection of the jury was effected with dramatic swiftness. The first 12 men and women called were accepted by both sides in the case and no challenges were used. A battery of attorneys is appearing in the proceedings. Kenneth Burns opened the examination of witnesses today. He was assisted by A. P. Nelson, former district attorney of Orange county, and R. T. Walters and R. Goer.

G. K. Scovel, Santa Ana attorney, appeared with counsel for Miss Dean, which included the law firm of Culver and Nourse.

IN COURT HERE TODAY

They didn't look like this today when they appeared in Superior Judge E. J. Marks' court. But Priscilla Dean and her husband, Lt. Leslie Arnold, were there just the same. Miss Dean is defendant in a \$61,000 damage suit which opened today.

farm bureau headquarters, 606 North Main street, at 7:30 Friday night, to discuss the formation of a poultry organization, it was announced today by W. M. Cory, assistant farm advisor.

Real estate dealers throughout Santa Ana today were luncheon guests of Don Williams, resident agent for the Capistrano Beach company, at the Rose Arbor Inn. Every real estate dealer in the city was invited to the luncheon.

One hundred thousand former Hawkeyes are expected at the annual Southern California-Jowa picnic reunion to be held in Lincoln park, Los Angeles, Saturday, February 23. In case of rain on that date, the picnic will be held on the following Saturday, with William B. Brown, formerly of Des Moines, presiding at the afternoon program.

Charging her husband, Charles A. Pittelko, with cruelty and desertion, Vera H. Pittelko today brought suit for divorce. They were married in 1920 and Pittelko left his wife last December, according to the complaint. He returns daily to threaten her and her children, the complaint stated asking a court order to restrain him from interfering with them.

Court Notes

Asserting that he had deserted her in August, 1927, Wilma Mize today brought suit for divorce against Cecil Mize. They were married in March, 1925, the complaint stated.

'PAY DAY' PLAN IS STUDIED BY S. A. BUILDERS

With the purpose of studying plans being formulated in Los Angeles for the establishment of a "pay day" in the building material industry, a number of members of the Orange County Builders' exchange were present at a credit stabilization conference in Los Angeles last night.

Representatives of the Builders' exchange and building material firms present were Frederick Sanford, secretary and manager of the exchange; C. J. Ward, of the Barr Lumber company; W. J. McCarty, of the McFadden-Dale company; and William J. Tway, of the Santa Ana Lumber company.

The Los Angeles builders, are trying to establish a "pay day" in

\$21,000 DEMANDED IN CAR CRASH SUIT

Superior Judge H. G. Ames court today was the scene of a \$21,000 damage suit brought by Ida Olson against Louise and John Gibson. The case is based on an automobile accident, last May, at the intersection of Lincoln boulevard and Stanton avenue, in which the plaintiff was injured.

Louise Gibson failed to observe a boulevard stop signal at the intersection and started to drive across Lincoln boulevard while the car in which the plaintiff was riding was in the center of the crossing, according to the complaint.

UNION SERVICE IS PLANNED FOR DAY OF PRAYER

Santa Ana churches will join in the annual observance of the World Day of Prayer on Friday of this week by joining in a two-hour service to be given in the Church of the Messiah, Bush and Seventh street, beginning at 2 p. m.

Plans for the meeting have been made by the executive committee of the Federated Missionary Societies of the city, of which Mrs. Lewis Gall, is president. Assisted by her on the board are Mrs. T. D. Knights, of the First Christian church; Mrs. W. D. Finn, First M. E. church; Mrs. John Rohrs, Evangelical; Mrs. E. V. S. Pomeroy, Episcopal; and Mrs. L. C. Fairbanks, First Baptist.

The interdenominational character of the Day of Prayer is further indicated by the program theme of the afternoon, "That They May All Be One." "One in Purpose" will be presented by Mrs. Alice Scheels, of the Evangelical church; "One in Service," by Mrs. W. W. Hoy, United Presbyterian; and "One in Consecration," by Mrs. Moffett Rhodes, Spurgeon Memorial M. E. church, South.

Miss Mabel Krause, organist in the hostess church, will be at the organ and Mrs. T. R. Trawick, First Baptist church, will act as song leader. Program features also will include cantatas solos by Mrs. J. Williams, First Baptist. A silver offering will be taken for the religious work in Indian schools, which will be explained by Mrs. P. L. Toole, of the Congregational church.

Women of the city who find it impossible to remain for the full two hours' service have been informed that they may feel free to attend any part of it.

GIRL DRIVES AUTO ALONE DESPITE BROKEN LEGS TO ESCAPE DRUNKEN ESCORT

The story of how a plucky girl drove an automobile from Santa Ana to Montebello early this morning, although both her ankles were broken and in plaster casts, was revealed here today with the arrest of the girl's theatrical partner on a drunk charge.

According to the story, as told by the girl, Miss Roxie Mayes, vaudeville artist, her partner, Harry Robellas, 37, with whom she was returning from San Diego to Los Angeles, got drunk on the trip and when he got out of the machine in San Juan Capistrano she took the wheel of the car and continued the ride alone.

She stopped in Santa Ana at 5 o'clock in an effort to find someone to drive the machine for her to Los Angeles, but

falling continued on her way after telephoning a brother in Los Angeles to meet her in Montebello.

Robellas was arrested in San Juan Capistrano by Deputy Sheriff A. L. Steward and is being held in the county jail, charged with drunkenness.

Steward said he learned that the girl was injured in the Balboa theater, in San Diego, several days ago, when she fell during her act. She and her partner were returning home today.

Miss Mayes reported that Robellas had been drinking along the road from San Diego and that when he stopped the car in San Juan Capistrano he was in no condition to continue driving. She felt safer driving herself, even though both of her legs were broken, she told officers.

CHAMBER ASKED TO INDORSE HARBOR MEASURE CONTAINING PROVISIO FOR MAJORITY VOTE

Following consideration by the board of directors of the Santa Ana Chamber of Commerce, this morning, of a number of measures introduced in the state legislature, W. C. Jerome, president in the absence of President Clyde Downing, suggested to the members that they not pass resolutions for or against measures in which Santa Ana is not directly concerned.

"Why pass resolutions that will only find a resting place in the waste baskets of state and national legislatures to whom they are sent?" Jerome asked, in intimating that little consideration is given by legislators to indorsement actions by individuals and organizations.

Bills up for discussion included the Orange County harbor bill, introduced in the state legislature by Senator N. T. Edwards. George Macleod, W. L. Jordan, J. Harvey Estus and E. L. Moore, a committee from the chamber of commerce in Newport Beach, were present to present a personal appeal for indorsement by the chamber of the bill as introduced. Provision is made in the measure for issuance of bonds on a majority vote and the committeemen pointed out that the flood control measure, creating machinery for the water conservation program proposed for this county, had been adopted with the majority vote provision.

The board referred the matter to the legislative committee for investigation and recommendation.

Asserting that there is possibility of subdivision of the William Sackman property, adjoining the "bow" at the corner of Olive and Sixth streets, Mrs. James O'Brien, in a communication to the board, urged that steps be taken to purchase the property for park purposes. She offered the suggestion that delayed action might result in loss of opportunity to acquire a valuable park site.

Harry Hanson, Carl Mock and C. E. Rutledge were announced as judges for the annual election of the chamber, to be held the second Tuesday in March.

Alleged Youthful Burglar Arrested

Martin Meter, 17, wanted here on a burglary charge, was brought to the county jail late last night from El Centro, where he was taken into custody for Orange county officers. Sheriff San Jernigan and Deputy Joe Scott brought the youth to Santa Ana. Meter will be turned over to the probation department today, it was said.

LUFBERY PROBATION HEARING TOMORROW

A probation hearing for Robert Lufbery, 45, who has pleaded guilty on an extortion charge, will be held at 9:30 a. m., tomorrow, in Superior Judge James L. Allen's court.

Lufbery, who attempted to get money through threat letters from C. C. Chapman, Fullerton capitalist; Frank Baum, Anaheim business man; C. C. McWhinney, Long Beach millionaire, and others, has confessed and has thrown himself upon the mercy of the court.

He was arrested last Thursday and brought to the Orange county jail by Robert Sandon, investigator for the office of District Attorney Z. B. West Jr. On Friday he made a complete confession to West.

When You Catch Cold Rub On Musterole

Musterole is easy to apply and works right away. It may prevent a cold from turning into "flu" or pneumonia. It does all the good work of grandmother's mustard plaster.

Musterole is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of all sorts.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

COMMITTEES IN CHARGE OF C. E. SESSION NAMED

The official convention committee of the Orange County Christian Endeavor union has appointed the committees to have charge of the annual convention of Christian Endeavor societies to be held this year on May 10, 11

and 12 in the Presbyterian and Calvary churches and the Bradford street school, Placentia. The official board comprises Don Milligan, Placentia, chairman; Warren Mendenhall, Anaheim, president of the county C. E.; Miss Dorothy Abbott, Placentia, secretary; Harold Fish, Santa Ana, and Miss Mabel Culter, El Modena. The board is arranging to present many prominent speakers as well as an interesting musical program and reception. The committees appointed are as follows: Press and publicity: Mrs. C. H. Copeland, Placentia, chairman; T. E. Pickrell, Placentia; Mrs. V. C. Barbre, Atwood, and the Rev. Frank Dowling, Fullerton.

Printing: Herbert Rankin, Santa Ana, chairman. Reception: Joe Slayden, Placentia, president of the Presbyterian Christian Endeavor, and Miss Ella Armstrong, Olinda, president of the Calvary Young People. Slayden and Miss Armstrong will have complete charge of appointing guides and pages to assist the strangers. Decorations: Mrs. C. L. Green, chairman; Mrs. Howard Jerome, T. E. Pickrell, Mrs. L. V. Steen and Miss Clara Schumacher, all of Placentia. Banquet: Mrs. W. Howard, Placentia, chairman; Mrs. E. C. Basten, Spadra and Mrs. Grover Murrick, Placentia. Entertainment: Harry B. Ipsen, Placentia, chairman. Recreation: Harold Ferguson, Placentia, chairman; Miss Edith Culter, El Modena; Fred Barnhill, Los Angeles; Don Milligan, Placentia; Edward Hind, Santa Ana and Bill Peterson, Placentia. Promotion: Miss Mabel Culter. Program: Warren Mendenhall, chairman, and the official committees.

OAKLAND AVIATRIX TAKES OFF FRIDAY

OAKLAND, Feb. 13.—(UP)—Miss Louise M. Thaden, local aviatrix, who planned to take off from the Municipal airport today in an attempt to break the woman's flight endurance record, has postponed her flight until Friday. Mechanics at the airport said that Miss Thaden's Travelair plane, which is powered by a Hispano motor, was not yet properly conditioned and that the take off would be made Friday forenoon.

There is no real style in furniture that can be labelled "King George V," according to one authority.

Y.M.C.A. GYMNASIUM CIRCUS TO BE HELD APRIL 11 AND 12

The fourth annual Gymnasium Circus of the Santa Ana Y. M. C. A. has been set for Thursday and Friday nights, April 11 and 12, according to R. R. Russick, physical director, in charge of preparations for the event.

This year's exhibition, Russick said, is to be a departure from the established style of gymnasium circuses. While still retaining the circus effect and the general style of the big show, the program is to be arranged in a series of pictures, or episodes, each representing a period in the development of American history. These episodes will include pioneer days, the colonial period, the growth of the nation, the gathering of the peoples into the "melting

pot" and the coming of the age of world peace and international friendship. Grouped about these ideas will be a colorful collection of gymnastics, music, athletic sports, fun and skill which will retain all the joys of the circus while enlarging the meaning of the exhibition. Russick hopes to use at least 200 men, women, boys and girls in the program. He is directing the regular gymnasium class work to that end at present and in the various groups he is giving work which will eventually fit into the show program. The dates are announced two months in advance in the hope of avoiding conflict with other organizations planning events for April.

OVER 100 AT PARTY MARKING ANNIVERSARIES OF JOHN MUIR AND NATIONAL P. T. A. BODIES

Over 100 women, members of the John Muir Parent-Teacher association and friends, today recalled with keen pleasure a program presented in the school late yesterday, when the anniversary of the founding of the national organization, as well as the sixth birthday of the establishment of the John Muir P. T. A., was celebrated.

Features presented as a mark of respect to Mrs. Phoebe Hearst and Mrs. Theodore Birney, founders of the national P. T. A., included a short address by Mrs. H. A. Reuter, president of John Muir P. T. A., and a vocal solo, "I Love a Little Cottage," by Miss Alice Grimshaw, school principal.

After several seconds of silence, in tribute to the founders, the assemblage sang the Founders' day song, written to the tune of "Remembering."

The second half of the program was devoted to celebration of the school's own birthday.

Gather Around Cake. Gathered around a huge cake, baked by Mrs. Theodore Reuter and resplendent with yellow trimmings and blue candles, 22 little girls from the kindergarten and first, second and third grades formed an acrostic, each of their blue dresses bearing a letter of the words, "Parent-Teachers' Birthday." The little girls were June Tway, Alta Gross, Te-

litha Dahl, Margaret Jaberg, Dorothy Eddy, Carolyn Wells, Dorothy Winn, Rose Mary Siltton, Madalynne Reuter, Norma Frazer, Louise Bennett, Paula Pervis, Frieda Lopez, Elsie Hickey, Donna Marie Peters, Lucille Lane, Frances Jean Smith, Helen Holzgrafe.

Josephine Reuter played a piano accompaniment for Helen Holzgrafe, who sang a birthday song written for them by their teacher, Miss Forman.

Sixth grade boys, Leo Gibbons, Walter Burke, M. E. Parnell, Archie Brock and George Adams, presented a dainty bouquet to the past presidents of the John Muir P. T. A., including Mesdames R. J. Brown, A. A. Brock, V. E. Wentworth and Chester Scott. Mrs. Ray Wyckoff, fourth past president, was unable to attend.

Introduce First Principal. Mrs. Hutton, remembered as Miss Siebert, John Muir's first principal, was introduced.

Little Lila Marie Moore, a kindergarten, presented to Mrs. Walter Hickey as treasurer John Muir's birthday gift to the National Founders' day fund.

Harley Babcock, sixth grade student, lighted the six candles on the birthday cake and in a clever little talk wished all present a happy day.

The principal, Miss Grimshaw, cut the cake and acted as mistress of ceremonies, assisted by Mrs. Theodore Reuter, Mrs. William Tway, Mrs. Charles Green and Mrs. L. Lane, who served coffee. Lila Marie Moore passed a basket of mints.

GIRLS' CABINET IN HIGH SCHOOL NAMED

Seven Santa Ana high school girls have been selected by school officials as members of the Girls' league cabinet, it was revealed this morning by D. K. Hammond, principal of the high school.

The representatives are chosen from a select group of girls prominent in school affairs and whose scholastic standing is high.

The girls who will represent the Girls' league affairs throughout the rest of the school year are Ada Marie Hendrickson, Mabel Wilson, Georgia Gale, Penock, May Haenjaeger, Margaret Wilson, Louise Hogan and Dortha Bourne.

The new cabinet held its first meeting in the high school this morning, Hammond stated.

The largest bronze statue in the world is the winged statue of Victory, near Turin, England, 60 feet in height.

SUGAR IS BOON IN DAILY DIET

The Truth About Sugar and Tooth Structure

There has been so much talk in this country about teeth that we recently asked an outstanding dental authority to discuss dental care from the standpoint of sweets.

"Sugar in the diet," he says, "has no effect on the tooth structure of either child or adult. Wherever people have poor teeth, it is not a case of sugar but due to some other cause which sufficient study would reveal."

It may be hereditary or faulty diet during childhood or later. Children, in order to develop good teeth and bones, must have the vitamins and minerals of milk, cereals, fruits and vegetables. Adults must continue to include these in their diet if the teeth and bones are to remain healthy.

Note how sugar may actually be a help to good teeth. It encourages children and adults to eat the needed foods. Sugar makes milk, in milk-shakes, and also cereals, fruits and vegetables delicious. People will eat foods that bring pleasure, and sweetness develops the fine flavor of healthful foods.

No sweet or starchy food, or other food, must be permitted to stick to or lodge in the teeth. Keep the teeth clean, see a dentist regularly, and balance the diet with milk, cereals, fruits and vegetables. Sugar makes dieting for good teeth a pleasure. The best cooks are generous with sugar. The Sugar Institute.

FULLERTON AIRPORT COMMITTEE MEETS

FULLERTON, Feb. 13.—In an effort to find a way by which the 26 acres of land adjoining the airport on the west may be secured as a landing field, the aeronautics committee of the chamber of commerce was to meet in special session in the chamber offices at 4 p. m. today.

The city had planned to purchase this land and had already entered into a contract for sale with F. Pagli. However, unless some action is taken, the land will be lost for airport purposes as the city has been enjoined from proceeding with the buying of the tract under the original agreement.

GIRL ATTACKED IN TIAJUANA SHE TELLS POLICE

(Continued From Page 1)

Out of the 38 men, she picked Jimenez immediately.

The Mexican was jailed and is being held until disposition of the case under heavy guard.

"I could never forget that face," she told Chief Montana.

Monday and Tuesday Mrs. Ramsey spent in presenting her case to the Mexican authorities and the result was that a complaint against Jimenez was signed by her today.

Wiseman's story, as told by H. R. McConomy, manager of the Pickwick hotel where he stayed while in San Diego, substantiates in part Mrs. Ramsey's charges.

"When he came in Sunday," McConomy said, "two of his front teeth were missing, one of his eyes was swollen almost shut and there was a cut on his chin.

"He told me he had been to Tiajuana where he had met a woman from Oklahoma. He said they had a drink together at the race track and started for the border in a taxicab.

"I never had a drink hit me like that before," McConomy said Wiseman told him.

"When I came to I was lying in a ditch, my money and my watch was gone, my face torn and bruised and my clothing torn. I did not know what had happened to me," Wiseman told McConomy.

'REMEMBER MARION PARKER' WAS LUFBERY'S WARNING TO MOTHER IN EXTORTION PLOT

"Remember Marion Parker."

This warning was contained in a letter turned over to District Attorney Z. B. West Jr., today by Long Beach police, and was said to have been written to Mrs. H. Ross, 27 Long Beach, by Robert L. Lufbery, 45, who has pleaded guilty here to an extortion charge.

Lufbery has confessed that Mrs. Ross was one of a group of prominent people in Orange county and Long Beach from whom he attempted to get money by writing threatening letters.

"Sooner or later your girl will be abducted unless you pay us \$2000," the letter declared. The full letter, which is the first to be published in the group, written by Lufbery, was as follows:

"I see by the papers that you realize the seriousness of the warning you received over the phone the other day concerning your daughter. But it will avail you nothing to apply to the police, for sooner or later your girl will be abducted unless you pay us \$2000. If you do not comply with this request and we have to go to the trouble and risk

of kidnaping her, which we surely will do if we have not received payment in three days, it will cost you \$10,000 to get her back.

"Proceed immediately to procure 100 \$20 bills. We will mail you instructions how and where to deliver this money in a day or two. Do not antagonize us by going to the police with this, as they cannot help you, but will make things much more unpleasant and dangerous for you. Remember Marion Parker! If Parker had not gone to the police, or if they had not prevented him from making the payment the first time, Marion would be alive today."

The letter was written on a typewriter and was unsigned. Lufbery stated in his confession that he did not make the telephone call referred to in the letter. He read in the newspapers that the call had been made and thought it would afford him an opportunity, he said. He did not receive any money as a result of this or any other threat letter, he stated. Although the letter refers to "we," Lufbery was the only person implicated in the affairs, he said.

NEWTON BRINGS COUNTER SUIT AGAINST WIFE

Denying that the value of their community property is approximately \$75,000, and asserting that its true worth is \$6240, Clyde F. Newton, Orange business man, today answered the divorce complaint of Mrs. Edna H. Newton and filed a counter suit against her.

Newton alleged in the cross-complaint that his wife had nagged him continually about asserted association with other women, though he had denied to her that he was intimate with another woman. She also harassed him about money, he stated. She scolded him about keeping long office hours, because he played golf, refused to buy another car and refused to buy her a dog, the cross-complaint alleged.

On February 8, while they were on a trip to Los Angeles with four other people, Mrs. Newton criticised him about golf playing to such an extent that two golf players in the party were offended, according to the cross-complaint. Newton is represented by the firm of Drumm and Tucker, Santa Ana attorneys.

When the Kiddies Need a Tonic

For Frail, Weak Children, McCoy's Tablets Will Help

The little ones who are backward and listless with no appetite and who hesitate to join in the rollicking game with other children.

SCHOOL ATTENDANCE HERE 96.12 PER CENT

Students in the public school of Santa Ana turned in a score of 96.12 per cent perfect attendance for the month of January, it was revealed today in the report of J. A. Cranston, superintendent of schools, to the board of education.

Three schools topped the 97 per cent mark, Lowell chalking up the highest record for the city with 97.23 per cent. It was followed by McKinley and Artesia, which were tied on the 97.14 per cent notch.

The junior college record showed 96.93 per cent perfect attendance while the high school score was 95.77 per cent. The Julia Lathrop junior high school figure was 96.99 per cent while that of the Frances Willard junior high school was 96.3 per cent.

Percentages of the other city schools were as follows: Roosevelt, 96.8 per cent; Edison, 96.59 per cent; Spurgeon, 96.53 per cent; Franklin, 96.36 per cent; Lincoln, 96.17 per cent; Jefferson, 96.08 per cent; John Muir, 95.78 per cent; Delhi, 92.39 per cent; Grand avenue 89.62 per cent.

BURGLARS ENTER FULLERTON STORES

Gaining entrance through skylights, burglars raided four business establishments in the 100 block on West Commonwealth, Fullerton between midnight and 6 o'clock this morning. The loot obtained was valued at approximately \$200.

The H. D. Clever store lost goods valued at approximately \$200 when the thieves took a large number of firearms, flashlights and athletic material.

In the F. J. McGray auto agency next door the burglars secured a small sum in cash.

PAUL CANFIELD, LA HABRA MAN, KILLED BY AUTO

LA HABRA, Feb. 13.—Paul Canfield, 72, well known resident of the Home Acres subdivision in La Habra, was killed by an automobile in Los Angeles Monday night, it was revealed here yesterday.

Canfield went to Los Angeles early Monday morning. When he did not return Monday night his family notified La Habra officers, who learned of the fatal accident from Los Angeles police.

Funeral arrangements have not been completed.

by Mos. E. Pickenill (all rights reserved)

Love used to make the world go round, but nowadays it makes it go flat.

GOOD-WILL IS THE PREMIUM ON THE POLICY OF PEACE THAT KEEPS IT FROM BECOMING LAPSSED.

When the politicians speak of "the people" they mean those millions of us who have lots of pep but very little pull.

FAMOUS SAYINGS BY DISTINGUISHED ORANGE COUNTIANS (Gathered by Miss Fuma Gator)

reparations paid off she will be well educated as a patron of the installment concerns."—W. G. Holderman, Santa Ana.

"The life of a President must be all right so long as his handshake doesn't weaken."—Gil Thane, Garden Grove.

"Two can drive crazier than one."—Wilbur K. Getty, Santa Ana.

"Being patriotic is all right, but a little action with it won't hurt anybody."—Howard Irwin, Fullerton.

"A woman usually wants the last word unless she is about to send an eleven-word telegram."—H. S.

Leavitt, Placentia.
"Treat your customers right and you'll always have some left."—Hugh J. Lowe, Santa Ana.

THEY ARE NOW ADVERTISING A CERTAIN MAKE OF AUTOMOBILE AS "SOPHISTICATED." MAYBE THAT'S WHY THEY OPEN UP OVER US WITH IMPUNITY.

ODE TO THE ADVERTISERS (By "Smudge" Potte)
Needles and pins, needles and pins,
When you quit telling 'em
Your trouble begins.

"You can tell a civilized country. It's one where people kill the birds and then spend millions to fight insects."—Portland Express. Also one where they erect billboards to get money to go to Europe to enjoy the road-side scenery.

EVERY MAN GOES TO HIS GRAVE LEAVING BEHIND BOOKS HE WANTED TO READ AND FRIENDS HE WANTED TO KNOW.

"FABLE FLASHES"

(Hot off the wire)
SPITZ, Miss, Feb. 13.—Professor "Cy" Cology, dean of the department of nonsense at the Spitz school for maniacs, claims to have discovered the reason George Washington couldn't tell a lie. He says the father of the country always really went to lodge because, to quote the words of the professor, "in them days there wasn't no tother place he cud go."

CAMPAIGN, Ill., Feb. 13.—The Congressional medal of honor was dangled in front of the eyes of Jake Memory here today when it was disclosed that he is one of a few men in the United States who remember what all the issues were in the last campaign and why.

CALCUTTA, India, Feb. 13.—Dr. Alum's hospital for safety razor victims was formally dedicated here last night. Patients will be admitted only by a close shave, it was announced.

"THEY FAW DOWN GO BOOM"
It isn't often the publication hereafter mentioned gets into the big re-prints, but this one from the Santa Ana Breakfast Club's official alarm clock, otherwise known as "The Griddle," is too good to keep in the bush league: "If your alarm clock won't ring you up early enough Thursday morning just telephone Hunter Leach at the sheriff's office and he will give you a ring so you will be up in time to hear a very marvelous program that is being put on by the three jailbirds, George Boyd, Ed French and Hunter Leach. And another thing about those guys. We know why they belong to the Breakfast Club. SAM JERNIGAN SERVES A MEAL THAT ONLY COSTS FOURTEEN CENTS!"

VIEWS OF THE NEWS

By Meale Bugg
Jack Crill says he lives in Lapland even if he isn't a Missourian. What time he isn't out boosting Orange county you'll find him quietly living at home in Lapland—where Anaheim laps over into Garden Grove, and vice laps up into versa.

One thing about Mr. Hoover. He's

broader-minded than some of the Californians in boosting Florida. He's been hitting the high spots down there, but if you know anything about Florida you know the highest spot down there isn't exceedingly tall.

You may think the warriors and prophets of old endured great hardships, such as being burned at the stake, and having rocks hurled at them, and all that, but they had an easy time of it compared with some of the public officials of the present day who get probed, indicted, tried, recalled, impeached and convicted.

According to the annual report of the Orange County Health Department, during the year 1928 17 dogs in Orange county were proved rabid. This doesn't include road hogs and such animals as that. Then it goes on and says 109 persons were bitten by dogs suspected or proved rabid. Of course the people that get up this report are engaged in health work, not newspaper work. If they had been newspaper editors they should have known that it isn't news unless 109 persons bit 17 dogs.

PLANK NO. 7

(From the Fumigator's Platform)
Plank No. 7 is for water conservation, safety, speedily and economically. So far we see nothing to fumigate in reference to plans for water conservation. We understand Mr. Bailey, the engineer, has said that SAFETY would be a prime consideration in any plans for damming the Santa Ana river. The board of supervisors, Paul Bailey and the citizens' advisory committee have done splendid work. The bonds ought to carry by a large majority.

But let's not fall into the common error of over-confidence, nor the worse error of indifference toward this great public undertaking. Let's not lose sight of the issue, nor pass lightly over the proposals due to our apparently justified complacency.

GARDEN GROVE

GARDEN GROVE, Feb. 13.—Mrs. J. R. Bishop and daughter, Evangeline, called on guests in the home of the former's cousin, Robert McDonald. Mrs. Bishop is a missionary and returned recently from the foreign field on account of ill health. She will spend several weeks here.

Mrs. George Wheeler, of Kason, Minn., is a guest in the home of her cousin, W. A. Wheeler. Mrs. Claud Hess, who has been ill in the home of her parents, Mr. and Mrs. S. D. Brentlinger, for several weeks, was able to return to her home in Long Beach Wednesday.

Mr. and Mrs. Van Vleet, of Portland, Ore., are guests in the home of Mr. and Mrs. Harry Ames for a couple of weeks. Mr. and Mrs. Ames accompanied by their guests visited friends in Pasadena and Los Angeles last week.

J. G. Allen met with members of the Baptist convention board at a meeting of the Brea Baptist church Thursday evening. Mr. and Mrs. Victor Adland, of Chicago, were guests in the home of the former's brother, W. M. Adland, Wednesday.

Mr. and Mrs. P. N. Larson attended a meeting of radio dealers in Los Angeles Thursday morning. Mrs. W. Lane, of Bisbee, Ariz., was a guest Wednesday in the home of Mrs. E. A. Ladd. Mrs. W. M. Adland is visiting her sister, Miss Mary Edwards, in Los Angeles.

Mr. and Mrs. W. M. Kelsey, Miss Martha and Dolph Kelsey, accompanied by Mr. and Mrs.

Helped at Change of Life

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine at the Change of Life. I would get blue spells and just walk the floor. I was nervous, could not sleep at night, and was not able to do my work. I know if it had not been for your medicine I would have been in bed most of this time and had a big doctor's bill. If women would only take your medicine they would be better."—Mrs. Anna Weaver, R. F. D. No. 2, Rose Hill, Iowa.

Lydia E. Pinkham's Vegetable Compound
Lydia E. Pinkham Med. Co., Lynn, Mass.

Piano Lessons Are Offered Over KNX

Thousands of listeners are availing themselves of an opportunity to learn to play piano by radio during the series of broadcasts over station KNX, Hollywood.

Charts of the piano keyboard are mailed to would-be pianists and instructions are given over the microphone to probably the largest number of pupils ever reached by any piano teacher before.

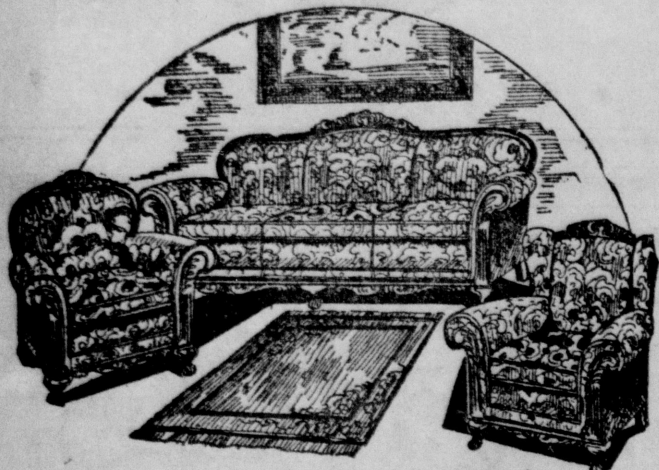

The cost of firing a triple-turret salvo in the case of the seafighter H. M. S. Nelson is about \$3500.

Flute

FLUTE SUBJECT OF THURSDAY 'SCHOOL'

With the flute and its music and the development of Russian music as its themes, the Standard School Broadcast will be heard through stations of the NBC system from 11:30 a. m., to 12 noon tomorrow.

A study of the flute, which heads the wood-wind division of the orchestra, will begin the broadcast. Points discussed will be illustrated with appropriate music. The program will continue with a consideration of Russian music, special reference being made to Glinka, Balakireff and their followers. As usual, the Arion trio will illustrate the talk with music chosen from the selections to be played during the Standard Symphony hour in the evening. Both the morning and evening programs are prepared by Arthur S. Garbett, NBC continuity editor.

Jack And Ethyl Will Turn Back History's Pages

Going back to the days of the "Vigilantes" and the time of James King of William, Jack and Ethyl, the Motormates, will continue their adventures along "Roads to Romance" in the weekly broadcast through NBC system stations from 8 to 8:30 tonight.

There is, perhaps, no more interesting time in California history than that period when Californians were forced to take the law into their hands. Of these bygone days, filled with colorful romance, the tale of James King of William renews its youth every time it is told.

These stories of the early pioneer days of the west, now being revived by the Motormates, have become a feature of their travels over the highways of the Pacific coast. Tonight's program promises an element of surprise as well as dramatic and comic situations. "Roads to Romance" will be broadcast through stations KHQ, Spokane; KOMO, Seattle; KGW, Portland; KGO, Oakland; KPO, San Francisco, and KFI, Los Angeles.

HANDY PAPERS

Keep a pile of newspapers in the kitchen, cut in half. Sheets will save much work in cleaning the stove, catching vegetable peelings, wiping burn from the bottom of the kettle or spilled food from the stove or sink.

Among the freight carried by the airplane which inaugurated the airmail service between Quebec province and New York state was a live black bear cub.

HO HUM! THE SHOW MUST GO ON—THAT'S THE ONLY REASON WE'RE WRITING THIS THIS A.M.

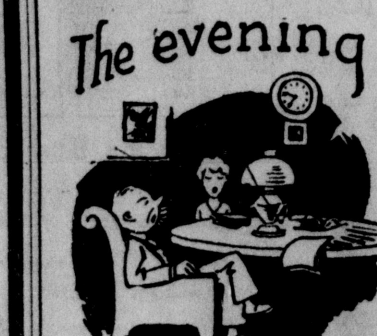

Did you hear the Lincoln program presented on the Everready hour last night? You missed something, if you didn't. Personally, we thought it was one of the finest things we ever had heard over the radio.

THE "BEST IN THE WEST" TONIGHT WILL BE REPRESENTED BY JOHN SMALLMAN'S CAPELLA CHOIR OVER KHJ, at 9 o'clock, and ROBERT HURD AND VIRGINIA FLORHI OVER KFI, AT THE SAME HOUR. TOO BAD WE CAN'T HEAR BOTH.

FORD MOTORS ASK FOR SHORT WAVES

WASHINGTON, Feb. 13.—(UP)—The Ford Motor company today applied to the radio commission for six short wave licenses and licenses for the communication system between the Ford plant at Detroit and rubber plantations in South America. The commission reserved decision after a hearing.

Did It Stand the Test?

The recent cold snap was a real test for house heating equipment.

If YOUR house was not comfortably warm this past week, tell us about it. Our heating engineers will be glad to advise with you on the kind, size and quality of heating equipment which will serve you best. It may be that certain adjustments are needed in the equipment that you now have. Whatever it is, do not let your family shiver in its own home.

Look for the Laboratory Seal

When you buy any gas appliance, we urge that you insist that it bear the Laboratory Approval Seal of the American Gas Association.

This seal is your assurance that the appliance complies with basic national standards of safety. We exclude from our sales floor, all gas appliances that have not been Laboratory tested and approved.

Southern Counties Gas Company

"Modern Homes Use Gas"

NEW BOOKS ADDED IN GARDEN GROVE

GARDEN GROVE, Feb. 13.—According to Mrs. B. A. Wisner, local librarian, the circulation of books and magazines during the month of January was as follows: Books borrowed, 1942; magazines 84, making a total of 2026 for the month.

The following new books have been added to the library: "If You Want to Fly," "The Empress of Hearts," "Dawn," "The Youngest Venus," "Daughters of India," "The Half Hearted."

A group of 18 children gathered at the library Saturday morning and were entertained by Miss Dorothy Wente, of the Santa Ana county library.

Miss Wente will return here March 23 and all children are invited to attend the story hour.

Oil Firm's Film Seen By 500 In H. B. High School

HUNTINGTON BEACH, Feb. 13.—Over 500 people attended the special program arranged by the Standard Oil company for employees and friends in the high school auditorium Monday night.

R. H. Ivory, manager of the production department, gave a talk on the work of the company.

A motion picture, "Behind the Red and Blue Pump," was shown. This picture showed all the Standard's activities in the various California fields.

Placentia Group Visits Hospital

PLACENTIA, Feb. 13.—Members of the Women's auxiliary of the American Legion post No. 277 went to San Fernando Monday and gave a card party for veterans and nurses in the hospital there.

Miss Emilie Edwards, director of the Red Cross service for the hospital, acted as hostess. Five hundred and bridge were played. The prizes were in the form of cash, which was collected at a recent auxiliary social. The prize winners for bridge were Miss Margaret Munn and Mr. Shep, while Walter Lamb won the prize at five hundred.

Fourteen large home made cakes were taken to the hospital. Hubert Hamilton, disabled veteran, who has been adopted by the Placentia Round Table club, was presented with several gifts from the club.

Those who went were Mrs. Evelyn Hennessey, Mrs. Leon T. Gillman, Mrs. A. M. Christensen, Miss Anna Johnson, Mrs. Ed Depweg, Mrs. Eva Copeland, Mrs. W. Wallace and her guest, Mrs. Bear, and Mrs. Drollinger.

NEW BOOKS IN PUBLIC LIBRARY

We have heard abundantly about the prim and proper side of our New England ancestors. According to Henry W. Lawrence in "The Not Quite Puritans" they also had their lighter side. Judging by the acts of the vast majority rather than the words of a small number, those New Englanders were akin to our own generation. Some few of them were saints, a few hypocrites, most of them were neither.

The seventeenth century specialized in repression. It seems to have worked indifferently on the masses. A large fraction of the population submitted to, rather than shared in the religious and moral fervor which has made this period notorious. They hardly qualified as belonging to the company of the saints. They were "the not quite Puritans."

Fashions in dress and morals were at times in a deplorable enough condition to call forth legislation on the subject. In Plymouth in 1638, a stranger once appeared wearing red silk stockings. Upon investigation, he was discovered to have stolen them in Boston. No doubt the congregation breathed sighs of relief at this discovery.

Flirting Not Unknown

Evidently flirting was not unknown, judging from several laws enacted to curb it. Even such a famous puritan as Cotton Mather seems to have had moments when he was almost overcome by indiscretion.

It is not the purpose of this book to defame our forefathers. The author believes that in presenting the more frivolous side of their life, they will seem to us more human. Of their sterling qualities there is no question. When we see their modes of en-

joyment we find them more approachable.

The cleavage between the Moslem and the Christian sections of the earth is an ancient problem. Since the war this feeling has become intensified, because the aftermath has given the Near East new blood, new vitality, and new aspirations. Harry A. Franck in "The Fringe of the Moslem World" tells of some of the new developments in this section of the world.

Twenty-two years ago, he traveled this same route from Cairo to Constantinople. Many changes have taken place in this number of years. In nearly all of the countries visited, there are evidences of at least the outward aspect of western civilization.

Especially is this true in the case of clothes and amusements. Modern improvements in irrigation methods, transportation, and in education are also to be seen. The radio in Turkey is a monopoly held by a limited company made up of three court favorites, a Turkish bank, and the government.

Interesting Incidents

In addition to showing modern developments in these countries many interesting incidents are told. Such a keen observer as the author is sure to see many revealing occurrences round about him. Through these we are enabled to know the people more intimately than is possible from observing advances in the large.

Always entertaining and diverting, Harry Franck has given us some material which should be productive of thought on this age old struggle between east and west. We hope through constructive thinking to be able finally to bring these two warring factions into a closer union.

Nothing can more potently show the soul of a nation than a study of its religion. In "The Magic Island," W. B. Seabrook lays bare to us the great heart of Haiti. In a manner, he reveals the soul of all black men. For

Voodooism, which he describes, is the black man's religion.

In Haiti, this black magic is combined with the rites of Roman Catholicism absorbed from the early French missionaries. This gives rise to a strange hybrid. On the holy altars the author saw first communion papers lying with ancient thunderstones.

It was through Louis, his servant boy, that this writer was allowed to witness mysteries never before seen by the eyes of white men. Many weird, uncanny things he saw. Blood sacrifices with their blood maddened dances in which some few became possessed by spirits, the substitutional sacrifice in which the life of a young girl and that of a goat are mysteriously blended, the various charms, many other forms of necromancy are revealed for the first time.

Crude and Weird

Crude and weird this worship undoubtedly is, yet as its narrator tells of the different services he witnessed there is a feeling of reverence. It says that his feeling of awe in witnessing their meetings was akin to that aroused by great cathedrals. To these people, religion is a vital thing, not a mere form as it has become in many parts of the world.

Such an account as this is so revealing into the real self of the black man, that we feel a deeper understanding for him. We see that he is much like us, in dissatisfaction with life as he sees it about him. In seeking ultimate happiness he looks above and beyond earthly experience as does the mass of humanity in any age or clime.

YOURS FOR MORE BUSINESS

When you read The Register you get the best service on local, county, state and national sports, the field being entirely covered by competent writers and well-trained staff correspondents.

DID YOU KNOW THAT—

The Yanks have called off all the dogs they had in the making. . . . They couldn't get that Boston pitcher named Morris. . . . "Dazzy" Vance, the best pitcher in baseball, is kicking about the price on his new contract. . . . The Brooklyn only raised him one grand. . . . Which made his pay only 21 grands a year. . . . Der Herr Schmelling has been offered \$7500 a week to do 15 weeks of vaudeville in Germany. . . . And he wants to do it. . . . Strange! . . . The Brooklyn denied they asked waivers on Dave Bancroft, their \$20,000-a-year substitute. . . . "Tack" Hardwick, the Harvard football woe of a number of years ago, is now vice president and chairman of the board of the rich Boston Garden. . . . The expert who saw Jim Braddock almost knock out Tom Heeney when Heeney was training for the Tunney fight, should have written the piece for his paper. . . . It would have been a good piece for his paper.

HUGGINS WON'T TESTIFY

Miller Huggins, the small manager of the Yankees, is too big a fellow to be caught in the middle of one of the revived arguments about the greatest ball club of all times and the greatest players of history.

Ed Barrow, the business manager of the club, went on record with his opinion recently and his opinion put the Babe fourth on the list of the great ball players of all time.

After Mr. Barrow's opinions had been published there were unkind comments made that he was talking through the cash register. It was pointed out that the Babe was in the last year of his \$70,000 a year contract and that it wouldn't do the business manager any harm to put the Babe in his proper place.

DOUGH ALWAYS TELLS

But little Huggins would not be put on the stool to testify against his ball player. He found a crafty way of expressing himself. "It is impossible," he said, "to rate the class of all the present and old-time stars because they all played under conditions and circumstances that were not similar. . . . I don't know who was the best ball player of all times, but I have another way of putting the question. . . . Supposing that Ruth, Wagner, Cobb, Speaker and Lajoie were all in their prime at the present moment and that they were put on the market for sale. . . . Which of the players do you think would command the greatest money? I think that the bidding for Ruth and Cobb would be the most spirited. . . . I could only ease myself out of the problem by buying both of them."

YANKS WERE GOOD THEN

"I think the Yankees," the Hug said, "were the greatest ball club I ever saw when they were in that tough series against the Athletics last season. But that doesn't make them the greatest ball club of all times because you have to judge a ball club over a whole season's time or two or three seasons. I don't know which was the greatest ball club of all time, because as I say, conditions have changed and there is no way of telling what some of the old-time ball clubs would do with this fast ball that we are using now or what the real good ball clubs of today would have been able to do with the old slow ball that the Orioles had to hit. Perhaps the ball clubs of today would suffer by comparison. But I can't agree with Ed Barrow that the 1919 White Sox were the greatest of all teams."

SWELL PITCHERS HERE

"I think Lajoie and Beaumont were two of the most graceful ball players I ever have seen," Huggins said. "And no one ever had the genius of Marty Bergen as a catcher. As for pitchers you can't compare them. You couldn't leave Cy Young off any list of great pitchers, nor Matty, nor Rennie, nor Johnson, nor Alexander. They were individualists and there is no way of deciding which one was the greatest. It is all a matter of personal opinion and one opinion is just as good as another."

GOOD FOR TWENTY YEARS

Talking about his Babe, Huggins expressed the opinion that his big fellow ought to have three or four more good years left. "If the Babe slows up as a fielder he always will be valuable as a hitter," he said. "And if that ten-man idea ever goes through, the Babe ought to be good for twenty years."

FUMBLES 'DEAD' IN NEW GRID RULES Dons Wind Up Basketball Schedule Tonight

FULLERTON HAS SLIGHT EDGE IN PRE-GAME DOPE

CONFERENCE STANDINGS	W.	L.	Pct.
Long Beach	9	0	1000
Fullerton	5	4	.556
Pasadena	5	4	.556
Santa Ana	4	5	.444
Compton	4	5	.444
Glendale	0	9	.000

The Santa Ana junior college basketball squad reaches the end of the long, long trail here tonight.

With a good chance of finishing their conference season in a tie for second place, Coach Bill Foote's Dons "dig in" at Andrews gymnasium against their most bitter rival and one of their old athletic stumbling blocks—Fullerton.

Game-time is 8 o'clock. This will be the last time the Santa Ana collegians will be seen in action here and the final basketball game in which three of Foote's most skilled players, Mearl Youel, Lory Hogue and Blanchard Beatty, will wear the scarlet and black. They will complete their college careers this term.

The Dons have not been overly consistent this season, starting off with a string of six successive non-conference victories, but were beaten in their first two league starts and then were alternately in a basket-making slump or just a bit better than their opposition.

If they defeat Fullerton they are certain to finish no worse than tied for second, however, unless Pasadena should come through with a sensational upset and beat the undefeated Long Beach quintet tonight.

In the previous game with Fullerton, played on the Yellow-jackets' floor, the Dons lost by two points. Up to the last quarter Santa Ana had the Fullerton team licked but was unable to stave off a challenge in the stretch and the contest ended with Fullerton on the long end of a 38 to 36 score. Inasmuch as the Dons are capable of playing better basketball, and the fact that they are thirsting for revenge, it looks like the battle tonight will be a close one.

Coach Foote has not announced his starting lineup but with such a small squad to pick from now it is not difficult to guess who will take the floor although there are two possible combinations that he may start, these depending on the show-up of the men the last few workouts and the condition of Bill Kolkhorst's injured knee. . . . It is possible Foote may use Kolkhorst and Youel at forwards, Hogue at center and Valentine and Beatty at guards. The other possible combination is Youel and Hogue forwards; Valentine, center and Beatty and Sweetnam, guards. Whichever combination starts makes little difference because Foote intends to use every man possible and if the score warrants he probably will use every one of the ten remaining men on the squad.

Schaefer Beats Jap, Wins Way To Title Match

NEW YORK, Feb. 13.—Jake Schaefer, of Chicago, and Welker Cochran, of California, both former champions, will meet tonight for the world's 13.2 ballkline billiard championship.

Defeating Kinrey Matsuyama, of Japan, who faltered after winning three straight matches in the tournament, Schaefer went into a tie with Cochran for first place.

Schaefer defeated Matsuyama, 400 to 381, in 18 innings. The Chicagoan had a high run of 182.

College Wrestler

John Franklin Spellman, who recently held Dick Davis out to a draw, started wrestling while attending Brown university. He also played football there a few years ago.

High School Mat Season Begins Soon

Intensive training for the first league wrestling bout with Long Beach is on at the Santa Ana high school. The Jackrabbit-Saint encounter is scheduled for February 26 at Long Beach.

Santa Ana has entrants in every weight but two now and Coach "Tex" Oliver is giving his charges lessons daily.

The addition of an expensive rubber mat cover to the school athletic equipment has materially aided the grapplers. This eliminates the possibility of mat burns and bruises. Wrestling uniforms were also given out to the boys. These consist of full length trunks and jerseys.

Captains Harvey Greenleaf and Ernie Caldwell are the leading members on the team, both being veterans. Greenleaf went undefeated up to the finals of the Southern California championships last year. He wrestles in the 135-pound class. Caldwell is a 140-pounder. Glenn Hartmann is the heavyweight performer for the Saints.

S. A. GRIDDERS GET SWEATERS, LETTER FRIDAY

Football sweaters for the 20 lettermen of the 1928 football squad at Santa Ana high school have arrived and will be awarded at the regular assembly Friday morning.

Each eligible player will receive a cardinal sweater with white stripes and a red and white block S. A. Of the twenty awards, only one will be an Ariel sweater, given for three years of service. This goes to Warren ("Red") Cooke, stellar end, who was chosen All-Coast end in his senior year and received second ranking in 1927. Captain "Doc" Hearn missed an Ariel sweater only because he was one quarter shy in his first season and failed to get his letter.

Seven of the gridders earned two stripes on their jerseys. These were Captain Hearn, Youel, Wurster, Olsen, Manderscheid, Hardin and Berry.

Those who will get sweaters are Captain Roger Hearn, Captain Ellet Bruce Tarver, Warren Cooke, Curtis Youel, Frank Wurster, Gene Olsen, Kenneth Manderscheid, Stanley Hardin, George Berry, Clarence Speer, Alfred Poulsen, John Keeler, Glenn Hartman, Alvin Rebohn, Harold Pangle, Lloyd Nuzum, Jack Fredericks, Warren DuBois, Don Crumley and Manager Dale Fuller.

Clarence Speer, fullback, forfeited his monogram by leaving school during the Christmas holidays. If he returns this week, he will be eligible for football next fall.

Of the lettermen, the following will return: Captain Tarver, Hartman, Rebohn, Pangle, Nuzum, Fredericks and Crumley.

At the assembly, letters also will be presented members of the Class B and Class C football teams. These players have the privilege of buying a letterman's sweater on which to sew their monogram. Principal D. K. Hammond will make the awards to all three teams.

VAN RYN DECISIVELY BEATS BILL TILDEN

BROOKLYN, Feb. 13.—With the two ranking tennis stars of the nation as his victims, John Van Ryn, of East Orange, N. J., today stands out as one of this country's leading hopes for the 1929 Davis cup team.

Van Ryn vanquished William T. Tilden, playing in his first tournament since his reinstatement last week, in straight sets in the Heights Casino singles final yesterday, 6-1, 6-4, 6-2. The former Princeton star previously had defeated Francis T. Hunter, No. 2 in the national rankings, in the semi-final round.

Van Ryn's brilliant shots frequently brought praise even from Tilden. Once "Big Bill" said: "Marvelous volleying, Johnny," and after the match he said, "It takes some tennis to beat that."

BIT OF SURPRISE

"Gabby" Street, for 10 years Walter Johnson's battery mate at Washington, will coach the St. Louis Cards. It was thought at one time that he would aid Johnson at Washington.

OUT OF THE PAST

BOOM BILL COLE FOR POST AS 'LANDIS' OF NIGHT BASEBALL LEAGUES IN SOUTHERN CALIF.

The generously proportioned figure of Ralph ("Big Bill") Cole, head coach at Tustin high school, flickered on the sporting horizon today with the discovery that a movement of considerable magnitude and one with influential support was being prepared here for his candidacy as director-general of Southern California night baseball.

SCOUT 'REPORT' THAT FOUST IS MAT PROMOTER

Although Henry T. Foust, genial "prexy" of the Orange County Athletic club and the man whose cash makes the haymakers go 'round at the southside professional arena, was in Phoenix and unable personally to make a categorical denial, his own previous statements to newspapermen were recalled today in spiking "reports" that he was about to become a wrestling promoter here.

"We are only putting on this wrestling match for the novelty of it," Foust declared on the occasion several months ago that Jack Rivers and Johnny Hill, "leste strong fellas," engaged in a rough and tumble grappling contest in which they took turns depositing each other in the laps of pop-eyed first rowers.

"Personally," he added, "I can't see wrestling. The public is distrustful. I certainly shouldn't care to promote the business."

Major Anderson, business manager of the O. C. A. C., said he knew nothing of "reports" that the club was going to promote wrestling.

As for Santa Ana once having been quite a "wrestling village," it was recalled today that the then world's champion, "Strangler" Lewis, attracted a "gate" of \$64 to a bout in which he engaged here several years ago.

Eddie Benson, a familiar figure in Orange county rings for several years, is on the Wilmington card tonight. He boxes the rugged Billy Clark, who stopped Herman Marks and drew with Hi Gill in recent fistic adventures at the O. C. A. C.

Jesse Ayala, Jack Walker's consistent young welter, is also on the Wilmington program, being scheduled to open the show.

INDIANS GET KALLIO IN DEAL FOR BRYAN

What Manager Ernie Johnson believes will be a good deal for his Seattle ball club, scheduled to go in training at San Clemente next Monday, was completed today with the trade of Ed Bryan, pitcher and pinch-hitter, to Sacramento for the veteran moundman, Rudy Kallio.

Kallio won 12 and lost 11 games for the Senators last year while Bryan won 8 and lost 11 for Seattle. Bryan hit for an average of .333, however.

Bryan has been playing with Art Sullivan's Orange County Merchants at the Fair grounds this winter. He is a hustler and Johnson was sorry to lose him but he believes Kallio will assist the none too strong Seattle mound staff.

BOOM BILL COLE FOR POST AS 'LANDIS' OF NIGHT BASEBALL LEAGUES IN SOUTHERN CALIF.

The generously proportioned figure of Ralph ("Big Bill") Cole, head coach at Tustin high school, flickered on the sporting horizon today with the discovery that a movement of considerable magnitude and one with influential support was being prepared here for his candidacy as director-general of Southern California night baseball.

This office was created at a meeting of the Southern California association, with which the Orange County league and several other important divisions are affiliated for the purpose of engineering the annual summer series of championship games. It was the consensus that one centralized authority could attend to the manifold duties of operating schedules and playoffs and settling protests and disputes better than a group of non-paid representatives scattered here there and elsewhere in the Southland.

In other words, the directors wanted to appoint someone to manage their affairs.

"Shorty" Smith, the Brea-Olinda coach, was selected for the "Judge Landis" job at that time and his salary was fixed at \$200 for the summer. It is understood now that Smith intends to devote his attention to other pursuits and that he will not notify the association it will be impossible for him to accept the baseball assignment.

Cole was not aware today that local baseball men are booming him as Smith's successor. It may be that he will not look with any too much zest on the "spot." His boosters feel, however, that he would be an ideal man for the place, being one of the pioneers of the popular sport and one wise to all the pitfalls, and that he would take the post if it were offered him through the regular channels.

It is felt here that Santa Ana, with the champion team of Southern California and a large and loyal fan following, is entitled to some special recognition which would be met with Cole's appointment.

Chicago will have its first taste of football at night next fall when Notre Dame plays Drake at Soldiers Field under electric candlepower.

NEW STYLE OFFENSIVE GIVES S. A. VARSITY WIN AT TUSTIN

Trying a new style of offense, the Santa Ana varsity basketball team trounced the strong Tustin cagers in a practice scrimmage at Tustin yesterday. The unofficial score was 32 to 24.

Instead of letting everybody shoot for himself from all over the court, Coach Clyde Patton forced his men to pass or dribble the ball close to the hoop and then try for baskets. The short passing method of offense worked out well. Of course, the fact that both teams were made up of alternate second and third strings had a lot to do with the outcome.

Tustin is tied with Fullerton for the leadership of the Orange league, the two rivals meeting at Tustin Friday night, the same evening that Santa Ana entertains the Alhambra.

Alhambra and the Saints are having a warm race for the cellar championship of their league and the loser will win the fight. Captain Curt Youel is expected to maintain his scoring leadership in the league and with any support,

Here is an old-time training camp scene. It was taken shortly before July 4, 1910, in the Montezuma Mountains near Las Vegas, N. M. A group of old-timers such as these was often seen twenty or thirty years ago, but not now.

On that memorable Fourth of July in 1910, Jim Flynn, the only man credited with knocking out Jack Dempsey, met Jack Johnson, then the world's heavyweight champion, at Las Vegas.

From Left to Right
Here with are pictured a gathering of camp visitors and attaches. Reading from left to right, they are: C. Farley, town official; Leon Delgado, sheriff; Secretary of State Romera; Burns, dishwasher; C. Coleman, cook; Jim Flynn, the hero; Al Williams, his sparring partner; and Percy Holman, a young man who tried to be a fighter and failed.

Delgado and Romera, appearing for all the world like a pair of moving picture comedy artists, performed their official duties with such zeal that the were forced to get new guns. Their old ones had so many notches that the handles had nearly vanished. In their efforts to keep the wild and woolly west free of outlaws, both Delgado and Romera had killed more than ten men when this picture was taken.

Flynn Now Garage Owner
Times have changed since then. Flynn now runs a garage and still is put in the spotlight every so often as the man who stopped Dempsey. It may as well be stated, however, that the Flynn-Dempsey bout is today generally recognized as "one of those things."

Al Williams is still connected with the fight business, being an instructor at the Olympia A. C., San Francisco.

Flynn was highly regarded at the time this jolly group gathered together before the camera, but his fight with Johnson, held shortly after this photograph was taken, was not a success. It was stopped in the ninth round by state police, who claimed it had developed into a prize fight. Referee Ed Smith gave the decision to Johnson.

Hollywood Begins Training Feb. 18

LOS ANGELES, Feb. 13.—The Hollywood Stars will open spring training at Navy field, San Diego, February 18, Bill Lane, president, announced today. Lane will leave here Saturday to make final arrangements.

NEW STYLE OFFENSIVE GIVES S. A. VARSITY WIN AT TUSTIN

Trying a new style of offense, the Santa Ana varsity basketball team trounced the strong Tustin cagers in a practice scrimmage at Tustin yesterday. The unofficial score was 32 to 24.

Bicycle and Wheel Goods Repairing
HENRY'S CYCLE CO.
427 West Fourth Phone 701

Name Tampa As Place Of Next Big Go

TAMPA, Fla., Feb. 13.—Jack Dempsey and the Madison Square Garden corporation have agreed to stage a "heavyweight boxing match of championship significance" here, either this spring or summer, Jim Downing, promoter, said today.

Downing said Paulino Uzcudun appeared the logical choice to meet the winner of the Sharkey-Strickling bout and because of the large Spanish population here he considered the Basque would be the best drawing card.

MALLARD SHOT HERE CAME IN FROM MONTANA

That mallards have crossed the Rocky mountains and flown into Southern California this season was definitely established today with receipt here by Cliff Phillips, secretary of the Sprig Gun club, of information from the bureau of biological survey of the United States department of agriculture, that a mallard duck killed here on December 12 was from the vicinity of Moiese, Mont.

Identification was by means of a band placed on the leg of the bird November 20 by F. H. Rose, at Moiese. The mallard was killed by Henry Meier, of West Chapman street, Orange, and Phillips forwarded to the department at Washington, D. C. the band and the leg to which it was fastened, in order to get the original location of the bird. The duck was killed 22 days after it was tagged in Montana.

"Ducks in the Montana district from which this mallard came usually fly south to the Mississippi river valley," Phillips said. At the same time Phillips declared that there have been more mallard ducks than usual in Southern California waters.

tive of the biological survey in this time of its biological survey in this immediate district, and in a report he forwarded today estimated that there are in this vicinity at this time 1000 green winged teal and 3000 each of Shoveller and pintail. "Ducks are flying north now and it will not be long before there will be but few birds in this section," Phillips said.

Coaches In 'Secret Practice'
This procedure was introduced for the first time last year and was found to be highly satisfactory to all concerned, which means the committee. It came up with another innovation this year when it held "secret practice" in a New York hotel two months ago for the purpose of deciding what it would do when it did it.

At that time, sentiment for the return of the posts to the goal line (Continued on Page 11)

GOAL POSTS TO REMAIN AT END ZONES, BELIEF

It is my information that the football rules committee, scheduled to hold the annual autopsy over the coming week-end, is likely to declare all fumbles, recovered by the defending team, "dead" at the point of recovery.

This, in any case, is said to be about the only step contemplated by the rule surgeons at this immature moment, two days before the family is ready to call in the specialists to survey the patient on his bed of agony. It is declared that major operations and amputations will be strictly taboo.

Not Radical Gesture
The "dead" fumble, by the way, is not regarded as a radical gesture, since it already is in the code, as affecting fumbled punts and lateral passes.

That being the case, it is felt, particularly by the coaches, that a fumble is only a fumble no matter how you arrange to make it, and that one should have uniformity, even in error. It is the insistence of the coaches on this point, as a matter of fact, that seems making this particular item of business look the part of a probability.

FUMBLES TO BE 'DEAD' IN NEW RULES. BELIEF

(Continued from Page 10)

had been rather insistent in some quarters but the belief is general now that the posts are where they belong and, if ever they are moved again, it will have to be done by Mrs. Marvonne's daughter, Kathleen, who when interviewed said: "It may be for years and it may be forever."

Goal Posts Stay 'As Is'
Anyhow, the general understanding is that the committee feels the advantages here outweigh the disadvantages; that, though, the positions of the posts on the end zone may hamper goal kicking, it leaves the goal line open for strategy on climax plays.

A quarterback, for example, hesitates to run a goal line play toward the posts and the defense, knowing this, conducts itself accordingly. A team punting out from behind the goal line often was unfairly handicapped by the uprights, too.

So much for that particular piece

of agitation. For the first time in years, there seems to be none in regard to the shift and the rules covering forward and lateral passes would appear to have escaped their customary abuse.

"The rules probably will be allowed to remain pretty much as they are," is the tip I get today. However, pretty much doesn't mean altogether. It is conceded that the "dead fumble" is receiving "considerable favor," which possibly means that it is receiving too much favor to be ignored, even by the football rules committee.

Colima Gets Nod In Olympic Bout

LOS ANGELES, Feb. 13.—Cheered throughout by his Mexican countrymen, Bert Colima, of Whittier, won a 10-round decision from Johnny Gill, a ring-wise veteran from Troy, N. Y., in the main event at the Olympic last night.

Stanford Retains 'Big Game' Fire

PALO ALTO, Feb. 13.—By a vote of 74 to 44, Stanford students were on record today as favoring retention of the annual "Big Game" bonfire. Details of its construction plans will be decided by the executive committee.

SAINT MIDDLES PLAY ALHAMBRA FIVE THURSDAY

In a final tuneup for their Coast Preparatory league game at Alhambra tomorrow afternoon, Coach Bill Cook's Santa Ana high school Class B basketball team rough-shod over the Tustin middleweights here yesterday. The score was 37 to 14.

The Farmers were no match for the regulars, while the Saint seconds and thirds were helpless against the invaders, every Santa Ana point being made in the first and last quarters while the first string was in the game. Elwood Lindley and Asa Herren made 14 and 12 points, respectively. Bill Erbe shot a few, making 8 digits. Russell Sullivan did some strong defensive work and "fed" the ball to the other while Joe McChesney played the standing guard position like a veteran.

Although Alhambra is down at the bottom of the league, the Saints will be weakened by the loss of Captain Jimmy Hall, flashy guard. Hall had an operation on his tonsils and hasn't sufficiently recovered yet but is expected back for the important San Diego contest next week. San Diego, Long Beach and the Saints are all tied for the league leadership but if the Santa Ana boys beat Alhambra and San Diego they will get the title inasmuch as they then would have defeated both of their nearest rivals.

In the Tustin game, the regulars piled up 20 points in the first quarter while blanking the opposition. From then on, the score by quarters read 20 to 3 at the half; 20 to 8 for the third canto, and 37 to 14 at the end.

The lineup:
Santa Ana (37) (14) Tustin
Sullivan.....F..... (5) Johnson
Herren (2).....F..... (6) Crafts
Lindley (14).....C..... (6) Cook
Erbe (8).....G..... (1) Leonard
McChesney (2).....G..... (1) Sears

Substitutions:
Santa Ana—Smith for Sullivan, H. Higashi for Herren, Zirinisky (1) for Lindley, K. Higashi for Erbe, Thornhill for McChesney, Streepner for Smith, Bragg for H. Higashi, Homan for Zirinisky, Winslow for K. Higashi, Casey for Thornhill, Homan for Streepner, Burke for Winslow, Sullivan for Homan, Herren for Bragg, Lindley for Homan, Erbe for Burke, McChesney for Casey.

Tustin—Lindsey for Johnson, Monkey (2) for Sears, Lindsey for Leonard, Bowman for Monkey.

Score by Quarters:
Santa Ana.....20 0 0 17-37
Tustin.....0 3 5 6-14

CLEANING LEATHER
If you want to clean the children's leather wind-breakers try using one part vinegar and two parts linseed oil. Apply with a piece of old linen or woolen, rub dry and polish with another.

FOXY PHANN

The best part of indoor golf is you're right handy to the cracked ice and gingerale

NURMI'S CONQUEROR BEATEN BY UNKNOWN

PHILADELPHIA, Feb. 13.—Ray Conger, the athlete who defeated Paavo Nurmi, a few days ago, was himself the victim of an upset by an unknown when he took third place in the Meadowbrook "660" at the fourteenth annual Meadowbrook Games here last night.

Veit ran a heady race. He defeated the man who took first honors in the classic Millrose 600 Saturday, Bernie McCafferty, Holy Cross. Veit edged Conger out twice on the turns when the latter tried to push into the van. Going around the last turn, Veit and McCafferty were on even terms but the former let out a great burst of speed on the final dash to the tape and won by three yards. McCafferty was second and Conger third.

Krug Pleased At Berger's Playing

LOS ANGELES, Feb. 13.—Manager Marty Krug was enthusiastic today over the form displayed by Walter Berger at first base in his first training workout at Wrigley field. Although "Slug" Tolson in all probability will play the bag, Krug plans to give Berger a thorough tryout. Further conditioning stunts, batting and fielding practice were on tap today.

BROWNS SHOULD BE UP IN RACE SAYS KIRKSEY

(This is the thirteenth of a series of interviews with the added strength of the major league baseball clubs. Tomorrow—the Chicago Cubs.—Sport Editor's note.)

By GEORGE KIRKSEY
(United Press Staff Correspondent)
NEW YORK, Feb. 13.—The St. Louis Browns have come a long way since this time a year ago. Completely rebuilt last season by Dan Howley, the Browns proved the sensation of the American league by finishing in third place. New players acquired last season may bolster the Browns into a high-powered pennant contender the coming season.

Fifteen new players have been obtained to strengthen the Browns' weak spots. Five of the most promising are pitchers. They include Warren (Tip) Collins, who formerly pitched for the Yankees, Tigers and Red Sox and won 17 games and lost 9 for Toronto in the International league last season; Claude Jonnard, who won 19 games and lost 11 for Milwaukee; Herb Cobb, who won 14 games and lost 7 for Wichita Falls; John Buvid, who won 21 games and lost 11 for the Spartanburg South Atlantic league club; and Oscar Bettrada, who won 13 games and lost 12 for Shreveport.

Collins, Cobb and Jonnard are being counted on to help Crowder, Gray, Blacholder, Stewart, Coffman and Ogden keep the Browns well up in the race.

Three new catchers have been added to the veterans. Wally Schang and Clyde Manion. Outstanding of these is Dick Ferrell, who received a bonus of \$25,000 for signing with the Browns after Judge Landis declared him a free agent, releasing him from previous entanglements. He caught 126 games and batted .333 for Columbus last season. He is expected to be the Browns' first string catcher. Harvey Johnson from the Greenville, South Atlantic league club, and Ike Danning from the New Haven Eastern league club are the other two catching additions.

The Browns' infield may find two new figures at second and third base. Lu Blue will again play first base, and Ralph Kress will be at shortstop, but the other two places are doubtful.

Ed Roetz, who batted .267 for Wichita Falls, and Leonard Dondero, who batted .378 for Tulsa, will battle with Otis Brannon for the key stone assignment. Edward Grimes, who batted .334 for Tulsa, will compete with Leonard Sax and Frank O'Rourke for third base.

George Stanton, a youngster from Wichita Falls with a batting average of .301, will make a bid for first base.

Two new outfielders will compete with Heinie Manush, Earl McNeely and Fred Schulte for the outfield positions. Tom Jenkins, who was up before with the Red Sox, and batted .348 for Wichita Falls is considered a vastly improved player. He has hit 69 home runs in three seasons in the Texas league.

The other recruit outfielder is "Red" Badgro, who was coached how to hit by Sam Crawford while playing with the University of Southern California. He batted .334 for Tulsa last season.

Frank McGowan, who joined the Browns from Kansas City last season, also will be available for outfield duty.

Not until the end of the 16th century did the cult of the pillar saints completely disappear from the earth.

LINCOLN THEME OF PROGRAM AT LODGE MEETING

Abraham Lincoln's memory will linger as a very personal one to Sons and Daughters of Union Veterans of the Civil War as long as they plan such interesting programs as that of last night, given in commemoration of the one hundred and twentieth return of Lincoln's birthday.

Members of the two patriotic orders assembled in the K. of P. hall, where Mrs. Luella Hill, patriotic instructor of the Daughters of Veterans, directed the program. After general singing of "America," the address of the evening was given by the Rev. Walter Scott Buchanan, pastor of the First Christian church, whose talk included a graphic history of the Great Emancipator's life.

The famous Gettysburg Address was given by Jerry Tannenbaum.

after which Miss Evelyn Hutton played two piano selections, "Love Song" and "Stars and Stripes Forever." Mrs. Emma Chapman and Mrs. Estelle Gray sang two duets, "Beautiful Flag of Liberty" and "U. S. A. Forever," with Miss Carrie Seaton as accompanist. Two readings, "The Picture Show" and "Cyrus Brown's Prayer," were given by Miss Harriet Morris and two solos were sung by Mrs. Elizabeth Hubbard, "O Beautiful, Our Country" and "Columbia's Song."

Stirring martial music was played by the Conrad Fife and Drum corps, after which Hiram Cleveland recounted interesting stories of his boyhood days which had a bearing on the occasion celebrated.

C. F. Millen added to the interest of the evening by displaying a well-preserved copy of the New York Herald of the date of April 15, 1865, printed at 3:15 a. m., after the president's death. Mr. Millen also told of his father, the late J. M. Millen, who stood guard at the prison on the night before the hanging of John Wilkes Booth.

L. T. L. BRANCH IS PROJECTED IN PLACENTIA

PLACENTIA, Feb. 13.—Mrs. Estelle Harper, county president of the W. C. T. U., was present at the meeting of the Placentia W. C. T. U. Tuesday in the home of Mrs. Charles E. Fuller.

Mrs. Harper announced that Mrs. Wheeler, state president, will hold an institute in Orange county March 1 to 10 inclusive. Mrs. John Tuffree suggested that Fullerton and Placentia join in the institute and the date was left open until the Fullerton union was heard from.

Another announcement was of the county executive board meeting, which will be held in Anaheim March 8, with the L. T. L. gold medal contest held in the evening.

Letters were read by Mrs. Cohoe from the Navy home in San Diego, thanking the union for the many gifts sent at Christmas and throughout the year. Mrs. J. H. Rowe and Mrs. Julia Welch are in charge of this work.

Mrs. E. H. Brunemeier gave a report of the L. T. L. work and asked that a committee be appointed to organize a branch in the Placentia city district. The committee appointed for this work was composed of Mrs. C. H. Copeland, Mrs. Fred Tuffree and Mrs. E. H. Brunemeier. The committee will meet on the evening of Feb. 19 to discuss the matter.

Miss Ada Sturdevant, head of the temperance instruction work, reported co-operation on the part of the public school teachers in regard

to this work, and that much progress had been made.

The sum of \$2 was sent the Frances Willard revolving fund, \$1 to the literature fund and 25 cents towards the memorial tablet which will be erected in the church in Indianapolis where Miss Willard was elected president of the W. C. T. U.

The address of the afternoon was given by Mrs. Mattie Gregg, well known child psychologist, who spoke on "Child Welfare—White Ribbon Recruits."

A membership committee was elected, Mrs. Eliza Cohoe being chairman. Miss Ada Sturdevant, Mrs. John Tuffree, Mrs. W. W. Krick, Mrs. T. B. Welch and Mrs. Margaret Ingham are the other members.

S. A. LEGIONNAIRES PLAN CELEBRATION

Plans for a gala meeting of Santa Ana post, American Legion, tomorrow night, were announced today by Ed Kolbe, post adjutant.

Through the courtesy of the Yost theater, Les Shradar and his orchestra and the Yost vaudeville numbers will head the entertainment. It was announced.

All past commanders of the post will receive their new past commander badges, recently purchased by the post, it was said, and to top off the meeting the winners in the membership drive will be announced.

The post has taken in 91 new members since the first of the year, and the meeting will be in the form of celebration.

OFFICERS FOR COUNTY FRUIT GROUP ELECTED

FULLERTON, Feb. 13.—Plans for the 1929 citrus season of the Northern Orange County Citrus exchange were completed today, following the annual meeting of the directors this week.

A report of the past season's activities revealed the fact that the total crop averaged only 61 per cent of the normal crop of the previous year, the total receipts were \$1 per cent as much, netting a total of \$7,986,946.31, according to Manager Dale R. King. During the past year 3306 cars of valencias were shipped from the Fullerton district through the exchange as compared with the shipment of 5396 cars the preceding year for a total of \$9,809,138.55.

Estimates for the 1929 valencia crop forecast the largest crop ever produced in California. Although sizes will be small, the total receipts are expected to be the greatest in total.

In the annual election of officers, V. C. Dillingham was named president; J. M. Callan, first vice president; Warren Bradford, second vice president; Dale R. King, secretary and general manager; George Crawford, assistant manager; E. A. Beck, representative to the California Fruit Growers' exchange and Fruit Growers' Supply company, with B. L. Chandler as alternate; B. L. Chandler was named on the board of the Exchange Lemon Products company.

Directors are B. L. Chandler, J. M. Callan, George D. Montgomery, Warren Bradford, Lawrence Kelly, A. M. Otis, W. J. Phelps, E. A. Beck, E. D. Lang, V. C. Dillingham and F. E. Moll.

It takes about 15 months to season the wood used in making matches by the ordinary process.

40 ET 8 TO HOLD 'JAMBOREE OF JOY'

Members of the Forty and Eight society and the American Legion of Orange county will hold a "Jamboree of Joy" in the Old Tower cafe, Seal Beach, February 16, it was announced today. The party will be staged by the Los Angeles and Orange county volunteers of the Forty and Eight society and invitations were in the mail today.

ANTI-SALOON LEADER NOW AT PRISON FARM

PUTNAMVILLE, Ind., Feb. 13.—(UP)—Surrounded by bootleggers, forgers and thieves, the Rev. E. S. Shumaker, superintendent of the Indiana Anti-Saloon league and an ordained minister, today began serving his 60-day sentence on the Indiana prison farm for contempt of the state supreme court.

The Rev. Mr. Shumaker was awakened at 5:45 a. m. in line with regular prison routine after a night on a cot in dormitory number six to which he was assigned with approximately 100 other law violators. Fifteen minutes later he marched to the mess hall and ate a breakfast of rolled oats, coffee, bread, fruit and milk.

It takes about 15 months to season the wood used in making matches by the ordinary process.

Beet Culture To Be Discussed At Two Field Meets

Best methods of thinning, cultivation, crop rotation and other practices relating to sugar beet culture were to be discussed at two meetings today, near Tustin and Westminster.

According to an announcement by E. E. Eastman, assistant farm advisor, the morning session was to be held at the N. J. Penman property, on the Irvine ranch, east of Tustin. The meeting was to start at 10 a. m.

At 2 p. m., another session was to be held at the Germain Quatacker property, on the Hellman ranch, west of Westminster on Seventeenth street. Dr. W. W. Robbins, of the University of California at Davis, was to present the latest data secured by the extension service.

GAS STATION TILL IS ROBBED OF \$30

A sneak thief robbed the cash register of the service station operated by John F. Kinyon, First and Main streets while Kinyon was standing within 20 feet of it, according to a report made to city police.

Approximately \$30 in cash was taken from the till.

Kinyon reported to officers that he was standing at the curb, watching the traffic, when the robbery occurred. He said that he saw a man go into the rear room of the station, but paid no attention to him at the time.

The man left and he saw him walk east of First street. A few minutes later Kinyon discovered his loss.

Rebekah Deputy Conducts School

BREA, Feb. 13.—Mrs. Mamie Walker, district deputy president, conducted a school of instruction for officers of Trinity Rebekah lodge in the lodge rooms here, Monday.

In the evening Mrs. Walker made her official visit to the lodge, the last she will make in Brea before her term ends in May. Other visitors at last night's meeting were Mr. and Mrs. George Tyler, of Pomona; Mr. and Mrs. Roger Dunning and Mrs. Dunning's sister, Mrs. Born, visiting from Pittsburgh, Penn.; Mr. and Mrs. Ted Cooke, and Mrs. Mabel Curtin, all of Santa Ana, and Mr. Walker, of Huntington Beach.

Preceding the lodge a dinner was given in honor of Mrs. Walker, served at the Varsity inn, where covers were laid for the honor guest and for Mrs. Roger Dunning, Mrs. Florence Horrocks, Mrs. Mary Edmonson, Mrs. Greta Lackey, Mrs. Sadie Withrow, Mrs. Barbara Beer, Mrs. Maide Rist, Mrs. Florence Jones, Mrs. Eva Black and Mrs. Stella Keene.

An informal party was given for Mrs. Mary Edmonson, retiring noble grand.

Only with the beginning of the 17th century was there recognized the need for a dictionary which should help Englishmen to a better knowledge of their language.

Chest Colds Need Direct Treatment

It is an obstinate cold indeed that can resist the direct double action of Vicks. Rubbed on the chest, it acts 2 ways at once:

(1) Direct to air passages with its healing vapors released by body heat;

(2) Direct, like a poultice, it "draws out" the soreness.

Move To Locate Artesia School On West First St. Hit

SMITH CHARGES PLAN TO BOOST REALTY VALUES

Attempts of residents in the Artesia street Mexican school region to have the site of the building changed in case a new structure is built, had met today with determined opposition from Fluke Smith, 2409 Hollister drive. Headed by Everett White, a group of property owners recently told the board of education that it was desirous of a change in the site and last night a letter protesting the change proposed by White and his committee was read to the board.

"Now if the enterprising citizens in the vicinity of the Mexican school think they can have the school dumped on the proposed new location on West First street, south of Artesia street, without a murmur from the property owners in that vicinity, they are badly mistaken, as we claim to be just as enterprising and have just as much feeling in the matter as they have," said Smith in his letter to the board.

"I do not think the people will vote bonds of \$30,000 or \$40,000, which I believe you will agree will be the probable cost to move the school, while the children of the Frances Willard school have to walk from one building to another, sometimes in wet weather in water over their shoe tops . . . just to increase the value of real estate owned by a few in the vicinity of the Mexican school. And I believe, if the facts were known, that the majority of the property owners there bought after the school was established, knowing full well the school was there," the letter continued.

Those favoring the change of site pointed out to the board that surrounding property has been restricted. Smith countered on this point by declaring that he knows there are race and building restrictions in the proposed new site district.

He pointed out that the proposed Century boulevard will affect First street no matter which way the route comes into the city and declared that he believes a Mexican school on that street will be a problem that will prove hard to solve.

"If the school board decides to move the school we, the property owners in that vicinity south of Artesia street, do most strenuously object to having the school located in that vicinity," Smith's letter concluded.

The board of education has the situation under consideration and has suggested to the property owners objecting to the present site that they confer with its advisory committee in an attempt to pick a better one. It was pointed out that, no matter where the school might be placed, there would be objections from the property owners. In past attempts to choose a more suitable site it has been found difficult to improve on the present one.

"WISH YOU WERE HERE"

EXPERTS SPEAK AT GROWERS' ANAHEIM MEET

"The Use of Water by Citrus and Walnut Trees" was discussed by W. R. Schoonover, extension specialist in citriculture, at the citrus-walnut session in the Anaheim union high school today.

Others who spoke were W. B. Hooper, extension specialist in walnut culture, "The Movement of Water in Soils," and Harold E. Wahlberg, Orange county farm advisor, "Practical Suggestions on Orchard Irrigation."

At the opening session yesterday, Dr. W. W. Robbins, botanist of the University of California, in Berkeley, and Schoonover were the chief speakers. Their subjects covered soil chemistry and tree physiology.

Tomorrow and Friday the citrus and walnut growers will hold separate sessions.

The sessions are attracting growers from various parts of Orange and surrounding counties. The meetings are held every year in Anaheim.

Charged with issuing a fictitious check for \$12 to Fred Parsons here, Earl V. Adams Jr., 27, 4816 Fountain avenue, Los Angeles, was arrested by Deputy Sheriff Carter and Jemison there yesterday and returned to the jail last night. He is accused of passing the check on January 26, the check being on a Fullerton bank.

Claude A. Nelson, 35, Costa Mesa man, was arrested at 10 o'clock last night by Deputy Sheriff A. L. Steward and is being held in the county jail on a non-support charge. The warrant for his arrest was issued in Long Beach and he will be turned over to Long Beach authorities today.

NOTED FLYERS TELL VALUE OF MODEL CLUBS

Members of the Junior Aviation club, organized through the co-operation of The Register and the 20-30 club, and now numbering between 40 and 50 boys, are lucky. It was indicated today in statements from several well known leaders in the flying world.

"Building model planes is more than an entertaining hobby," said Richard E. Byrd, honorary president of the Airplane Model League of America, in a recent statement. "It is the first step in learning the principles of aeronautics. The boy who constructs models is not only having a good time, but he is acquiring an enthusiasm for the air that will do much to guarantee the progress of aviation in the United States."

William B. Stout, head of the airplane division of the Ford Motor company and president of the Airplane Model league, said recently:

"I used to build model planes and found that my hobby was giving me greater practical understanding of aeronautics than I could possibly get out of textbooks. Model plane construction isn't merely a hobby. Airplane manufacturers, when they wish to construct a ship of new design, first build a model of it and try it out in the wind tunnel to see how it will perform. So you can see that, in becoming a member of the Airplane Model league, young people are entering upon an essential and fascinating study of aviation."

Brig. Gen. J. E. Fechet states: "Everyone feels that the development of the airplane in the future rests with the American boy of today. It will be in his lifetime that the airplane will play its most important part. Boys of today are keenly interested in aeronautics. We find them out in the back yards playing with their toy airplanes and studying the theories of flight."

"I am most heartily in accord with the endeavors being made . . . to foster this instruction in the principles of aeronautics."

The Santa Ana club will hold its second meeting at 10 a. m. next Saturday, in the Walker theater. This club will elect officers, after which the boys will go to the Eddie Martin airport for an inspection trip.

CRANSTON ASKS THAT CHILDREN FINISH TERMS

Families of Santa Ana school children who are planning vacation trips for this year were requested today to schedule them for the end of the school term rather than a week or so before. J. A. Cranston, superintendent of schools, placed the situation before the board of education at last night's session.

"Every year, before our schools close in June," he said "many requests come from parents, who plan to take an extended summer vacation, to have their children excused for the balance of the school year. At the same time they wish to be assured that their children will be promoted."

"A little careful thought on the parts of parents should convince them that such a request leads to serious situations."

"First it is demoralizing to any school to have pupils leave school before the end of the term. Second, it is not fair to teachers to ask them to promise in advance of promotion time that certain pupils will be promoted. Third, it is not just to the pupil to take him out of school before his school assignment has been completed."

"We therefore feel justified in denying such requests in the future unless it is shown that they are absolutely necessary."

'PROGRESS' IS RAYMER TOPIC AT 20-30 CLUB

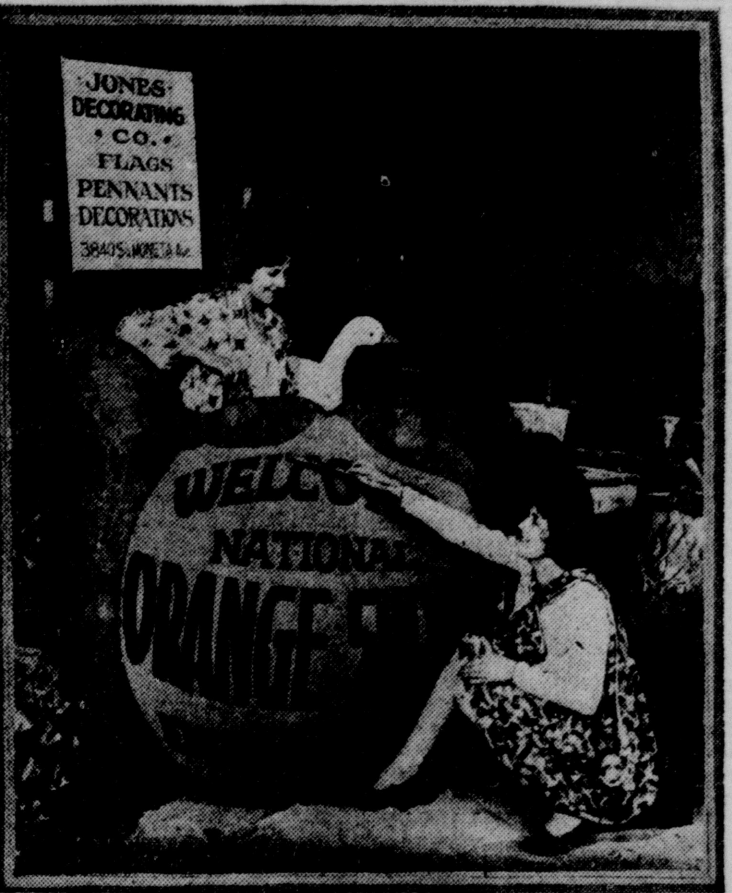

George Raymer, secretary of the Santa Ana Chamber of Commerce, was the featured speaker at last night's meeting of the 20-30 club, which was in charge of Bill Winter, entertainment chairman. Taking progress as the topic of his talk, Raymer predicted that an advance ever greater than that seen in the last 50 years will be witnessed in the next half century.

"If young men seize their opportunities and assume the responsibilities of the future, with the determination to see them through, they will achieve success for themselves and their country," Raymer declared. He stressed the value of co-operation in club and civic enterprises. He also urged the members to start the habit of saving while still young and thus build a foundation for independence and freedom from worry later in life.

A brief business session, following his address, was in charge of Wayne Loderbach, president. Further development of plans for the Junior aviation club, recently organized under the sponsorship of the club and The Register, was discussed. The committee in charge of the arrangements, composed of Vic Walker, Dave Taylor and Cloyes Pilch, made a report on developments up to the present time.

AT ORANGE SHOW FEBRUARY 16

One of the most elaborate decoration schemes ever employed in the Pacific southwest has been prepared for the National Orange show, which opens in San Bernardino tomorrow, according to E. S. Jones. Radiating from the show grounds the decorations will be carried as far as Colton, a neighboring community, and will require the use of more than 20 miles of bunting and flags.

GLIDDEN RITES CONDUCTED BY LEGIONNAIRES

Funeral services for Ray H. Glidden, Santa Ana police officer, who committed suicide Saturday night, were held in the Winbigler Mission Funeral home here yesterday afternoon.

The services, under the auspices of the Santa Ana post of the American Legion, were conducted by the Rev. W. L. Hatter, rector of the Church of the Messiah. The services were simple, in conformity with American Legion custom.

At the grave in Fairhaven cemetery, the Legion service was read.

Pall bearers were six members of the Santa Ana police force, all ex-service men and members of the Santa Ana post of the Legion. They were Sergeants Dean and Lutz, Motorcycle Officer B. A. Hershey, Patrolmen Roehm and Cozad and Detective Adams.

All members of the Santa Ana police department were present in a body at the services, flanked by a large number of members of the Santa Ana fire department. Members of the Santa Ana post of the American Legion and members of the Legion auxiliary, Santa Ana unit, also attended in a body.

Fred Wilde, Legionnaire, sang two numbers at the service, "Lead Kindly Light" and "Under His Wings." The chapel was banked with floral designs, among which were offerings from the Santa Ana police department and another from the Legion post.

A coroner's jury, in an inquest over the body Monday afternoon, returned a verdict of death by suicide. Glidden's body was found in an orange grove on North Baker street, late Sunday night.

MRS. M'KEOWN NAMED HEAD OF CLASSES IN ART

Mrs. S. Marie McKeown, of Hollywood, was elected by the board of education last night to become head of the art department at the high school and junior college. The position became vacant last week with the death of Miss Floy Donaldson, who had been in the schools since 1922.

Mrs. McKeown has been teaching art in the Huntington Park and Alhambra high schools during the last year.

M. R. Sprinkle, of Garden Grove, was selected for a position in the high school, where he will teach chemistry and agriculture. Sprinkle was in the Garden Grove high school from 1924 to 1928.

Mrs. Grace M. Knipe, Santa Ana, was employed to teach in the Franklin school. She has been teaching in Livingston county, Ill.

A letter from George Macleod, secretary of the Newport Harbor Chamber of Commerce, stating that the high school buses, carrying students from the coast region, are overcrowded, was read. Macleod stated that he was acting on instructions from the directors of the chamber. R. H. Drake, superintendent of buildings and grounds, told the board that his observation of the situation showed that there were vacant seats in some of the buses and that, when crowding occurred, it seemed to result from groups of students insisting on traveling in the same bus.

Yeggmen Crack
Safe in Grocery
And Take \$183

The presence of a gang of professional yeggmen here was made known to police yesterday with the report that a safe in a Safeway grocery at 5925 South Hoover street had been blown and \$183.97 taken.

The manner in which the safe was broken into, according to Capt. Williamson of the Seventy-seventh street division, indicated the skillfulness of the safe-crackers. Just enough nitroglycerine had been used to blow off the safe doors without causing any other damage.

Again we see a well avoidable loss of money because of inadequate overnight protection. It happens every day or so in our vicinity.

If it is in an ordinary safe, it is not always safe!

Our After-Hours Deposit Safe is offered FREE OF CHARGE to you. Deposits can be made AFTER banking hours—in a safe that IS SAFE.

We invite you to use this service—the protection costs you nothing.

What Every Man
Should Know About
His Ensemble

"Ensemble" is a tony word that the ladies know all about. For the benefit of male men, it means your entire "get-up," or the effect that your complete outfit makes.

See the Brown Ensemble
In Our Window

It will show you what it's all about. You'll see a new suit in a new brown with a broad subdued red stripe, toned by combining small groups of red threads. The body lines of the coat are shaped in close at the waist; peak lapels; rope shoulders; plaited Tattersall vest; trousers plaited or plain; this suit is \$35.

With it, you'll see a lively shirt in salmon color with spaced white stripes, at \$3.50. A brown tie with green squares, \$1.50. Brown Interwoven socks, 75c pair, fancy pattern. A hat in shell color with brown contrast band, \$6.50.

Also included are matched cuff links, the new heavy Waldemar chain, and a pair of hand braided suspenders.

Seventh Anniversary Of Wedding Marked By Dinner

In celebration of their seventh wedding anniversary, Mr. and Mrs. A. J. Ralph of Oakmont avenue, entertained a group of friends last night at an attractive dinner and bridge party. Their home was gay for the occasion with the quantities of lovely flowers that had been sent them as anniversary gifts.

The tables were particularly pretty with the tall candles arranged in a base of spring flowers in pastel tints and with other table appointments to harmonize.

The attractive prizes were won by Garmon Rogers, Mrs. Lyle Anderson, Mrs. Garmon Rogers, William Beach, Mrs. Henry Kinslow and Capt. Albert Rollins.

The guest list included Mr. and Mrs. Lyle Anderson, Mr. and Mrs. Major Anderson, Mr. and Mrs. Garmon Rogers, Capt. and Mrs. Albert Rollins, Mr. and Mrs. E. H. Warburton, Mr. and Mrs. William Beach, Mr. and Mrs. John McCarty, Mr. and Mrs. H. M. Kinslow, Mr. and Mrs. S. B. Kaufman, Mr. and Mrs. A. B. Berry, Mr. and Mrs. E. T. McFadden, and Mr. and Mrs. F. C. Arnim.

Card Club Is Named At Delightful Meeting

The club that has been existing for some time without a name has at last been properly designated and in the future it will be known as R. O. S. B. club, according to plans made last night when the group met at the home of Mr. and Mrs. Murray Vandermast, 325 Wakeham avenue, for dinner and an evening of cards.

Guests were seated at one large table where lovely tones of rose were carried out in all appointments. Pretty bouquet of spring flowers in rose tints centered the table and place cards and tallies were in the same color. Especially beautiful was the china all of which was of rose fustoria glass.

A merry game of bistro followed the dinner and Mrs. S. J. Babcock was high with George T. Calhoun second and Mrs. Vandermast low. Each received an attractive gift.

Mr. and Mrs. George T. Calhoun of 726 Kilson drive will entertain the R. O. S. B. club February 26.

Those present for last night's pleasant affair included Mr. and Mrs. Harry F. Coleman, Mr. and Mrs. S. J. Babcock, Mr. and Mrs. Walter Kaufman of Balboa, Mr. and Mrs. George T. Calhoun, Mr. and Mrs. J. Oren Gulledge, and Mr. and Mrs. Murray Vandermast.

"Patricic Monuments" Subject of Talk

W. M. Clayton, vice principal of the Santa Ana high school, talked on the various patriotic monuments throughout the United States last night at the weekly dinner meeting of the Wyncene Maedgen club of the Y.M.C.A. He illustrated his talk with slides depicting the monuments.

At a business meeting that preceded Mr. Clayton's talk, plans were completed for Sunday's trip to Forest Home.

Pan-American Affairs To Be Discussed By Traveller

Pan-American relationships which have developed so rapidly in the past few years and which are of special interest to Southern Californians, give significance to the announcement that Ebell clubwomen are to hear an authority on those relationships and on Pan-American affairs, next Monday afternoon, in the person of Edward Tomlinson, energetic young writer, editorial investigator and speaker, who will be the programmed feature for the final February meeting of the society.

While ordinarily the date for this session of Ebell society would be Monday, February 25, it was possible to secure this brilliant speaker on only one date, so the club meeting was scheduled one week ahead to conform with his schedule, rather than miss the opportunity to bring him here.

Recognized generally as an authority on South American peoples, Tomlinson gained his knowledge of our sister continent by travels and extended stays in that country, studying political and social conditions, with special deference paid delicate angles on the problem of international relations between North and South America.

When the Pan-American conference convened in Havana, Cuba, he talked with leading American representatives, as well as with Latin American delegates, from whom he gained understanding of their attitude towards the United States. Immediately after the conference, he visited the leading republics of South America studying conditions at first hand.

Knowledge thus gained has been given to the world in a series of remarkable articles in such publications as "Travel Magazine," the "London Spectator," and "Current History," as well as by his lectures which have proven quite as popular as his written statements. Tomlinson is also bringing out a book on the country this spring, "Down the River of Silver."

"What South America Means to Us," has been announced as his subject for next Monday afternoon and Ebell members are anticipating a graphic story of that little-understood country, and her close relationship with the United States.

Visitors From Canada Are Complimented By Relatives

Dr. and Mrs. James Farrage of 2675 North Main street entertained Monday night at a pretty bridge party given in honor of Mr. and Mrs. C. M. Johnston and their daughter, Lavina, and nephew, Avery, of Lethbridge, Alberta, Canada, who are visiting in Southern California. Mr. Johnston is Mrs. Farrage's brother.

Another Southern California visitor, Mrs. Lottie Nelson of Grand Forks, North Dakota, was complimented by the affair.

Graceful sprays of peach blossoms, combined with roses, and other spring flowers were arranged in artistic fashion throughout the home. Tallies and table appointments bespoke the Valentine motif.

Bridge prizes were awarded Mrs. C. G. Thatcher, Mrs. C. M. Johnston and C. G. Thatcher.

Those present for the party included Dr. and Mrs. Farrage, Miss Lorraine Farrage, Mr. and Mrs. C. M. Johnston, Miss Lavina Johnston, Avery Johnston, Mrs. Lottie Nelson, Mr. and Mrs. E. W. Jardine of Orange, Mr. and Mrs. William Almas, Mr. and Mrs. Ira Mercer, Mr. and Mrs. H. W. Johnston, Miss Idelle Johnston, Miss Frances Johnston, Mr. and Mrs. W. R. Waldren, Miss Lois Waldren, Mr. and Mrs. C. G. Thatcher, Marvin Johnston, and Miss Marie Foldes.

Coming Events

TONIGHT
Knights of Pythias; K. P. hall; 7:30 o'clock.
St. Elizabeth's guild of the Church of the Messiah; church; 7:30 o'clock.

Amber circle; Masonic temple; 12:30 o'clock luncheon followed by business meeting and card party.
Past Presidents' club of the Daughters of Union Veterans; with Mrs. W. H. Thomas, 425 West First street; luncheon at noon.
Ebell card party; clubhouse; 2 p.m.
Emma Sansome chapter; U.D. C.; with Mrs. L. T. Clem, 1725 North Main street; 2 p.m.
Frances E. Willard P. T. A.; auditorium; 3 p.m.

ANNOUNCEMENTS

Shiloh circle will meet in the Knights of Pythias hall, Fifth and Broadway, Friday afternoon at 2 o'clock.

The Scioto's Valentine dance and card party, which will follow the brief business session in K. of P. hall, Thursday night, will be open to all Masons and their families, according to announcement made today. The business session in one of the smaller lodge rooms of the hall, will be from 8 to 9, while dancing in the main ballroom will be from 9 to 12, with special music. Prizes will be presented to those making special scores in bridge.

Luncheon Decorations In Pretty Tints of Orchid and Pink

Mrs. William Coughlin of Des Moines, Ia., who is spending the winter in Hollywood, was the honored guest yesterday at a pretty luncheon and bridge party held by Mrs. Garmon K. Rogers of this city.

Lovely tints of pink and orchid were carried out at the three tables where the luncheon was served by the hostess with the assistance of Mrs. Lyle Anderson and Mrs. Carl Nelson. Place cards, used later as bridge tallies, were reminders of the nearness of Valentine day.

The same gay colors were carried out in the table appointments and in bridge tallies.

An especially pretty feature of the affair was the playing of the wedding march by Raymond Miles as the guests found their places at the 17 tables, as a special compliment to Mr. and Mrs. Parke Roper who celebrated their thirty-sixth wedding anniversary. When all of the guests were seated, the hosts presented Mr. and Mrs. Roper with a pretty little gift in honor of the occasion.

Economics Section Enjoy Luncheon

The old colonial atmosphere of St. Ann's Inn lent itself delightfully to the Valentine luncheon with which Mrs. M. D. Borgmeyer and Mrs. J. A. Prescott entertained members of the Fifth Household Economics section of Ebell yesterday afternoon. The party had also been planned by Mrs. George Chapman who was unable to be present because of illness.

Quantum old-fashioned flowers completed the attractive appointments.

The afternoon was devoted to bridge and a pretty gift was presented to Mrs. Hugh Shields who scored high while Mrs. G. L. Guthrie received an equally attractive prize for second high score.

A short business meeting was held when plans for future meetings were discussed.

Birthday Anniversary Is Celebrated Here

Mr. and Mrs. J. Fred Reyer of 908 Orange avenue entertained recently with a delightful dinner party held in honor of Miss Gertrude Madden of Los Angeles whose birthday anniversary it was.

Guests were gathered at one large table, gay with its spring flowers and Valentine motif. Covers were laid for Mr. and Mrs. Reyer, Miss Madden, Mrs. Edna Pique of Denver, Colo., Mr. and Mrs. Hugo Piek, Miss Marguerite Piek, and William Piek of Redlands, and Dr. J. W. Brady of Los Angeles. Dr. Brady is Mrs. Reyer's son.

Girl Reserves to Hear Mrs. William Henby

Mrs. William B. Henby, assistant curator at the Southwest museum in Los Angeles, will speak on the customs of the American Indians tonight at a meeting of the Santa Ana Girl Reserves to be held in the Y. hut at the Santa Ana high school. The meeting will start at 6 o'clock with a pot luck supper. Girls Reserves from Orange have been invited to be present at the meeting.

This afternoon Mrs. Henby will address the Girl Reserves of the Julia Lathrop junior high school on the symbols of the Indian sign language.

YOU and your Friends
Mrs. Mildred DeCamp of San Francisco is spending this month in Santa Ana with her sister, Mrs. Charles Spicer of 2348 North Park Boulevard.

Miss Josephine Hoffman of Santa Ana who is a sophomore in commerce at Oregon State Agricultural college has been appointed to the circulation staff of The Beaver, campus yearbook.

Mr. and Mrs. Elmer C. Miller of Southbend, Ind., who are spending the winter in Los Angeles were guests recently of Mr. and Mrs.

Beautiful Flowers Add To Charm of Dinner And Bridge

Many beautiful baskets of spring flowers had been sent to the Santa Ana country club yesterday by Mrs. A. A. Clark, Mrs. C. V. Davis, Mrs. W. E. Winslow, Mrs. Parke Roper, and Mrs. W. A. Huff, for the dinner party held there last night by Mr. and Mrs. E. S. Gilbert and Mr. and Mrs. Charles Kendall.

The flowers which included varicolored ranunculus, golden daffodil, stock in tints of pink and lavender, and anemones vied in brilliance with the many lovely frocks worn by feminine guests.

The same gay colors were carried out in the table appointments and in bridge tallies.

An especially pretty feature of the affair was the playing of the wedding march by Raymond Miles as the guests found their places at the 17 tables, as a special compliment to Mr. and Mrs. Parke Roper who celebrated their thirty-sixth wedding anniversary. When all of the guests were seated, the hosts presented Mr. and Mrs. Roper with a pretty little gift in honor of the occasion.

Bridge was enjoyed during the evening hours and when scores added it was found that Mrs. J. B. Roberts and Dr. F. H. Paterson were high with Mrs. M. A. Yarnell and Ray Chandler second, and Mrs. T. A. Winbigger and James Metzgar low. Each received a handsome gift.

Mrs. Gilbert and Mrs. Kendall were assisted in hostess duties by Mrs. George Briggs.

College Students Are Entertained With Valentine Tea

Quantities of Valentine hearts streaming from the chandeliers transformed the Y. hut of the Santa Ana Junior college into a veritable poet's "Land of Heart's Desire" when the Y. W. C. A. of the junior college entertained the men and women students of the college at a tea yesterday afternoon.

The Valentine motif was prominent in all appointments for the party, and the bouquet centering the serving table was of miniature hearts fastened to ferns. Geraniums attractively arranged in baskets completed the decorative scheme.

Miss Leila Watson and Miss Mabel Whiting poured and Miss Barbara Goodrich and Miss Elsie Turner assisted them in the serving of the dainty refreshments.

The program arranged by Miss Charlotte Brown, social chairman of the Y. W. C. A., brought to the guests Miss Dorothy Lutz who played two violin numbers, Miss Faye Stinson charmed her listeners with a reading entitled "Chance," while Miss Dorothy McDonald and Miss Marjorie Watkins entertained with popular numbers on the piano. The women's quartet whose membership includes Nada Smith Hill, Muri Williams, Thelma Stovall and Hazel Smith, also sang two delightful numbers.

Casts Announced For Plays at The Barn

Announcement was made today of the Community Players who will assist on the postponed program of the association to be given tomorrow night at 8 o'clock in connection with the informal February meeting at The Barn. "Eighteenth Century Drama" will be the program theme, with Miss Agness Todd Miller to present a paper on the subject, and Gladys Simpson Shafer directing two scenes from Richard Brinsley Sheridan's plays.

Miss Louise Maloney, Miss Edith Cornell and Mrs. Mildred Seder will appear in a scene from "The Rivals," while a bit of the delicious humor of "The School for Scandal" will be offered by Lucille Benson and Robert Speed, according to Miss Edith Cornell, Barn chairman.

These informal meetings of the Players are supposed to occur on the first Thursday night of each month, the February program having been postponed one week because of the initial presentation of "Her Temporary Husband," Santa Ana Community Players' production, on Thursday night of last week.

Frances Willard's Birth Date Commemorated By W. C. T. U.

The birthday anniversary of Frances Willard was commemorated yesterday by the Santa Ana W. C. T. U. at a meeting held in the hospitable home of Mrs. T. A. Winbigger, 207 East Ninth street.

The Rev. W. S. Buchanan, pastor of the First Christian church, was the speaker for the afternoon and he gave a brief outline of the life of Frances Willard, telling of the wonderful work she accomplished during her life.

Mrs. John Tripp who had known the famous woman personally, gave a short account of her friendship with her.

Current Events Section Holds Card Party at Ebell Clubhouse

The peacock room at the Ebell clubhouse was filled to capacity last night when members of the Current Events section and their friends gathered there for a card party which was one of the merriest social affairs of the past week.

The room had been made very gay for the affair with artistic bouquets of Japanese quince in the same deep tones of red used in table appointments and in the Valentine bridge tallies, by a committee under the direction of Miss Louise Tubbs, general chairman of the committee on arrangements.

Tables were divided into small groups with Mesdames William Maag, Nick Brook, Charles Doty, Hugh Shields, George Osterman, Cyrus Lurker, Norbert Leutz, Harvey Gardner, Harvey Bennett, George Holmes, and Jack Langley presiding as hostesses.

Bridge prizes were awarded holders of the highest scores in each group. Those presented with the attractive gifts included Harvey Gardner, Nick Brook, George Raymer, Mr. Hinkley, Mr. and Mrs. J. Maloney, Mrs. Wilkinson, Mrs. Roy Dickinson, Mr. Ham and Mrs. Pitner.

Delicious refreshments were served during the social hour by Mrs. Winbigger, Mrs. S. H. Hearn and Mrs. J. C. Gardner.

Orange County Shriners Plan Washington Dance

Arrangements were today being completed by Noble Charles Cogan, president of Orange County Shrine club, and his social committee, for the first big Shrine party of the early spring season, which will be a Washington's Birthday dance and card party to be held at St. Ann's Inn on Thursday night, February 21.

The hospitality will introduce an innovation in Shrine social activities, for the president today disclosed that not only were all Shriners and their wives of Orange county, expected to be present, but that invitations had been stretched to include all Masons and their wives who will be welcomed to a share in the evening's gaiety.

Elaborate plans for the event include the choice of an orchestra that has met with enthusiastic reception when it has played for Santa Ana Country club formal, and that is the noted Leon Renee group of Hollywood synopators, who promise a program of all the late dance numbers, and who are recognized as one of the finest musical organizations in the state.

Robert L. Bisby who in addition to his interest as manager of the Inn, has further interest in the success of the evening through his standing as a loyal Shriner, promises that the dancing floor will receive special attention.

In addition to these plans, a hostess committee will aid the club members, and will include Mrs. Otto Haan, chairman, Mrs. J. M. Cloyes and Mrs. Roy Shafer. That card enthusiasts may have an equally enjoyable evening, tables will be placed in the lobby, with special prizes for the winners. Noble Cogan will announce the names of the Shrine club wives who will be hostesses in the card room, in the near future. Both card fans and dancers will be served that popular iced punch known as the "Shrine club special" all evening.

ANN MEREDITH'S MIXING BOWL

Using Up Those Whites of Eggs
I have been asked to give ideas for using up egg whites and that is the easiest thing I can do.

First of all, I would make oodles of luscious Angel Food cake...or I would whip the whites very stiff and combine them with fruit cornstarch for a fluffy whip...or I would try the following recipe:

MERINGUE CAKE
12 egg whites
A pinch of salt
1 teaspoon cream of tartar
2 cups powdered sugar
1 cup whipped cream
Strawberry preserves

Put a pinch of salt into the egg whites and beat until half stiff, then add the cream of tartar and beat very stiff.

After reaching this stage begin adding the sugar, shifting in a little and the beating. Continue until all is in then pour the meringue into pans lined with wax paper.

Set the pans in a larger one with water enough to float the pan and slowly bake until puffy and brown on top. The oven should be about 250 F and the baking time 30 minutes.

When baked through test with knife, lift the cakes out of tins by the paper, peel it off and put the cakes together with whipped cream and preserves. Cakes should be cold of course. This recipe is similar to the meringues sold in pastry shops for eighty cents per dozen.

The recipe for Friday will demonstrate another method for using egg whites.

Entertaining Talks Mark Program

Several entertaining talks marked the luncheon program of the Woman's Forum, Smedley chapter, No. 1, when it held its bi-monthly meeting yesterday at the Y. M. C. A.

These talks included "How Turkeys Grow" by Mrs. W. Walton, "The Smuggler's Bride" by Mrs. John Finley, and "Personal contacts With Prominent People" by Mrs. A. F. Granas. Each of the speakers was introduced by Mrs. H. G. Gardner, who acted as toastmistress.

At each place a saying by Abraham Lincoln had been placed and members read these in commemoration of the birthday anniversary of that great man.

Steak Bake Enjoyed By Chemistry Students

Steak baking offered a striking variation to problems of the chemistry laboratory for students of chemistry at the Santa Ana junior college when they made their annual trip to Orange County park Tuesday afternoon.

The Shea Shell Social club, composed of girls of the class sponsored the outing. Leaving the college after classes, the party arrived in time to enjoy outdoor sports before the call of the luscious steaks brought the students together for supper.

Arrangements for the party were made by Miss Grace Haskell, president of the club. Miss Etta Mae Conkle was chaperone.

WANTED!
FIVE HUNDRED MEN AND WOMEN
To work in Edwin Carewe's motion picture version of "Evangeline," at Laguna Beach, California. Costumes and hot lunch furnished.

REMUNERATION—\$5.00 PER DAY

EDWIN CAREWE PRODUCTIONS

DON'T BE SICK!
THE INALIENABLE BIRTHRIGHT OF NATURE IS HEALTH.
That same health comes from within our own body—not from without.

Perhaps you have been ailing for a long time and have tried this and that with little or no results. Stop that uncertainty and find the exact cause of your trouble before you waste more time and money.

Your body at one time functioned normally and if given the chance will do so again. Health is the result of perfect co-ordination between the brain and all the tissue of the entire anatomy. Pressure on nerves is the cause of the weakness that is responsible for most bodily disorders.

Here is your chance to be examined in one of the finest and best equipped Chiropractic offices in the country by doctors who are associated in the largest private practice in the West. Merely present this coupon below at any MARTYN FREE X-RAY CHIRO-PRACTORS within the next seven days and receive this FREE X-RAY EXAMINATION and report on your condition. If we feel your condition is incurable we will tell you so, and remember, THE SERVICE IS POSITIVELY FREE—JUST CLIP THE COUPON.

X-RAY COUPON
This coupon if presented within 7 days from date entitles the bearer to an X-ray photographic examination and a report showing the exact cause of his sickness absolutely free of charge or obligation in any way.

MARTYN CHIROPRACTORS
PALMER GRADUATES R-2-13-29

WOMAN'S PAGE

Clubs Fashions Weddings Household

by Louise Stephenson

The WOMAN'S DAY

by ALLENE SUMNER

"Put on my tomb, 'He has lived and accomplished nothing.'"

This request was found in the will of one Max Litt of Trenton, N. J., who died a few weeks ago. His neighbors and relatives were surprised, as Litt, supposedly at the head of a successful millinery business, gave frequent interviews on how to achieve success, and was considered a prominent business leader of the community.

His wife explained the rather bitter epitaph request as a ranking on the part of the deceased that the business and its plan of management were all hers. She explained that her husband merely signed the checks, "because it looked better."

HER FAILURE

Reading between the lines, one gathers that the real failure was the widow who did not care enough nor was tactful enough to make her husband an integral part of her business; after all, a wife's money launches many a man who is able to save his self-respect despite. Perhaps it depends on the man, too. But it depends more on the attitude of the wife. The very fact that she would "tell on him" after his death proves her fault in this case.

WHY DON'T THEY EAT CAKE?

Lovely Katherine Cornell, the actress, refuses to endorse a cigarette, even though by saying that such a brand enables her to keep her lovely speaking voice she could receive a check for \$11,000. Somehow applauding this sacrifice by a lady who must earn many a good thousand a year seems in the same class as a lady refusing cake who is already well stuffed with chocolate russe. The real test of virtue would be for a dry goods clerk, with honest convictions, refusing a check to endorse a cigarette ad.

A PROTEST!

Now that the fundamentalists are banding themselves together to make the world unsafe for evolutionary teachings, my one and only word on the subject is that, regardless of what one thinks of evolution, no one has any right denying knowledge to anyone else.

Seeking to interpret that knowledge is another thing. No school child has any more right to be barred from knowing that the evolutionary theory exists than prevented knowing various economic and social experiments. The whole trick of education is to turn out people capable of interpreting facts and theories given them.

"COZIER PLACE"

James Lucey, the Northampton shoemaker to whom President Coolidge has declared that he owed much, went visiting at the White House lately. When he returned to his last and was asked about his visit he remarked, among other things, that the White House was beautiful, but not exactly homelike, and he imagined Mrs. Coolidge would be glad to get back to a cozier place.

A rather popular opinion of humbler people is that people called to the higher places must be ill at ease and pining for the simpler joys they once knew. This is a form of self-defense; it helps bolster up a personal sense of having less than some men with the sure-

THE ANYMITE

STORY BY MAI COCHRAN—PICTURES BY KNICK

(READ THE STORY, THEN COLOR THE PICTURE)

The Sea Man seemed to quite enjoy the pushing. He yelled, "Ship a-hoy! Look out for this big basket. Not a thing can make it stop. This bunch is on a trip some place. That's why they started on this race." And then he swung the basket 'round, and spun it like a top.

"Hey, hey!" yelled Clowny. "Stop that quick! I fear that it will make me sick. Oh, my, but I am dizzy. Guess I'll hop out on the ice." The Sea Man laughed. "Ho, ho, har, har. Oh, no," said he: "Stay where you are. I'll stop this whirling stunt, and promise I'll be very nice."

He promptly made his promise less than even if we had more we wouldn't be so happy, anyway.

SHE LIKED IT

As a matter of fact, Mrs. Coolidge has thoroughly enjoyed her life in the big house, say those nearest to her, and will probably regret the days that were in the big house when she is again in "a cozier place," just as she is supposed to mourn for that place while in the spacious house on Pennsylvania avenue.

Six Ways You Gain

—when you ride the Big Red Cars

- 1 Low Cost**
Commutation fares to Los Angeles are only slightly over 1¢ per mile. Recent reductions in all one-way and round trip fares make them the lowest in America. Figure your saving here and on parking fees.
- 2 Added Leisure**
Everytime you ride, you win extra minutes to rest, read or study.
- 3 Less Nerve Strain**
You avoid traffic and parking worries. You arrive rested, ready for the day's activities.
- 4 Pleasure for your family**
When you ride the Red Cars, your family has the use of your automobile all day.
- 5 Safety**
The motorman's whole job—the Pacific Electric's responsibility—is to get you safely to your destination.
- 6 Convenience**
The Big Red Cars travel the direct route, mostly over private rights-of-way. Investigate the convenient schedules. Try the Red Cars the next time you go to Los Angeles.

BRIDGE ERRORS

BY W. W. WENTWORTH

37. TRUMPING TOO SOON

North (Dummy)—
♠ 9 3
♥ Q J
♦ K 5 4 2
♣ 8 6 5 4 3

West—
Leads ♥ K

South (Declarer)—
♠ A K Q 4
♥ None
♦ A 7 6 2
♣ A K Q 9 2

The Bidding: South bids one spade and all pass.

Deciding the Play: West plays King of hearts. Should Declarer take this trick by trumping it?

The Error: Declarer trumps with 4 of spades.

The Correct Method: Declarer cannot afford to be forced. He should permit opponents to make their King of hearts and Ace of hearts, discarding 2 of diamonds and 6 of diamonds. Whatever card is now led is won by Declarer. Three trumps are then drawn by Declarer and the clubs played until opponents are forced to play the last trump. Game is thus assured.

The Principle: Do not play the last trump if opponents hold an established suit but force opponent's high trump with your established suit.

At the Theatres

WEST COAST-WALKER

A strange little story is developed on the screen at the Walker theater, where Gary Cooper and Nancy Carroll are to be seen to lay in "The Shopworn Angel" which opened yesterday at this theater. It is a strange little story because the theme is such a slender one—that of an unsophisticated youth's trusting adoration of a little butterfly chorus girl of Broadway, and her response to his faith and love. Yet its development is intensely interesting, and even dramatic.

Sophisticated, yes. The picture is not for demure little Miss Twelve-Year-Old. Yet the situations are developed so remarkably by Miss Carroll, Cooper and Paul Lukas, that the whole thing is done with expression principally, adding to its interest.

Fanchon and Marco's Unit show number one gives added entertainment with a bill of much variety including even trained dogs—which are much more interesting than they sound.

WEST END

A big double bill was today attracting patrons to the West End theater, where Ted Wells was one feature, with "Grit Wins," and the second was the Metro-Goldwyn-Mayer picture, "Beau Broadway," a Lew Cody-Alleen Pringle comedy drama.

It has been said that when production began on "Beau Broadway," the M.-G.-M. studio looked like a heavyweight training camp, because the director, Mal St. Clair, had let it be known that he needed a real fighter to play a prominent part in the film. Fighters from all over the Southland assembled for try-outs, to such an extent that St. Clair declared he ducked behind the nearest desk every time he had to say "you're not the type!"

The West End theater is introducing a special feature. Friday afternoon when a school matinee will be held, in order to enable young people to see the big feature to be offered there tomorrow and Friday, "Adventure on Land and Sea."

Citicora SOAP

Sample Free, "Citicora," Dept. 2, Walker, San.

YOST BROADWAY

Experience and observation of motion picture exhibitors is that whereas a few years ago the youth of the land were all apparently keen to be automobile racing drivers and flocked to see motion picture "thrillers" of the auto racing game, today they are attracted to the theaters by the graphic airplane pictures which have come to the front. One of the most spectacular and gripping of these yet to be screened is "The Air Legion," FBO presentation of an air mail service romance featuring Ben Lyon, Antonio Moreno and Martha Sleeper, to be shown for the last time at the Yost Broadway theater tonight. It has proven extremely popular throughout the country and the young people seem to predominate in the audiences.

Tonight is also the final opportunity for patrons to see the Broadway Revue featuring the much-talked-of "Melody Mansion."

World-Famous Trainer of "Go-Getters"
Reveals "Nuway to Success"

Dr. Frederick Bailes

Former newsboy who has climbed to international fame answers invitation to Santa Ana. Will give his famous platform-demonstrations on how to make money quickly, and change from failure to success.

Are You in the Work You Are Fitted For?

"Square pegs in round holes" never make money, never advance, never love their job. Dr. Bailes has an almost uncanny ability quickly to size up men and women. He tells them the exact work they can do best. He will give demonstrations of this in Santa Ana. He will quickly tell YOU the work YOU should be doing. Then your work becomes a joy, and you advance quickly.

Shows Charming Personality

Dr. Bailes has a magnetic personality. Press reporters from the large cities say he is a strange combination of manly strength and charm. He shows how to develop a strong personality, and to be brimming over with personal charm, which is more valuable than mere beauty.

Women of Today

Women are striking out for a new independence. They are not required to sit with folded hands waiting for someone else to hand them pocket money. They have ability to earn their own, and to achieve large success through the discovery and use of their own gifts. The ambitious woman is thrilled by the "Nuway to Success."

Does Fear Hold You Back?

Self-confidence is developed, not born in a person. Dr. Bailes shows you how to drive out

That Inferiority Complex

It keeps a salesmen from calling on "tough" prospects. Turn-downs discourage him. He is weak in "closing." It keeps a worker from starting up in their own business. It holds the salaried man or woman in a rut. It keeps people poor. It drives happiness from the home. It makes sensitive people miserable in company. It smother's charm and attractiveness. Do you stand back and let less gifted people make more money, win more friends and carry off the good things of life that should be yours?

Reveals Secret of Self-Confidence

In An Amazing, New Way Dr. Bailes shows by plain, practical demonstrations just what you need to put you on the road to prosperity, freedom and happiness. His platform demonstrations have opened the eyes of thousands. He makes men and women believe in themselves. They feel different right away. They develop bull-dog courage and tenacity. They get what they go after. They change their failure into success.

FIRE CHIEF IN ORANGE PLANS SCHOOL SPEECH

ORANGE, Feb. 12.—A. L. Tomblin, fire chief of this city, will give a talk at the intermediate school next week on fire prevention. Tomblin believes that the present record of 106 days without a fire alarm is due in a large measure to the fact that people of the city are doing their utmost to prevent fires.

Some years ago, Tomblin declares, a great many fires were caused by overheated flat irons, but there have been no fires from this cause for a long period, pointing out that people have been educated to watch their irons.

Tomblin is working on a plan whereby pupils of the grammar schools of the city will be given prizes for advancing the 10 best reasons for fire prevention.

The present record for the city is remarkable, Tomblin says, in view of the fact that more fires usually occur during the winter months than in other months of the year.

ANAHEIM W. R. C. ARRANGES PROGRAM

ANAHEIM, Feb. 12.—The A. B. Paul Women's Relief corps is planning to celebrate the birthdays of Washington, Lincoln and McKinley on February 19. The affair will be held in the I. O. O. F. hall and will be open to the public.

The program will begin at 2 o'clock in the afternoon and will be preceded by a short business session. Mrs. Mollie C. Allen, patriotic instructor of the organization, is in charge of the program.

Program Given At L. B. Session

LAGUNA BEACH, Feb. 12.—Future sessions of the J. W. McKinney camp, W. R. C., will be held the first and third Monday nights at 7:30 o'clock. The organization will continue to use the Royal Neighbors hall.

At the last meeting, Elinor May Spencer was initiated. Matilda Dunlap, patriotic instructor, represented the corps with a picture of Abraham Lincoln. The following program was presented: Reading and song, Marie Thurston; recitation, Stanley Newcomb; solos and reading.

ALWAYS DEAD TIRED?

How sad! Sallow complexion, coated tongue, poor appetite, bad breath, pimply skin and always tired. What's wrong? You are poisoned. The bowels are clogged and liver inactive. Take this famous prescription used constantly in place of calomel by men and women for 20 years—Dr. Edwards' Olive Oil Tablets. They are harmless yet very effective. A compound of vegetable ingredients and olive oil. They act easily upon the bowels, free the system of poison caused by faulty elimination and tone up liver.

Be beautiful. Have rosy cheeks, clear eyes and youthful energy that make a success of life. Take Dr. Edwards' Olive Tablets, nightly. Know them by their olive color. 15c, 50c and 60c.—Adv.

Assault Charge Is Dismissed In Placentia Court

PLACENTIA, Feb. 12.—A decision of "not guilty" was rendered by City Judge Thomas Pickering in the trial of John Nora and Joe Simon, who were charged with assault by Mike George.

Leo Friss, of Anaheim, was attorney for the defendants, and Harold McCabe, of Fullerton, represented the people.

Because of the well known ill feeling between the three men, considerable interest was shown in the matter and a large crowd was present at the trial.

GREATNESS OF LINCOLN TOLD WOMAN'S CLUB

YORBA LINDA, Feb. 12.—"Lincoln's Greatness" was the subject of the address given by Dr. Frank Dowling, of Fullerton, before the Yorba Linda Woman's club Tuesday afternoon.

Lincoln was spoken of as "a typical American to whom was added the quality of genius to show what an American might be."

"His greatness came when he came to look upon slavery not as a political issue, but as a spiritual and moral question," Dr. Dowling said. "From this time on his speeches, his character, and his aspect of life were those of a changed man. Considered by members of his cabinet as being the interior, he is shown as first rising to their level, and then towering far above them."

"Rising from the most humble surroundings, he was not born to greatness, nor was it thrust upon him—rather he achieved it. Not in any sense was he a creature of circumstances or accident. Raised to supreme command at a supreme moment, to him was entrusted the destiny of his country, a man believed by many to truly have been ordained by God."

Preceding the lecture, a short business meeting was held, at which tentative plans were made for the next meeting, February 26, which will be the club's "birthday dinner" and also election of officers.

Mrs. F. V. Scott, treasurer, reported \$50 collected from the packing house dinners and \$23.90 from the recent card party.

The program was in charge of the literary committee, of which Mrs. P. S. Amstutz is chairman, and the members of the committee who acted as hostesses were Mrs. Amstutz, Mrs. Fred Burchitt, Mrs. Frank Day and Mrs. Mattie Black.

Civic Section Is Formed By Group

GARDEN GROVE, Feb. 12.—Members of the Woman's Civic club, meeting in the home of Mrs. C. C. Violet, have formed a civic section, with Mrs. Violet as chairman.

Three committees were appointed as follows: Americanization, Mrs. Helen Woodworth and Miss Tinsley; garden, Mrs. Camille Nichols and Mrs. L. W. Schauer; co-operation, Mrs. George Lynch and Mrs. P. N. Larson.

The section will meet with Mrs. Violet February 27 at 11 o'clock for a pot-luck dinner and discussion of work of the section.

NARCOTIC EVIL DISCUSSED IN W. C. T. U. TALK

ORANGE, Feb. 12.—Pearl Kendall, state chairman of scientific temperance instruction for the W. C. T. U., was the principal speaker at the regular meeting of the local W. C. T. U. in the First Methodist church yesterday afternoon, speaking on "The Narcotic Peril."

The talk was a part of a program planned for Anti-Narcotic week which is being observed by the unions and nations.

Mrs. Hess cautioned her audience to be on guard against the marijuana menace to Southern California. Among other things Mrs. Hess said, "Our aim must be to keep the youth of America free from the narcotic habit by teaching the harmful effect of drugs."

Means of combating the drug and tobacco habits were outlined by the speaker. Mrs. Hess especially stressed the fact that children should be taught never to take anything to eat or drink from persons who were not well known to them or their parents.

Mrs. Estelle Harper, of Garden Grove, county president of the organization, was present and spoke briefly, presenting the state officers' recommendations to the unions of the county.

The county executive meeting was announced for March 1 to 10 inclusive. Mrs. Eva C. Wheeler, state president will be present.

Meetings of the local union were changed from 2:30 o'clock in the afternoon to 2 o'clock in order to give the three L. T. L. groups an opportunity to present their work at 3:30 o'clock.

Westminster Boy Scouts At Party

WESTMINSTER, Feb. 12.—The Boy Scouts of this place were guests at a party Monday evening in the A. B. Crane home, where Mrs. Crane had prepared a surprise for her son, Clifford, who was celebrating his birthday. Stories were told by Mr. Fritz, and games played. Beryl McKenzie won a prize. Refreshments were served.

Those attending the party were Scoutmaster Hollis Pitt, Ben Bassoe, Louis Bassoe, Donald Wardlow, Donald Halladay, Beryl McKenzie, John Day, James Pugh, Grant Peterson, Nelson Morgan, Glenn Curtis, Glenn Lawrence, James Goble, Melvin Crane, Frank Eastwood, Charles Schmidt and the honoree, Clifford Crane.

Serious Fire Averted At San Clemente

SAN CLEMENTE, Feb. 12.—But for engineers working at night on plans for the proposed San Clemente sewer, the Bartlett block, a two-story structure on the state highway and Del Mar, might today be smoking ruins.

Some one visiting Jimmy Bennett's office late yesterday threw a cigaret in his waste paper basket. Bennett left his office and the cigaret started fire to the papers in the basket.

Later, engineers going to work in the evening noticed smoke coming from Bennett's office. They broke into the room and extinguished the flames, which were just getting under way.

INCORPORATION DISCUSSED IN GARDEN GROVE

GARDEN GROVE, Feb. 12.—Incorporation was the principal subject of discussion at the meeting of the chamber of commerce in the American Legion hall Monday night.

J. M. Woodworth favored incorporation, but pointed out the possibility of higher taxes.

J. G. Allen spoke on the need of school improvements. S. C. Oertly talked on school needs. He declared himself in favor of incorporation.

The opinion seemed to be that if the entire sewer district was not taken into the district, it would not be worth while to incorporate.

President E. R. Schneider reported on information gathered at Placentia in regard to incorporation.

D. B. Baldwin, commander of the American Legion also spoke in favor of the project.

The subject of having the taxes lowered on the Y. M. C. A. building and ground was discussed and it was decided to take up the matter with the tax assessor and board of supervisors.

The committee on incorporation is composed of J. M. Woodworth, F. M. Reafsnider, H. A. Lake, C. C. Violet and A. J. Kelley. A further report will be given at the meeting in March.

C. OF C. CAMPAIGNS FOR STREET LIGHTS

SAN CLEMENTE, Feb. 12.—Directors of the chamber of commerce at their regular session started a drive to secure ornamental street lights for the state highway between Marquita street on the north and Algodon street on the south and on Avenida Del Mar from the state highway to the ocean. The committee, composed of Dan Mulherson, president; Oscar Easley, Ed Bartlett and Tom Murphree Jr., was requested to draw up a legal petition to property owners for endorsement after which the petition will be presented to the city council for action.

ATTEND SESSION

PLACENTIA, Feb. 12.—Members of the Legion auxiliary of post No. 277 who attended the meeting of the county council at Orange this noon were Mrs. Clay Minnix, Mrs. Edward Depwey, Mrs. L. T. Gillilan, Mrs. Lucy Anderson, Mrs. Lina Anderson, Mrs. Ellen Reeves, Mrs. Evelyn Hennessey and Miss Anna Johnson.

45 Present At Meeting Of Pastors

PLACENTIA, Feb. 12.—The monthly meeting of the county ministers of Nazarene churches was held in Placentia Tuesday.

The Rev. H. H. Hooker, Los Angeles pastor, spoke in the morning, the subject of his address being "Rest For the People of God."

J. W. Little, of Placentia, district superintendent, spoke at the afternoon session.

Forty-five people were present, the pastors of the various churches being the Rev. W. E. Harding, of Santa Ana; the Rev. L. A. Reed, of Long Beach; Mrs. Cora Isham, Anaheim; the Rev. W. H. Johnson, of Fullerton; the Rev. J. D. Cart, Bellflower; the Rev. C. B. Langdon, Oregon evangelist, who is holding services in Bellflower; the Rev. E. L. Stevens, of Whittier; the Rev. W. B. Corlett, of Brea; H. H. Hooker, Los Angeles; the Rev. W. E. Ellis, of Compton; J. T. Little, Pasadena; the Rev. M. R. Dutton, Placentia.

30 MOTHERS AT GATHERING IN IRVINE SCHOOL

IRVINE, Feb. 12.—The teachers of the Irvine school entertained at tea for the mothers of the pupils recently. There were 30 mothers present.

Pupils of Mrs. Gardner's room gave recitations. They were Maxine Hazen, Winston Pierce, Pauline Swain, Billie Cook, Lucy Ahern, Abraham Guilan, Nadine Stice, Max Moore, Victor DeBrower and Alphonse Salaets. The boys' Glee club sang two numbers, under the direction of Miss Carants, the music teacher.

Mrs. Bardwell's third and fourth grade boys and the fourth grade girls sang. Recitations were given by Elwood Boosey, Jacinto Guilan, Isabelle Ahern and Joy Morgan. A hatchet drill was given by Perry Cooper, Rex Jones, Eugene Schietecatt, Win Boyd and Joe Russell.

A concert poem was given by Barbara Baker, Zulma Copman, Bernice Wiley and Therna Hansen.

Mrs. Parham's pupils gave recitations. They were Betty Boosey and Lorraine Cook. Arthena and Myena Adams played a piano duet. Miss Matheny's first and second grade pupils gave several short plays.

After the program the pupils were excused and a social afternoon was spent by the teachers and mothers. Refreshments of fruit salad, wafers and tea were served by the teachers, assisted by some of the girls of Mrs. Gardner's room.

The mothers who enjoyed the program were Mrs. Clyde Cooper, Mrs. Ralph Stone, Mrs. Henry Boosey, Mrs. Claude Adams, Mrs. Frank Swain, Mrs. Ted Cook, Mrs. W. S. Whitehead, Mrs. Millard Wooley, Mrs. Harry Boyd, Mrs. John Boyd, Mrs. Joe Wheeler, Mrs. Lorton, Mrs. DeBrower, Mrs. Horace Munger, Mrs. Hazen, Mrs. Phil Ahern, Mrs. Mills, Mrs. Magnus Tait, Mrs. Pollard, Mrs. Moore, Mrs. R. Baker, Mrs. Kelly, Mrs. Sawyer, Mrs. Schietecatt.

Broken china, collected over a period of 20 years, forms the material of a wonderful grotto, five feet high, in a cottage garden at Feitham, Middlesex, England.

Nervous diseases are much more prevalent among brain workers than among other sections of the community.

WOMAN AGENT FOR RAILROAD 35 YEARS HERE

ORANGE, Feb. 12.—Thirty-five years ago Mrs. Julia Miller found herself left with four children, twin girls of five, a boy of three and a baby nine months old. She became a station agent and is one of the few in the United States retired on a pension.

The story of Mrs. Miller was revealed when she moved to Orange recently to make her home.

"I knew that I must live and that in some way I must make a living for my children," she said. "I had taught school, but you cannot teach school with a tiny baby to care for. I could sew, but I knew that I could not educate my children with money I earned in that way."

"Thirty-five years ago there were few other things a woman was supposed to do, but friends of mine, connected with the Missouri Pacific railway, suggested that I learn telegraphy and fit myself to become a station agent. I determined that I would grasp this opportunity."

"It took me two years to learn telegraphy in a little station where I was taught all the things that a station agent must learn. At night and in the morning I sewed or worked in a hotel to keep the children in food and clothing. Sometimes, when other work was scarce, I canvassed."

"I was the first woman station agent to have charge of a station on the division where I worked at Kipp, Kans. The company fitted the station up for me for a home and here my children grew up. The click of the telegraph instruments was a familiar thing in their ears and they never stirred in their sleep when the locomotives thundered by."

"I never had to worry about their getting run over, though, for the first thing I taught them was to keep off of the tracks. In those days children minded their parents, now parents mind their children. In all those years my one thought was, my work and my children. I gave them all good educations and they had music lessons. As soon as I could, I began buying property in California, lots in Hollywood and Long Beach, which I still own."

Mrs. Miller is living at 423 East Palmyra street. She was retired from active service last January and has a service pin of which she is very proud. She is now 71 years old. With her closely cut hair and bright brown eyes she looks not more than 65 years of age. In her struggle to earn her own way, a thing most uncommon when she attempted it, she regained her health.

Mrs. Miller held all the offices that go with a position of the sort she filled. In her spare moments she found time to act as correspondent for the Salina Journal, published in a larger town near by.

GARAGE SOLD

BOLSA, Feb. 12.—Steve Eisey, who for a number of years has owned the local garage building, has sold it to Norman Post, local man. As Post is interested in airplanes it is rumored that he will do airplane work here. The residence located next to the garage was not involved in the deal.

Pimples Go—Skin Clears Using Invisible Zemo

In a surprisingly short time, such skin troubles as pimples, itching rash and blemishes vanish—the skin clears—when soothing, cooling Zemo is used. And in 20 years this wonderful antiseptic liquid has seldom failed to relieve the most stubborn cases of Zemo. Have invisible, odorless Zemo always on hand to relieve skin irritations instantly. All drug stores—35c, 60c and \$1.00. Get a bottle today.—Adv.

Club Favors Immigration Restriction

FULLERTON, Feb. 12.—That immigration from Mexico should be restricted was the opinion of members of the Presbyterian Men's club which met Monday evening in the church parlors to discuss immigration problems.

A program of music was enjoyed by the club. Piano solos were presented by Ned Fabs and vocal solos by Miss Alice Clark and Ashley Doss, accompanied on the piano by Mrs. Doss. Refreshments were served by H. W. Zinke and Charles E. MacMaster.

THIEVES VISIT CHURCH AND 2 GRADE SCHOOLS

ANAHEIM, Feb. 12.—Boys are believed responsible for acts of vandalism performed this week, when two schools and St. Boniface Catholic church were entered.

The greatest damage was done to the church. One of the stained glass windows facing on Palm street was broken when the intruders gained entrance to the building. The boxes used to hold funds for charitable purposes were torn from the wall. The funds had been removed from the boxes earlier in the evening.

The front door of the church was badly damaged when it is thought the thieves tried this means of gaining an entrance. Other doors and windows were marred and damaged.

Police believe that the boys responsible for the robberies secured the tools with which they worked at the Fremont school. An attempt was made to break into the safe at this school and papers in the school office were strewn on the floor. A glass door was broken in securing entrance to the Fremont building.

Although the Central school was entered, it is said that nothing was taken.

VACUUM CLEANERS repaired. Fix-It Shop, 105 E. 3rd.—Adv.

DIRECTORS TO BE ELECTED AT ANNUAL SESSION

VILLA PARK, Feb. 12.—Between 250 and 300 citrus fruit growers are expected to attend the meeting of the Villa Park Orchards association in the packing plant tomorrow, when the annual report of the manager of the association, H. D. Nichols, will be presented and directors elected for the coming year.

The past season was the shortest in point of amount of fruit shipped in any year since 1925, according to Nichols, who states that returns of \$672,771.95 will be returned to growers from shipments of 133,074 boxes of fruit.

The Villa Park association has 550 acres, a number of acres having been added during the past year.

Among the speakers at tomorrow's meeting will be H. S. Bailey, head of the by-products plant at Ontario; Paul Bailey, state flood control engineer; J. Tubbs, of the horticultural department of Orange county, and L. D. Palmer, manager of the Orange County Fruit exchange.

No damage was done to the fruit in the Villa Park district during the recent cold weather, Nichols states.

ALLEGED SLAYER IN NOT GUILTY PLEA

FULLERTON, Feb. 12.—Franklin Kenney entered a plea of not guilty to the murder of his wife, Mrs. Irma Kenney, when he was arraigned in justice court in Los Angeles, it was learned today. Date of his trial was set for March 11. Kenney was said to have shot his estranged wife in a quarrel which followed his attempt at a reconciliation, according to Los Angeles police. Mrs. Kenney lived here before she married.

Manufacturers of all kinds of goods from steel gates to jewelry send their representatives to the London museums to study the exhibits and get new ideas.

SCHOOL NEWS

JULIA LATHROP

Large Enrollment

The new semester at Lathrop opened with an unusually large enrollment of new students. Classes are crowded to capacity and it may be necessary to form new ones.

During the last week of January the school was very much taken up with the affairs of the outgoing high nine class. There was a class day assembly under the direction of Miss Lella Thrasher and Miss Blythe, and of promotion exercises at the high school. The program at the high school, which was directed by Miss Cornell and Miss Young, outlined the "Worthy Use of Leisure Time," one of the seven cardinal points of education, in a three-act pantomime.

At the same time the high nine class was bidden farewell, the incoming classes of low sevens were being welcomed to Lathrop by their "big brothers and big sis-

ters." This work was directed by Mrs. Webber. It took the form of a reception to the new students which included several entertainments and talks by student body and club officers on the student body organization. These new students were registered and sent to their class rooms and were informed of the class regulations about passing to and from classes.

On Tuesday, January 29, members of the low nine girls cooking class entertained their mothers and members of faculty with a delightful tea. The girls, who wore white aprons and white head bands with green ribbons, were excellent hostesses. They served their guests with tea, dainty sandwiches and ice box cookies. As each guest went into the room, she was presented with a small corsage of gum drop flowers in various colors. After their tea, the guests were invited to inspect the kitchen and the projects on display. Several students at Lathrop have established records for no ab-

sences. They are Lewis Cattrell, Holmes Chambliss, Billy Estes, Myrie Garner and Roger Zimblemann, all of the high seven class. Miss Lella Thrasher's classes in the low 8 social studies have held an interesting exhibition of projects recently. Those winning prizes were Lily Grisct and Helen Logue.

Reports from the typing department are that several students have won certificates for speed and accuracy in the 15-minute monthly test. Those winning prizes included Gloria Hunt, Sylvia Yelding, Betty Dunton, Merlene Julia, Hollis Bowe, Kamea Okamoto, Mabel Barrios. A low seven boy, Burnell Hendrickson, has distinguished himself by typing at the net rate of 30 words per minute from unfamiliar material. He has had typing for one quarter only.

ROOSEVELT

The fourth grade has been studying about how the water gets from the mountains to the houses in the city. It comes down an aqueduct into a reservoir, then goes through little pipes to the house. But out on the farms where there is a two-story house, they put the water up

high in a tank so it can get some force to go up-stairs to the bathroom.

—Royce Farwell.
Rabbit

One day a boy brought a big rabbit to school. Mrs. Kellogg let us look at it. It was a big white rabbit with brown spots on his back.

—Earl Bueker.

In Miss Lindsay's room we are having goals in geography. The goals are, tropics, oceans, zones, and continents. After that we have definitions. The purpose of the goals is to review us on the subject mentioned.

—James Doyle.

New Cards

Last week Miss Wells started a new kind of report card. These cards are called character traits. The teachers grade us on attention, effort, honesty, courtesy, cheerfulness and punctuality. Last Monday was promotion day. High four passed to low five. Everyone was promoted; no one passed on trial in the high four.

—Joseph Webb.

In Mrs. Kellogg's room we have been studying about the trap-door spider. We have learned where they live and how they make their homes. They eat insects. When they go out of their houses, they close their doors.

—Angelina Guevara.

Boulder Dam

The boys of Miss Lindsay's class are building a dam in the sandtable for Miss Walker. It is supposed to represent the Boulder Dam of the Colorado river. They started it Friday morning. They have finished the dam, and are working on the river.

—Leonice Wildmann.

The new members of the Safety committee are Roger Fuller, Evelyn Coffman, 6A; Horace Birdsall, Gloria Kirchner, 6B, 5B; Bernell Ausmus, Arda Mae Miller, 5A; Virginia King, Johnnie Vieira, 4A, 4B; Dorothy Allan, Billy Green, 3A. Roger Fuller was elected president of the Safety committee, and Horace Birdsall, secretary.

—Harry Birdsall.

MIDWAY CITY

MIDWAY CITY, Feb. 13.—Mr. and Mrs. W. R. Gamboni entertained as dinner guests in their home last week, Mrs. Gamboni's mother, Mrs. Gilbert Spence and brother-in-law and sister, Mr. and Mrs. F. S. Hume, and children who motored here from Hemet.

Mrs. O. B. Byram and Mrs. Alfred Lutkin and baby went last week to Alhambra, where Mrs. Byram spent the day with her daughter, Mrs. Dudley Smith, and Mrs. Lutkin with a cousin.

Mr. and Mrs. Clare King, of Yorba Linda, are commencing extensive improvements on their place at Midway City. A new foundation is being put under the house.

Mr. and Mrs. Gamboni spent Tuesday in Los Angeles, where they were accompanied by Mr. and Mrs. John Swartz, friends from Arizona.

Mr. and Mrs. A. A. Baker, who have spent the past week with their son-in-law and daughter, Mr. and Mrs. Loyal Skinner, left Friday for their ranch at Campo, San Diego county. Mr. Baker drove a new truck, which he purchased while here.

SEWING MACHINES repaired. Fix-It Shop, 105 E. 3rd.—Adv.

No More Gas In Stomach and Bowels

If you wish to be permanently relieved of gas in stomach and bowels, take Baalman's Gas Tablets, which are prepared especially for stomach gas and all the bad effects resulting from gas pressure.

That empty, gnawing feeling at the pit of the stomach will disappear; that anxious, nervous feeling with heart palpitation will vanish, and you will again be able to take a deep breath without discomfort. That drowsy, sleepy feeling after dinner will be replaced by a desire for entertainment. Bloating will cease. Your limbs, arms and fingers will no longer feel cold and go to sleep because Baalman's Gas Tablets prevent gas from interfering with the circulation. Get the genuine, in the yellow package, at any good drug store. Price \$1.

LIFE Insurance Policy For \$5.00

For A Short Time Our Subscribers Can Secure A Low Cost Insurance Policy Issued By

THE POLICY HOLDERS' LIFE INSURANCE ASSOCIATION OF LOS ANGELES

Male or female, ages from 10 to 55, no restrictions as to travel, residence or place of death, without medical examination.

Organized under the laws of the State of California and operated under the supervision of the insurance department of this state.

What Is This Insurance Plan?

The Oldest Form of Insurance Known - Purely Mutual

Is plain old fashioned life insurance, without frills. Leaves out such items as cash values, extended values, and paid-up insurance values, which represent such a large part of the premium of the usual investment form of life insurance, but which add nothing to the value of the policy to the insured at death.

Is sure protection, at cost. You make your savings in any of the various ways offered in this day and age which pay a higher rate of interest return than investment life insurance.

Is Non-Medical, Requiring Only A Statement of First Class Health and Physical Condition

Is incontestable from date of issue except for suicide first year or for fraud. It is free from restrictions as to resident, travel, occupation, place or manner of death.

Members are not liable for any debts of the Association. The only obligation is to pay the dues and mortuary calls. Failure to pay such, lapses the insurance and terminates membership in the Association.

Is offered as additional low cost protection to those already carrying life insurance, and as a much needed form of protection to those who feel themselves unable to carry the higher priced forms of investment life insurance. Is heartily approved by bankers, professional and business men and women.

Can You Afford to Pass Up This Opportunity?

Is your wife and family protected, or will they have to pay in sacrifice for your neglect? This announcement is of great importance to you—if you have a family—wife and little children—a mother grown old, or a father enfeebled by age. It is an unpleasant thought but one that none of us can escape—if you have failed to provide for that great emergency that so often leaves families destitute and forces them immediately out in the world to find some way to meet their bills, before they have fully recovered from their altered condition.

If the unexpected should happen, wouldn't it be a splendid thing to leave them enough to safeguard their independence during that heart-breaking period of readjustment? So that she will not be broken down by the burden of debt that so often follows the blow of death. Why not bridge that gap now, in advance, for her sake?

LA HABRA

LA HABRA, Feb. 13.—Mrs. L. Darling left Monday for her home in San Francisco after a week's visit with her sister, Mrs. Cordelia Montgomery.

Mr. and Mrs. C. A. Numemaker spent Monday in the G. W. Richard home at Bell.

Mr. and Mrs. C. E. Overman have as their guests, Mr. and Mrs. Charles Hill, of Arophoe, Neb. The two men are cousins. Saturday, the Overmans with their guests visited in the Wallace Overman home in Los Angeles and Sunday they were dinner guests of Mrs. Nora Wright in Whittier.

Mr. and Mrs. Chris Schneider spent Sunday with Mr. and Mrs. Thomas Morgan at Huntington Park.

Mr. and Mrs. Paul Pratt have purchased a new home at 915 East Erma street and have taken up their residence there.

Mayor and Mrs. L. E. Proud and children, Mr. and Mrs. Frank Davis and sons and Mrs. Chester Scheupbach, of Whittier, spent Saturday at Los Angeles playground.

Roy and Earl Austin and Mrs. Ida Austin, of Whittier, were dinner guests Sunday in the U. R. Phillips home.

Mrs. William Black was a guest recently in the John French home in Garvanza.

Mr. and Mrs. W. L. Pease are confined to their home with influenza.

Over \$100 was cleared by the Daughters of Benevolence of the Christian church at their annual holiday dinner Friday evening in the Masonic temple.

Mrs. Claud Hining and daughter Emily, of Los Angeles, were dinner guests Sunday of Mrs. Dan Hungerford.

The Sunday evening service at the Methodist church was the climax of a spirited contest among the three sections of the Ladies' Aid society and a reward of \$10 for the section having the highest number of points was presented to section three. The total number of points gained amounted to 10,079 and were gained by increasing the membership, visiting the sick, benevolent work and the reading of books.

The award was made by the pastor the Rev. Mr. Dundas, to Mrs. G. E. Sutton, chairman of section number three.

Mrs. Paul Pratt entertained with an informal waffle supper Friday evening for Mr. and Mrs. N. M. Launer and Mr. and Mrs. Albert Launer, of Fullerton, and Mr. and Mrs. R. W. Vanderhoof. The evening was spent playing bridge.

Mrs. Varley Sutton entertained at her home on Ocean avenue Saturday evening with a Valentine card party. Two tables of five hundred were in play. Prize winners were Mrs. S. B. Romero, high; U. R. Phillips second, and Mrs. Nile Sutton low.

A two-course luncheon was served at the close of the games. Her guests were Mr. and Mrs. Robert Corbin, of Whittier; Mr. and Mrs. S. B. Romero, Mr. and Mrs. Nile Sutton and Mr. and Mrs. U. R. Phillips.

There are about 700,000 men and women who own Bell system telephone securities.

There are more than 68,000,000 miles of telephone wire in the United States.

ANNUAL REPORT IS GIVEN OUT BY L. D. PALMER

(Continued from Page 1)

assessed by the California Fruit Growers exchange for national advertising.

Oranges
"We moved about 125 carloads of navel, grapefruit and miscellaneous varieties and the results from these varieties were very satisfactory. The market throughout the entire navel shipping season was good, the fruit going into consumption readily at prices higher than usual."

"Our Valencia crop was very much short of the previous season. The crop was not large to begin with, and in this district we experienced two of the most damaging winds we have ever had. We believe we are not exaggerating the damage from these winds when we put the loss at 1000 carloads in this district. In addition to the outright loss of that quantity, the winds caused the remaining fruit to be very badly scarred and there was also slight damage from cold weather. As the season progressed, a very general crystallization of the fruit took place which necessitated heavy cullage. All in all we marketed a crop of about the poorest quality Valencia from the standpoint of exterior appearance that we have ever handled."

"This can be better understood, we believe, when we state that our fruit graded a smaller percentage of Sunkist than most any other year, with the exception of years when there was extreme damage from frost. While the fruit was not attractive in appearance, the eating quality for the most part was good. We believe the best evidence of that was the high prices paid for Valencia by the trade and consumers throughout the season. While it is true that the 1928 crop of Valencia handled through the California Fruit Growers exchange was about 5000 cars short of the 1927 crop—and this was correspondingly true of the entire state output—the shortage, however, was not sufficient to entirely account for the high average price per box received for the 1928 crop, as compared with the 1927 crop. Exports to European countries were less than fifty percent of the previous year. We must, therefore, account for the increase in price as being due to the continually growing demand for Valencia oranges throughout the summer months, the most of which are used for juice purposes, and the careful distribution of the crop by the exchange over the shipping period, which made for a strong healthy market practically all of the time. There were times the past season when we could have very easily had an over-supply had we operated as in years gone by, without regard to the quantity that could be moved from week to week with satisfactory results or without

regard to the quantity or quality of fruit in the various districts in California. Another thing in our favor was the fact that the crop was of very desirable size which allowed us to move it with a minimum of cullage of either off-large or off-small sizes and put us in the position of being able to fill special orders for most any sizes desired by the trade.

Lemons

"While the California lemon crop was lighter than in 1927, our own shipments were somewhat heavier, due to the fact that marketing conditions were very much better and we were able to ship larger percentage of our crop than in the previous year. As a matter of fact, the season as a whole was a very good one and the average price considerably higher with very much less shrinkage from both decay and the necessity of having to discard any considerable quantity at this end of the line."

"While there was some hot weather during the summer, it could not be considered as extreme, but importation of foreign lemons after July 1 was very light, due to the short crop in Sicily and extreme weather in Europe, which gave California an opportunity to supply all of the demand in this country."

"Our sizes in this district, as for the past several years, were very small, over 60 per cent of our shipments being 360s and smaller. Inasmuch as the territory where these sizes can be handled to advantage is comparatively small, we could not expect returns comparable to districts that grow larger lemons. We believe weather conditions in this district, particularly the winds, have a lot to do with the inability of our growers to size their lemons. There may be other causes. At any rate, it behooves all lemon growers to use every method within their knowledge to grow larger lemons."

TALBERT

TALBERT, Feb. 13.—A number of Boy Scouts of the local troop, No. 9, are to attend the court of honor at Huntington Beach Friday. Two new members have been accepted into the troop.

Mr. and Mrs. John Sowers motored to Lawrence this week to see after property they have in the new oil district.

The regular monthly Parent-Teacher association meeting will be held Thursday afternoon by the Fountain Valley association. The meeting will be held in the school. John Pope was re-elected as director of the Talbert Drainage district at the ditch election held at Talbert. Twenty-six votes were cast. Mrs. A. F. Swift, Mrs. Sadie Ellis and Mrs. Eva Gunn were on the election board.

Mrs. Mary V. Bushard and Joseph Kagerer, of Los Angeles, motored here Wednesday and were accompanied to Santa Ana by Mrs. George Bushard and Miss Rose Bushard.

Mr. and Mrs. William Brady, of Hollywood, were recent guests in the home of their brother-in-law and sister, Mr. and Mrs. S. E. Talbert.

COLD WEATHER TAKES TOLL OF 10,000 LIVES

(Continued from Page 1)

Paris—Authorities roughly estimate 400 to 500 deaths from influenza and similar diseases in Paris this winter and probably 2000 in the provinces.

Madrid—Cold weather, shipwrecks and influenza have taken probably more than 1500 lives in Spain, including 12 due to the cold, of which four were children and two women. Drownings and shipwrecks took a toll of 42.

Berlin—Influenza took a toll of 1400 in big German cities in January, according to official estimates. Shipwrecks killed 120—five times the normal fatality rate on the sea for Germany. The cold wave in Germany brought unprecedented death, including three children; 12 were killed by breaking gas mains and similar accidents due to the cold. The majority of recent railroad accidents also were attributed to the cold.

Prague—The influenza epidemic and pneumonia increased the death rate in cities for January and February 50 per cent. Rural sections were not so badly affected. On railroads, 25 per cent of the employees had frozen faces or limbs and curtailment to railroads resulted in a coal shortage that brought severe trouble to industries and homes.

Rome—Deaths attributed to cold here were 20 during a winter that was exceptionally severe throughout Italy. Official influenza statistics were unavailable but it was estimated that the disease had increased the average winter death rate four percent or less during the month. Twenty shipwrecks caused 50 deaths.

Amsterdam—Approximately 120 died in shipwrecks along the Dutch coast and in inland rivers and canals. Influenza brought 70 deaths and cold, 12.

Vienna—Unofficial estimates placed influenza deaths at 150. Cold and severe weather in Austria during the past six weeks killed 200, including 19 in children's hospital near Baden. In the provinces, seven were reported frozen to death during the past fortnight. Gas pipes which froze and burst suffocated five.

Budapest—An average of five influenza deaths a day was estimated in the city, but Hungary generally was little affected, the majority of cases being light. Several were frozen to death in the provinces, however, and Rumania reported 16 frozen to death at Buzau recently; 14 in Bessarabia; 10 in Campina, and three in Bukovina.

Mr. and Mrs. William Brady, of Hollywood, were recent guests in the home of their brother-in-law and sister, Mr. and Mrs. S. E. Talbert.

Mr. and Mrs. John Sowers motored to Lawrence this week to see after property they have in the new oil district.

SANTA ANA GARDENS

SANTA ANA GARDENS, Feb. 13.—Mr. and Mrs. J. Gastil and sons, of Los Angeles, were Sunday callers in the J. Vanderwolf home.

Mr. and Mrs. J. Davis and daughter, Helen of Chula Vista, spent two days in the home of their brother-in-law and sister, Mr. and Mrs. C. Anderson.

Miss Anna Scheffer, of Tustin, spent Sunday in the home of relatives here.

Mr. and Mrs. C. Anderson and family spent Sunday afternoon in Newport Beach.

Mrs. W. Marshall, who has been ill in her home, is reported on the road to recovery.

Mr. and Mrs. H. Long and daughter, Elsie, of Long Beach, were Sunday visitors in the home of Mr. and Mrs. H. Pague.

Miss Elsie Pague attended a Valentine party given by friends in Santa Ana one night recently.

Mr. and Mrs. S. Blossman and daughter, Elizabeth, of Lomita, were Sunday visitors in the home of relatives here.

Mr. and Mrs. H. Walker and children spent Thursday in Baldwin Park in the home of Mrs. H. Day.

Mrs. Forrest Benson and children and Mrs. Ed Bassett were called here from their home in Loveland, Colo., by the illness of their mother and sister, Mrs. W. Marshall.

Mr. and Mrs. R. Thompson and daughter, of Huntington Beach, spent Friday in the C. H. Hughes home.

J. Chadwick is confined to his home by illness.

Mr. and Mrs. D. Murphy, of La Habra, spent Sunday in the home of the J. Chadwicks.

Mr. and Mrs. H. Walker and children spent Friday with Mr. and Mrs. Strewnberg, recent arrivals from Minnesota.

Mr. and Mrs. E. Gris and family, Mr. and Mrs. W. H. Townsend and Mr. and Mrs. N. C. Townsend spent Sunday in the home of relatives in Long Beach.

Mr. and Mrs. A. B. Culver and family spent Sunday in Alhambra with relatives.

Mrs. A. Anderson spent Monday afternoon with friends in Santa Ana.

OLINDA

OLINDA, Feb. 13.—Mr. and Mrs. Mark Johnson and children, Don and Nina, of Ventura, spent Sunday in Olinda with Mrs. Johnson's parents, Mr. and Mrs. Bert Ryan of the C. C. M. O. lease.

Mr. and Mrs. S. Brady had as guests, Sunday, their son-in-law and daughter, Mr. and Mrs. Eldon DeLong and son, Eldon, of Long Beach.

Clyde Fairbairn, of Olive, was a guest of his sister, Mrs. J. L. Hunter, of the C. C. M. O. lease, Friday night.

Mr. and Mrs. H. L. Schryver had as dinner guests Sunday, Mrs. J. J. Andrews and children, Lee, Shirley and Buddy, of Pico, and Mr. and Mrs. Bill Schryver and son, Ronald, of the West Coast lease. The dinner was in honor of the host's birthday.

Mr. and Mrs. Jesse Blackburn and son, Jean, of Gardena, spent Friday at the home of Mr. and Mrs. Frank Greninger, of Olinda.

Bill Cullen of the C. C. M. O. lease is attending college in Los Angeles now. For the past few months Bill Cullen has been attending the Fullerton Junior college.

Mr. and Mrs. B. F. Roberts entertained Mr. and Mrs. Carl Roberts, Mrs. Hazel Gregory and Roy Warner, of Los Angeles, Sunday.

Miss Elsie Junker, of Anaheim, spent Sunday in Olinda visiting her school-day friends.

Dr. and Mrs. H. R. Arends, of Brea, were guests of Mr. and Mrs. Bill Schryver of the West Coast lease, Sunday.

Mr. and Mrs. Morford and daughter, Evelyn, of the West Coast lease had as guests Sunday, Mrs. Waterman and son, Burt, of Brea. Mr. and Mrs. Stone and children, of Tustin, spent Sunday in Olinda, at the Bert Welch home.

Mr. and Mrs. John Marcott of Long Beach were guests at the Greninger home in Olinda, Sunday.

THE MIXING BOWL
(Continued from Page 14)
failed to include such a pickle as the Pepper Hash there is no reason why you cannot make it now—not the recipe as given but a small part. It is delicious with meats, and drained and mixed with plain potato salad it is sumptuous!

To prepare, cut the vegetables in small pieces, discarding the seeds in the peppers, and chop quite fine. Season with salt, as much as your taste indicates, and hang in a cheese cloth bag to drain overnight.

The following morning boil the sugar, vinegar and celery seed for ten minutes and pour over the hash. That's all there is to it; try one-third of the recipe and see how long it lasts.

The vegetables are of small value calorically speaking. It is the sugar which makes it worth computing and even then you get two heaping tablespoonsful of the Pepper Hash for 100 calories. Of course the vitamins and mineral elements make up for other things.

DEVILED CRAB for tomorrow's luncheon or perhaps you will want to serve it for Sunday night supper.

ANN MEREDITH.

centered table for the hosts, Mr. and Mrs. Vernon, Mr. and Mrs. Miller, and Mr. and Mrs. A. B. Sholly of El Modena.

\$12.85 GIVEN REAL CAMP REAL DRIVE

Cash returns to the Orange County Children's Health camp in San Jacinto canyon, through the sale of Christmas seals and by donations from Dec. 1, 1928, and Feb. 1, 1929, totaled \$12,852. It was revealed here today by presentation of a recapitulation of the receipts from these two sources.

The statement issued by officers of the camp also disclosed that every community in Orange county fell down in meeting quotas assigned in the Christmas sales campaign. The total quota for the county was \$20,000 and the cash returns were \$9108 short. In the Santa Ana district, stamps were sold to the amount of \$4180.01. The quota was \$12,000.

Other figures in the report shows reported sales as follows, the first figures representing the quota and the second the cash returns:

Anahelm, \$5000, \$1409.87; Brea, \$1000, \$218.65; Buena Park, \$1000, \$174.60; Costa Mesa, \$1000, \$191.73; Fullerton, \$5000, \$1209.53; Garden Grove, \$1500, \$311.06; Huntington Beach, \$3000, \$577.72; Laguna, \$1000, \$229.99; La Habra, \$1000, \$261.69; Los Alamitos, \$500, \$34.75; Newport Beach, \$1500, \$359.77; Orange, \$4000, \$1163.93; Placentia, \$1000, \$243.88; Capistrano, \$500, \$164.50; Seal Beach, \$500, \$106.75; Tustin, \$1000, \$280.14; Westminster, \$500, \$40.10; Yorba Linda, \$500, \$119.25.

Letters containing seals were mailed to the number of \$35,192 and response was made by 28,756 recipients.

Other contributions by districts were as follows:

Anahelm, \$120; Brea, \$271.98; Buena Park, \$5; Fullerton, \$152.60; La Habra, \$194.75; Newport Beach, \$25; Orange, \$400; Santa Ana, \$196.50; Tustin, \$100; miscellaneous, \$33.

L. A. STOCKS

LOS ANGELES, Calif., Feb. 13.—(UP)—Oil stocks steady on the exchange and curb today, with three Union issues establishing new lows for the year in the first hour of trade. Other classes, although comparatively inactive and fluctuating slightly, maintained a more even trend.

Union Associates opened at 4 1/4 and dropped to a new low of 4 1/4 when 1400 shares were unloaded. Union Associate rights sold off to \$1.21 after an open at \$1.74, a new low, but regained to \$1.15 with a 20,000 turnover.

Occidental Petroleum opened at \$2.25 and fell to \$2.00 when 1000 shares were sold off. Rio Grande New opened up 1/4 at 3 3/4, dropped to 3 1/4 after sale of 5000 and then regained to 3 1/2, sold off 1/4 but later regained to the opening price under pressure of heavy buying. Trans-America sold 500 for a total loss of 1/4 point from Friday's close at 13 1/4.

Endicott Petroleum proved the only active industrial, opening up 1/4 at 40, reaching 41 1/4 with sale of 400 shares and then dropping to a steady 41.

NEW YORK STOCKS
NEW YORK, Feb. 13.—(UP)—Recent heavy selling in the stock market appeared to have greatly improved technical conditions and stocks pushed ahead vigorously in many sections of the list and the impact of successive reductions in the call money rate to 7 per cent and then to 6 per cent from a renewal rate of 7 per cent.

Action of the local federal reserve bank directors at their special meeting Monday night in maintaining the institution's rediscount rate at five per cent and failure to issue a statement on the credit situation, were also reassuring factors.

As a result, a huge accumulation of orders for the opening and continued to pour in during the remainder of the session. The market shortly after the opening but this was soon absorbed and the market continued to move on high ground on the current recovery. Issues which have been the most active in the market displayed an extremely confident tone.

Coppers again expectations of the establishment of a 20 cent price on the metal in the near future. Both lower and higher grades of steel at record levels, while General Can

Box 1012, W. Myrtle, evenings.

USED and silver guitars. Russell

Thompson Studio, 714 W. 2nd St.

\$10 FREE—Large Piano house makes

wonderful offer. Just send in

name of friend or neighbor who

will buy piano and get \$10 free

immediately when we sell. P. Box

111, Register.

PIANO BARGAIN—Beautiful mah-

ogany. Will sell for \$98. Can ar-

range terms. Ph. after 8 p. m., ask

for Mr. Rasmussen, 2154.

40 Nursery Stock, Plants

LARGE LOT on North Main, south

of 17th, for lease to nurseryman.

Inquire 516 E. Third St. Sycamore.

KLONDIKE STRAWBERRY plants

\$1.00 per 100. Phone 2497-W.

Gladioli Bulbs

Dosen, hundreds of thousands lots.

Call after 8 p. m. 504 Cypress St.

1212 Maple, 8 bks. E. of Main.

Fruit Trees

We are ready to supply you with

varieties of fruit trees, berry

vines, rose bushes, shrubs, avo-

cados, walnuts, persimmons and

citrus trees. Eucalyptus and Cy-

press. Come and see our stock.

Ketcher's Nursery, 1101 E. 4th

Phone 3091-W.

VALERIAN orange trees, guaranteed

stock, 7 mos. old buds. Ready for

planting. \$1.35 each now. F. E.

Boheim, El Toro.

CITRUS TREES—Plenty of trees for

now and future orders. Call O-

nion. See G. C. Flower Shop.

EVENING SALUTATION
Ah! that beauty, varying in the light
Of living Nature, cannot be portrayed
By words, nor by the pencil's silent skill,
But is the property of him alone
Who hath beheld it, noted it with care,
And in his heart recorded it with faith.
—Wordsworth.

CONDITIONS ARE CHANGED

The news dispatches carried a description today of the manner in which a dry squad of the police force searched for hours to find a liquor "plant" in a house, knowing it was there. Finally, the description goes:

"Climbing across the roof, Investigator Ned Keeler came across a vent. Lowering himself with a rope ladder, he found that he was in a sound-proof, cement-walled vault.
"Several cables and a huge lock marked a massive door on one side. After much tugging and pulling, the door was opened, and it was discovered that the entrance was through the basement.

"Continuing the search, Keeler, with Officers T. F. Tolbert, Joe Rico and T. McNary, found a garden hose reel on the wall of the garage that acted as a key to the door. By turning the reel underground cables were pulled, opening the vault door."

In spite of such facts as this, there are those who declare that liquor conditions are worse today than in days of the open saloon when instead of having to search for it, it searched for you.

Remsen Crawford, an able newspaper correspondent, writing in the Saturday Evening Post of February 2, on "Some Facts About Dry Enforcement" emphasizes this point repeatedly. In part, he says:

"If you ask a member of the Coast Guard he will say: 'Put more picket boats on the Lakes.' If you ask one of the numerous prosecuting attorneys, state or federal, he will say: 'Give us more jail sentences instead of fines for the offenders we convict.' If you ask a customs agent he will say: 'Our duties have been doubled; now double our men.' If you ask the border patrol, Uncle Sam's baby in the armed forces, they will say: 'Jump us from 800 to 3000 men and give us faster cars along the boundaries.' If you ask the Department of Justice the answer will be: 'Just a few more rulings from the Supreme Court like the ones lately handed down and bootleggers will go out of business, or be put out.' If you ask Dr. J. M. Doran himself, commissioner of the prohibition bureau, he will say: 'Give us an awakening public conscience, plus concurrent power of state and Federal forces, and there will be no more howling about non-enforcement.' And if you ask a good many Senators and Representatives in Congress and a great many ordinary citizens who have given the matter more than ordinary and casual consideration, this is the answer you will get:

"Take prohibition enforcement out of the Treasury Department, where it has never belonged, and place it in the Department of Justice, where it does belong."
"There is much in the official records to establish the correctness of each and every one of these answers. They are not divergent. The best thing about them is the note of optimism they bring from every branch of the Government that has anything to do with the enforcement of the Eighteenth Amendment. 'It can be done!'

"An attorney for the Government dug up an ancient law providing for the seizure of any ship twelve miles from shore if caught in the act of unloading contraband or smuggled goods. Treaties with various European countries were also obtained authorizing the seizure of rum ships within one hour's sailing time from shore. That gave the admiral a basis for his new strategy. Then, all of a sudden one Sunday afternoon there began gathering in New York harbor a veritable armada of Coast Guard cutters, destroyers, patrol boats and picket boats. Cutters were assembled from as far south as Mobile and as far north as Portland, Maine. The next morning they moved out of New York Bay and deployed in such a way as to flank each and every rum ship anchored in what had been called Rum Row. The plan was to detail two Coast Guard boats to each of the rum ships and to keep the latter under close watch night and day. If they attempted to unload liquor or otherwise 'come in contact with shore,' the Coast Guard officers had orders to seize them. That was the death knell of Rum Row. True, some few of the ships continued for a while to dodge the vigilant Coast Guard patrol, but after remaining weeks and months, and facing starvation, they gave up further efforts to cash in their treasure."

"But the Coast Guard has already achieved nine-tenths of what it started out to accomplish, and the officers and men say that if the country wants that remaining tenth wiped off the slate and if Congress will give them the additional resources required, it will be done."

Our ancestors had their hardships, but they never had to listen to songs on the radio ending up with "that wonderful soap of mine."

THE "SUPERIORITY COMPLEX"

Dr. Alfred Adler, discoverer of the "inferiority complex," who is at present in Los Angeles, says that the "superiority complex" is a manifestation of the "inferiority complex."

This explains why it is we argue from time to time whether certain actions of individuals are the expressions of an "inferiority complex" or a "superiority complex." Without these specific observations one would be prone to think that there could be no confusion in the expressions of two such opposite reactions of an individual to things and people about him. But, to put it simply, the boastful, arrogant individual strutting about, trying to exert his will and acclaiming himself and trying to impress the world with his worth is really an individual who is the victim of an "inferiority complex" who is putting up as good a bluff as he can. In most cases he doesn't realize himself that he is really, in his own way, doing just like the small boy who whistles to keep his courage up when his fear might get the better of him.

This revelation of Dr. Adler's makes it somewhat easier to tolerate the arrogant boaster, the one who is constantly pushing himself and shoving aside people of more ability and also more humility and modesty and appreciation of the worth of his fellows.

A woman owner of night clubs in London was sentenced to thirteen months on charges of bribing a police sergeant. The fact that she was a relative—in fact a mother-in-law—of two peers failed to save her.

THE ENGAGEMENT IS ANNOUNCED

The public has been impatient over the delay in the announcement of Colonel Lindbergh's engagement to Ambassador Morrow's daughter, Miss Anne Spencer Morrow. It has long been anticipated because the public is avid to sense the signs of courtship.

One wonders how Colonel Lindbergh's marriage will affect his flying, if at all. Maybe in future he will not fly so much alone. It may be, however, that his wife, like Commander Byrd's wife, will wait at home for news of him. And, however courageous such waiting women appear, their hearts are troubled and they worry—it must be so if they love and cannot be at the side of the beloved, sharing what hazards there are with him. Those girls who, answering a questionnaire stated that they would not care to marry Lindbergh because he would be away so much and cause them so much worry, have a more proper understanding of this match than the thousands of others who have dreamed dreams of themselves and Colonel Lindbergh as the little shop girls of England dream of the Prince of Wales.

There never has been a young couple who have started married life with more extensive well-wishers than will Colonel Lindbergh and Miss Anne Morrow. Colonel Lindbergh is the first young man of our land. Miss Morrow has distinguished herself in college; she is the daughter of probably America's favorite ambassador. We all nod approval of the match.

Two dry agents in Chicago testified they drank 53 highballs while collecting evidence against a night club. That suggests one good way of making the country really dry.

COMING CHURCH CENTENARY

On March 2nd there is to be a celebration of the centenary of the birth of Carl Schurz, both in this country and in Germany. Schurz was one of that large group of German immigrants who came to our country after the failure of the Revolution of 1848 and who have made such a large contribution to our American life. Men like Schurz, General Franz Siegel, and many others who might be named, brought with them the finest traditions of their country—the love of liberty, the sense of public obligation, and the love of culture.

Wherever these immigrants went they left their impress upon society. The descendants of these men are some of the finest citizens we have.

Schurz himself rose high in the councils of the nation. He represented Missouri in the United States Senate and was Secretary of the Interior in the cabinet of President Hayes. His writings were all intended to lift the public life of the nation into a higher realm. He was one of the pioneers in the Civil Service Reform movement. When he died in 1906 some of the leading public men of the country spoke at the great memorial meeting recounting his services to his adopted country.

Had Schurz lived during the years of the World War, no doubt his heart would have been broken, not because he would have had any sympathy with the military crowd which, in the earlier years, had exiled him from his native land, but because those of German blood were so needlessly hurt by the hysteria of those war years. We are glad that the centenary has come at a time when this hysteria has passed.

At the coming celebration we shall better be able to appreciate the contribution made to our country by this noble band of exiles, of whom Schurz was one of the most conspicuous.

We're Not the Only One

Every young American grows up through childhood firm in the belief that in no other country on earth are living conditions half as favorable as they are in the United States. Most of us, no doubt, reached manhood pretty well convinced that our civilization is the best there is.

Maybe it is. Still, it doesn't do any harm to admit that there are other countries that have made a good bit of progress, too. Indeed, if we could learn that there are places that have gone even farther than we have it might jar a little of the complacency out of us.

A report from the U. S. Department of Commerce is at hand, with a long article describing conditions in a certain European country. Listen to the description, and see if our proud boast of superiority doesn't fall a trifle flat.

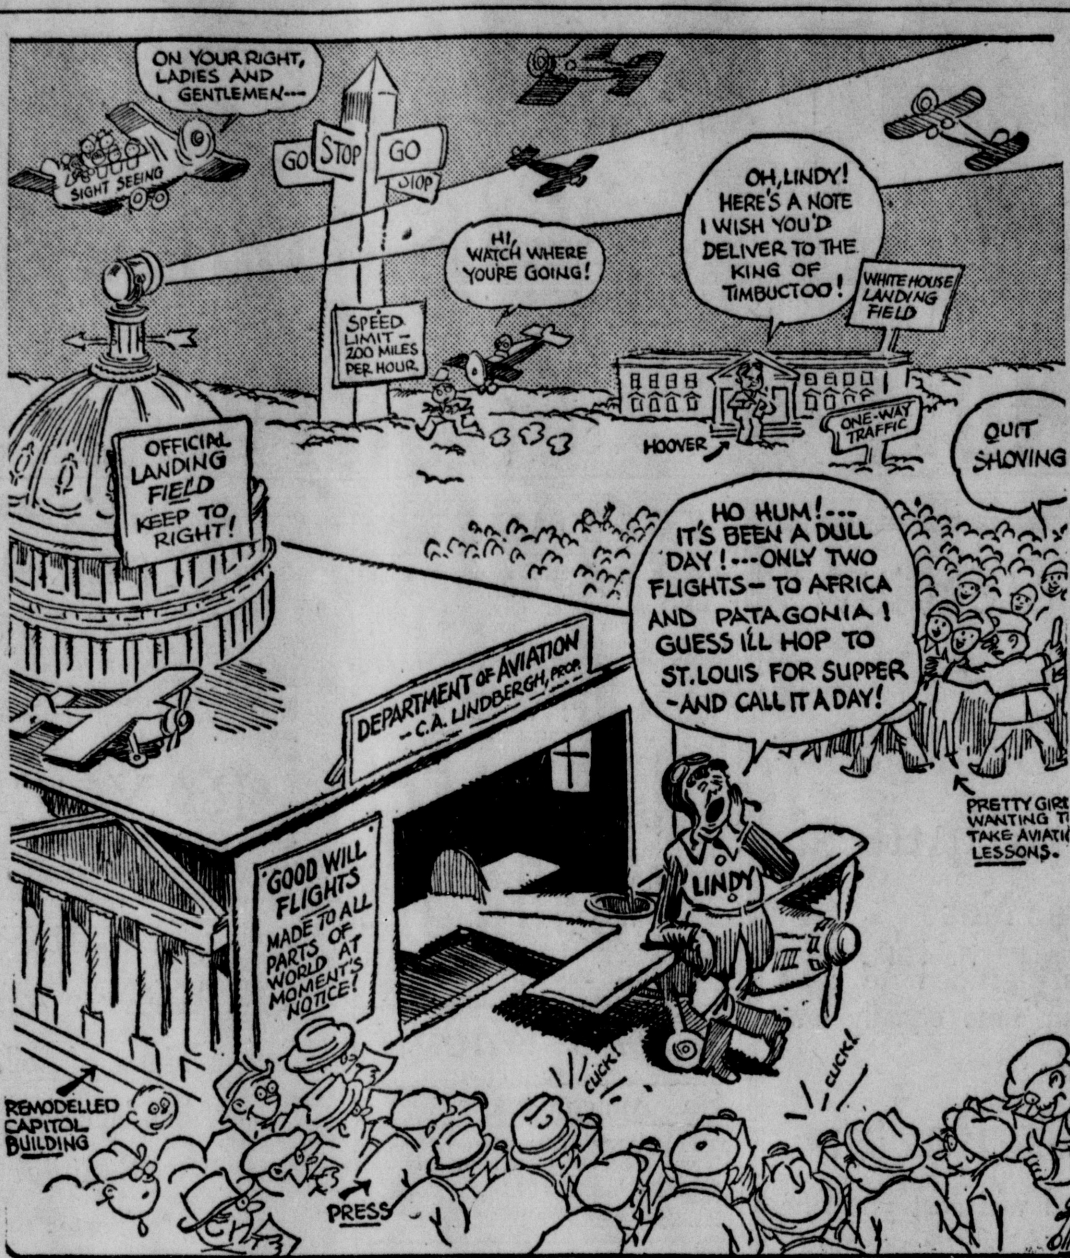

In this European country, the report begins, progress and initiative are so established that the country—with a population of less than 3,000,000—has the world's fourth largest merchant shipping fleet, has developed its waterpower resources so skillfully that its people use five times as much electricity as any other people in Europe, and has connected every village and hamlet in the country by telephone and telegraph.

More than 40 per cent of the country's farms use electricity for light or power purposes. Fully 95 per cent of farmers, who number a third of the country's population, own their own farms. Educational standards are extremely high; illiteracy is almost unknown, and in no country on earth are newspapers and magazines so widely read.

Then a final remark: "The country has virtually eradicated poverty. On the other hand, there is no great wealth."

All of that sounds pretty attractive. For all our pride we cannot equal all of those records. What country is it? Norway—a nation we too often dismiss as backward. The Department of Commerce's report would indicate that Norway has one of the most progressive, advanced civilizations in the world.

A Few Possibilities if Lindbergh Is Appointed to Federal Air Post!

More Truth Than Poetry

By James J. Montague

POSSIBLE BUT NOT LIKELY

We soon may repose on the sofa
And pick out the season's best play—
Some rattling good show which is tagged S. R. O.
And has run for a year on Broadway,
Tune in to a radio station,
Throw a light on a square canvas screen
And take sip after sip of our favorite nip.
While we gaze at it, scene after scene,
Some heart moving drama of sorrow and sin
With all of the speeches and music thrown in.

We may soon, when we waken at morning
Get in touch with our office or store,
Or, by radio, range to the roaring exchange
Where the deuce is to pay on the floor.
We can listen to customers' voices,
Get in touch with departmental heads,
Meet them all eye to eye as the day passes by
And never once stir from our beds.
By means of the waves that drift over the air,
We can nicely attend to our every affair.

We may call on our friends in the country,
Hear the swish of the surf on the beach.
Every sight, every sound, all this wide world around
Will be well in the radio's reach.
No need by express train to travel
Or by steamship or motor to roam,
In a decade or two till of life we may view
And never stir forth from our home,
But whether we ever shall do it, I doubt,
For we always shall find some excuse to go out!

IT'S ALL OVER NOW

Somehow we never see any news reports that tell of the
Republicans consolidating their gains in the solid south.

Dr. Frank Crane's Friendly Talk

By Dr. Frank Crane

LINCOLN—THE GREAT UNSPOILED

All sorts of characteristics of Abraham Lincoln have been noted. Lowell called him the real American, and he was. Much has been made of his having been a simple country boy, yet having been able in later years efficiently to discharge the complicated duties that involve upon the President of the United States and the chief ruler of the army and navy.

But one quality of the man has not been sufficiently brought out, and it seems to be an important one.

It is that he remained to his dying day unspoiled. His remarkable success, his rise through the various strata of society, his position at last of being at the head of a great nation, never went to his head.

He seemed to retain permanently the point of view of a Sangamon country farmer.

His judgment of men was shrewd and penetrating. His sense of humor was unquenchable. The clothes of a public official, the long-tailed coat and tall hat of office never seemed to fit him. He always looked as if he would feel more at home in a suit of homespun.

His tastes did not change.
As far as we know he never had what Schiller called the "Grossmensch" (overweening desire to be a great man).

When the little corporal of Corsica became the Emperor Napoleon he could not resist the desire to pose.
A sense of dramatic situations seems to appeal to Mussolini—quite pardonably.

It is not uncommon, especially in this country, for a man to rise from a very humble political leader or a merchant prince. But almost all such men find it difficult not to change their character to accord with their new surroundings. They assume the airs of an autocrat, become pompous or boastful or give themselves over to levity or folly.

The most amazing thing about Lindbergh is not that he flew across the Atlantic, but to one who knows human nature, the fact that amid all the pitiless rain of applause and popularity that beat upon him he did not become spoiled.

He never thought that he was a great statesman or a wonderful writer but he remained a simple airman who knew his business. That same quality was most conspicuous in Lincoln. He never thought that to discharge the duties of his high office it was necessary to use anything but the shrewd common sense of a country lawyer.

He exemplified the fact that the ordinary American can do about anything that he is called upon to do.

Thoughts On Modern Life

By Glenn Frank

MAIN STREET VS. CHAIN STREET

Our lot has been cast in an age of large-scale enterprises. The first phase of this era of large-scale enterprises was marked by the rise of great business and industrial establishments that operated in a single city or local region.

The second phase was marked by extensive mergers and consolidations that made these localized units of business and industry still larger.

The third phase, through which we are just now passing, is marked by a new kind of merger that might better be described as a close federation of business.

These three phases are not clearly separated like squares on a checker board; the processes of all three are still going on and will continue indefinitely; but, broadly speaking, we are now in an era of a new kind of merger that means great business units operating across a continent in a thousand communities at one and the same time.

The best example of this newer sort of merger is the great chain store systems, the shadow of which today falls across the lives and ledgers of the independent retailers, especially the small independent retailers.

We are beginning to feel the first impact of a battle between Main Street and Chain Street. Once before, in this column, I hinted in one brief paragraph at

CHAIN STREET

Main Street's plight and possible plan of campaign in this battle with Chain street. That reference brought a rain of letters from small retailers asking me to speak more definitely to this point. Today I want to state the case clearly, and, perhaps, discuss it in greater detail later.

As I see it, there are two ways in which the independent retailers can face the challenge of the chains.

First, they can swear at the chain systems, fly to the legislature for laws restricting chain store competition, and, behind the sheltering wall of such legislation, evade the challenge to wise and more economical distribution that might lower prices to their customers.

Second, they can smile at the chain systems, accept the chain systems as pace-setters, form their own federations, preserving the essential values of independence, pool their buying power, pool their experience, and co-operatively finance adequate research on their problems, and set out to beat the chain systems at their own game, or at least to run neck-and-neck with them.

It lies with the independent retailers themselves, I think, to say whether the chains shall be perils or pace-maker, a Juggernaut to crush them or a gadfly to awaken them.

OUR CHILDREN

By ANGELO PATRI

VALENTINE

There is not enough love making in the homes today. Love is such a power for happiness and so easily possessed, that it is a real pity not to make use of it often. It is not enough to know that you love people. You have to prove it by a bit of old-style love making. No better time can there be than this St. Valentine's day.

Of course I think the old lacy ones that opened to great depths disclosing crossed hands and united hearts in a veil of beauty were the best ever made. But the new fashioned sort can be made to do.

There must be surprise about the matter. This asking your loved one what he or she would prefer in the form of a valentine is all wrong. The thing must be done stealthily. Not a word, not a sign of your deep intention is to be as much as hinted at. A calm forgetfulness is to cover your eagerness.

The color of the day is pink. If your valentine is to take the form of a bouquet it must be pink. The cakes have delicate coatings of pink icing. The candies no matter what they may be inside the box must be pinkish on the outside. This is a rose-colored world you know in its first bloom of youth. It is pink as pink.

The proper lights are candles, pink candles, pink shades, pink light thrown on the faces and over all the behavior of the party. For of course the children have a party on Valentine's day. The valentines are under the plates.

And there is a surprise in the cake. As many surprises as you can manage go into this day. Grown folks are not to be left out. Nothing pleases grandmother so much as a valentine, especially if it has been selected by the favorite grandchild—all grandchildren are favorites. The little boys are to be helped to prepare and deliver the delicate tokens to their chosen ones. And the little girls are to be aided and abetted in receiving them as well as sending them.

Busy people, and who is not busy, may sigh at the thought of a fuss for the children on this occasion. But after the first plunge all that is forgotten. Once the spirit of the sweetheart's day is released in the household things run along joyously, if a bit jump-

ly due to the secrecy of all coning, and one is no more tired at the end of the day than at the end of any other day. Love rests one like magic and the magic of love ought to be in full working order on Valentine's day.

It is such home days as these that knit the family together in bonds of affection. We need a few, rose-colored days every year. This one was made to order.

SHE: Who's the other?—Tit-Bits.

A PUBLIC SERVANT

OLD LADY (to wife of popular actor): Tell me, dear, what is your husband like in private life?
WIFE: He's never had one.—Tit-Bits.

"Were you personally conducted on your tour?"
"Yes, my wife went along."

In the Long Ago

From the Register, Files
14 Years Ago Today

FEBRUARY 13, 1915

A debate on the advisability of increasing the armament of the United States was held at a meeting of the Brotherhood of the First Congregational church. J. A. Cranston and J. A. Hankey spoke for the affirmative side and C. S. Crookshank and W. W. Simon upheld the negative.

Half an inch of rain fell in Santa Ana in less than 20 minutes, bringing the season's total to 16.44 inches.

Two thousand, one hundred and eighty-eight automobiles were registered in Santa Ana during the month of January, figures disclosed.

Circulation of books at the city library during January totaled 6348.
